

significance of properties nominated before August 22, 2020, for listing or related actions in the National Register of Historic Places.

DATES: Comments should be submitted electronically by September 17, 2020.

ADDRESSES: Comments are encouraged to be submitted electronically to National_Register_Submissions@nps.gov with the subject line "Public Comment on <property or proposed district name, (County) State>." If you have no access to email you may send them via U.S. Postal Service and all other carriers to the National Register of Historic Places, National Park Service, 1849 C Street NW, MS 7228, Washington, DC 20240.

SUPPLEMENTARY INFORMATION: The properties listed in this notice are being considered for listing or related actions in the National Register of Historic Places. Nominations for their consideration were received by the National Park Service before August 22, 2020. Pursuant to Section 60.13 of 36 CFR part 60, comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Nominations submitted by State or Tribal Historic Preservation Officers:

BILLING CODE 4312-52-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1171]

Certain Child Resistant Closures With Slider Devices Having a User Actuated Insertable Torpedo for Selectively Opening the Closures and Slider Devices Therefor Commission Final Determination of Violation of Section 337; Issuance of a General Exclusion Order; Termination of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the Commission has determined to affirm, with modified reasoning, an initial determination ("ID") of the presiding administrative law judge

(“ALJ”) granting summary determination on violation of section 337 by certain defaulting respondents. The Commission has also determined to issue a general exclusion order (“GEO”) barring entry of certain child resistant closures with slider devices having a user actuated insertable torpedo for selectively opening the closures and slider devices therefor that infringe the asserted claims of the three patents at issue in this investigation. This investigation is terminated.

FOR FURTHER INFORMATION CONTACT:

Richard P. Hadorn, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–3179. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal, telephone (202) 205–1810.

SUPPLEMENTARY INFORMATION: On August 21, 2019, the Commission instituted this investigation based on a complaint filed by Reynolds Presto Products Inc. (“Presto”). 84 FR 43616–17 (Aug. 21, 2019). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337) (“section 337”) based on the importation into the United States, the sale for importation, or the sale within the United States after importation of certain child resistant closures with slider devices having a user actuated insertable torpedo for selectively opening the closures and slider devices therefor by reason of infringement of certain claims of U.S. Patent Nos. 9,505,531 (“the ‘531 patent”); 9,554,628; and 10,273,058 (“the ‘058 patent”) (collectively, the “Asserted Patents”). *Id.* at 43616. The complaint further alleges that a domestic industry exists. *Id.* The Commission’s notice of investigation names six respondents: Dalian Takebishi Packing Industry Co., Ltd. of Dalian, China (“Dalian Takebishi”); Dalian Altma Industry Co., Ltd. of Dalian, Liaoning, China (“Dalian Altma”) (collectively, the “Dalian Respondents”); and Japan Takebishi Co., Ltd., of Tokyo, Japan; Takebishi Co., Ltd., of Shiga, Japan; Shanghai Takebishi Packing Material Co., Ltd., of Shanghai, China; and Qingdao

Takebishi Packing Industry Co., Ltd., of Qingdao, China (collectively, the “Unserved Respondents”). *Id.* at 43616–17. It also names the Office of Unfair Import Investigations (“OUII”) as a party. *Id.* at 43617.

On October 7, 2019, the ALJ issued an ID finding the two Dalian Respondents in default. Order No. 7 (Oct. 30, 2019), *unreviewed by Comm’n Notice* (Nov. 26, 2019). On November 19, 2019, the ALJ issued an ID terminating the investigation in part based on Presto’s withdrawal of the complaint as to the Unserved Respondents, which were never served with the complaint. Order No. 10 (Nov. 19, 2019), *unreviewed by Comm’n Notice* (Dec. 18, 2019). That ID also terminated the investigation as to (i) claims 6 and 7 of the ‘531 patent and (ii) claims 6 and 7 of the ‘058 patent. *Id.*

On November 15, 2019, Presto filed a motion for summary determination that the domestic industry requirement was satisfied and that a violation had been established. Presto’s motion requested immediate entry of a limited exclusion order (“LEO”) against the Dalian Respondents, a GEO, and a 100 percent bond. On November 26, 2019, OUII filed a response to the motion supporting the summary determination motion and the requested GEO and 100 percent bond during the period of Presidential review.

On April 21, 2020, the ALJ issued an ID granting summary determination of violation of section 337 by the Dalian Respondents. The ID also contains the ALJ’s recommendation on remedy and bonding, in which the ALJ recommends issuance of a GEO or, in the alternative, a LEO directed to the Dalian Respondents, and that a 100 percent bond be set for importation during the period of Presidential review.

