BILLING CODE 4312-52-P

DEPARTMENT OF THE INTERIOR**Bureau of Reclamation**

[RR04651000, 20XR0680A1, RX003150012000000]

Hydroelectric Power Development at Taylor Park Dam, Uncompahgre Project, Colorado

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of intent to accept proposals, select lessee, and contract for hydroelectric power development at Taylor Park Dam.

SUMMARY: Current Federal policy allows non-Federal development of electrical power resource potential on Federal water resource projects. The Bureau of Reclamation (Reclamation) will consider proposals for non-Federal development of hydroelectric power at Taylor Park Dam, a feature of the Uncompahgre Project, located in Colorado. Reclamation is considering such hydroelectric power development under a Lease of Power Privilege (LOPP). No Federal funds will be available for such hydroelectric power development.

DATES: A written proposal and seven copies must be submitted on or before 4:00 p.m. (MDT) January 29, 2021. A proposal will be considered timely only if it is received in the office of the Area Manager on or before 4:00 p.m. on the designated date. Interested entities are cautioned that delayed delivery to this office due to failures or misunderstandings of the entity and/or of mail, overnight, or courier services will not excuse lateness and, accordingly, are advised to provide sufficient time for delivery. Late proposals will not be considered.

ADDRESSES: Send written proposals to Mr. Ed Warner, Area Manager, Western Colorado Area Office, Bureau of Reclamation; 445 West Gunnison

Avenue, Suite 221, Grand Junction, Colorado 81501-5711; telephone 970-248-0600.

FOR FURTHER INFORMATION CONTACT:

Technical data, including past water release patterns, may be obtained by contacting Mr. Ryan Christianson, Water Management Group Chief, Western Colorado Area Office, Bureau of Reclamation, 445 West Gunnison Avenue, Suite 221, Grand Junction, Colorado 81501; telephone 970-248-0652; email rchristianson@usbr.gov. Reclamation will be available to meet with interested entities only upon written request to the Water Management Group Chief at the previously provided address. Reclamation will provide an opportunity for a site visit. In addition, Reclamation reserves the right to schedule a single meeting and/or visit to address the questions of all entities that have submitted questions or requested site visits. Information related to the operation and maintenance (O&M) of Taylor Park Dam may be obtained by contacting Mr. Steve Anderson, Uncompahgre Valley Water Users Association; 601 North Park Avenue, Montrose, Colorado 81401; telephone 970-249-3813; email sanderson@uvwua.com.

SUPPLEMENTARY INFORMATION: The Uncompahgre Project is a Federal Reclamation project. This Notice presents background information, proposal content guidelines, and information concerning selection of a non-Federal entity to develop hydroelectric power at Taylor Park Dam, and power purchasing and/or marketing considerations. Interested parties will not need to file an application with the Federal Energy Regulatory Commission (FERC). To be considered for selection, the applicant's proposed LOPP project must not impair the efficiency of Reclamation project power or water deliveries, impact the structural integrity of the project, jeopardize public safety, or negatively affect any other Reclamation project purposes.

Taylor Park Dam is located near the town of Gunnison in west-central Colorado on the Taylor River in the Colorado River Basin. The Uncompahgre Project (initially authorized as the Gunnison Project) was authorized by the Secretary of the Interior on March 14, 1903, under the Reclamation Project Act of 1902 (32 Stat. 388) and approved by the President on January 5, 1911, pursuant to the act of June 25, 1910 (36 Stat. 835). The construction of Taylor Park Dam was approved by the President on November 6, 1935, pursuant to section 4 of the act
