Title: National Study of State Adoption and Use of Pandemic-Electronic Benefit Transfer during Covid-19.

Form Number: Not applicable.

OMB Number: Not Yet Assigned.

Expiration Date: Not Yet Assigned.

Type of Request: New collection.

Abstract: The Families First Coronavirus Response Act of 2020 provides the Secretary of Agriculture

authority to approve State agency plans for temporary emergency benefits under the Food and Nutrition Act of 2008. Children who would receive free or reduced-price meals under the Richard B. Russell National School Lunch Act, if not for the school closures, are eligible under this provision.

This collection seeks to gather information on operational issues and challenges encountered by Child Nutrition (CN) and Supplemental Nutrition Assistance Program (SNAP) State agencies while implementing the PEBT program. The study will collect information on State systems, including student information and direct certification systems and the records contained in those systems, school meal application data, information on the efficacy of the PEBT program, costs of operating the program, and organizational and operational challenges. This study will also seek to collect administrative data on per recipient benefits at the school district level.

Affected Public: Respondent groups include: (1) All CN State agencies administering the NSLP and SBP; (2) All SNAP State agencies administering the SNAP program.

Estimated Number of Respondents: The total estimated number of respondents is 150. This includes 75 CN State agency respondents and 75 SNAP State agency respondents. In some States, more than one State agency administers the school meal programs. There are 59 State agencies that administer the school meal programs. The additional respondents included in the estimate account for time spent consulting with staff actively involved in the P-EBT operations.

Estimated Number of Responses per Respondent: The CN and SNAP State agencies will be asked to complete one survey and provide requested administrative data for the period P-EBT was operational. There will be one response per respondent.

Estimated Total Annual Responses: 150 × 1 = 150.

Estimated Time per Response: The response time is estimated to be about 3 hours for each CN and SNAP State agency to complete.

Estimated Total Annual Burden on Respondents: 450 hours. See the table below for estimated total annual burden for each State agency director.

Respondent	Estimated number respondent	Responses annually per respondent	Total annual responses	Estimated avg. number of hours per response	Estimated total hours
Reporting Burden					
Child Nutrition State agencies	75	1	75.00	3	225
SNAP State agencies	75	1	75.00	3	225
