[Docket Number FRA–2020–0069]

Petition for Waiver of Compliance

Under part 211 of Title 49 Code of Federal Regulations (CFR), this document provides the public notice that on August 19, 2020, OmniTRAX Inc., on behalf of the Illinois Railway, LLC (IR), petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 229, Railroad Locomotive Safety Standards. FRA assigned the petition Docket Number FRA–2020–0069.

Specifically, OmniTRAX seeks relief from 49 CFR 229.23(a), *Periodic inspections*, which requires periodic inspections be made where adequate facilities are available, and at each periodic inspection, a locomotive must be positioned so that a person may safely inspect the entire underneath portion of the locomotive. OmniTRAX contends that although two of IR's three operational sections do not have access to a shop or pit, all tests have been performed within the required time

periods through other means to thoroughly and safely inspect the underneath portion of locomotives.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

- *Hand Delivery:* 1200 New Jersey Ave. SE, Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by October 1, 2020 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.