On May 1, 2020, OUII filed a petition seeking review of portions of the ID’s analysis of the economic prong of the domestic industry requirement. No other party petitioned for review of the ID, and no party filed a response to OUII’s petition.

On June 5, 2020, the Commission determined to review the ID in part with respect to the ID’s analysis of the economic prong of the DI requirement. 85 FR 35662, 35663 (June 11, 2020). The Commission’s notice also requested written submissions on remedy, the public interest, and bonding. *Id.* In particular, the notice requested a response to certain questions regarding whether Presto seeks cease and desist orders against the Dalian Respondents. *Id.* On June 11 and 12, 2020, Presto and OUII, respectively, filed written submissions in response to the Commission’s notice. On June 19, 2020,

OUII filed a reply submission. No other submissions were received.

Having examined the record in this investigation, including the ID granting summary determination, and the party’s submissions, the Commission has determined to affirm, with modified reasoning, the ID’s findings with respect to the economic prong of the domestic industry requirement and, thus, the ID’s finding of a violation of section 337. The Commission has also determined that the appropriate remedy in this investigation is a GEO prohibiting the unlicensed entry of certain child resistant closures with slider devices having a user actuated insertable torpedo for selectively opening the closures and slider devices therefor that infringe certain claims of the three patents asserted in the investigation, pursuant to section 337(g)(2) (19 U.S.C. 1337(g)(2)). The Commission has further determined that the bond during the period of Presidential review pursuant to section 337(j) (19 U.S.C. 1337(j)) shall be in the amount of 100 percent of the entered value of the imported articles that are subject to the GEO. The Commission has also determined that the public interest factors enumerated in subsection 337(d)(1) (19 U.S.C. 1337(d)(1)) do not preclude the issuance of the GEO. The Commission’s order was delivered to the President and to the United States Trade Representative on the day of its issuance. This investigation is hereby terminated in its entirety.

The Commission vote for these determinations took place on August 27, 2020.

The authority for the Commission’s determinations is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

While temporary remote operating procedures are in place in response to COVID–19, the Office of the Secretary is not able to serve parties that have not retained counsel or otherwise provided a point of contact for electronic service. Accordingly, pursuant to Commission Rules 201.16(a) and 210.7(a)(1) (19 CFR 201.16(a), 210.7(a)(1)), the Commission orders that the Complainant(s) complete service for any party/parties without a method of electronic service noted on the attached Certificate of Service and shall file proof of service on the Electronic Document Information System (EDIS).

By order of the Commission.

Issued: August 27, 2020.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020-02-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-636 and 731-TA-1469-1470 (Final)]

Wood Mouldings and Millwork Products From Brazil and China; Scheduling of the Final Phase of Countervailing Duty and Antidumping Duty Investigations

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of antidumping and countervailing duty investigation Nos. 701-TA-636 and 731-TA-1469-1470 (Final) pursuant to the Tariff Act of 1930 (“the Act”) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports of wood mouldings and millwork products from Brazil and China, primarily provided for in subheadings 4409.10.40, 4409.10.45, 4409.10.50, 4409.22.40, 4409.22.50, 4409.29.41, and 4409.29.51 of the Harmonized Tariff Schedule of the United States, preliminarily determined by the Department of Commerce (“Commerce”) to be subsidized and sold at less-than-fair-value.

DATES: August 12, 2020.

FOR FURTHER INFORMATION CONTACT:

Keysha Martinez (202-205-2136), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these investigations may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Scope.—For purposes of these investigations, Commerce has defined the subject merchandise as “wood mouldings and millwork products that are made of wood (regardless of wood species), bamboo, laminated veneer lumber (LVL), or of wood and composite materials (where the composite materials make up less than 50 percent of the total merchandise), and which are continuously shaped wood or finger-jointed or edge-glued moulding or millwork blanks (whether or not resawn). The merchandise subject to these investigations can be continuously shaped along any of its edges, ends, or faces.

The percentage of composite materials contained in a wood moulding or millwork product is measured by length, except when the composite material is a coating or cladding. Wood mouldings and millwork products that are coated or clad, even along their entire length, with a composite material, but that are otherwise comprised of wood, LVL, or wood and composite materials (where the non-coating composite materials make up 50 percent or less of the total merchandise) are covered by the scope.

The merchandise subject to these investigations consists of wood, LVL, bamboo, or a combination of wood and composite materials that is continuously shaped throughout its length (with the exception of any endwork/dados), profiled wood having a repetitive design in relief, similar milled wood architectural accessories, such as rosettes and plinth blocks, and fingerjointed or edge-glued moulding or millwork blanks (whether or not resawn). The scope includes continuously shaped wood in the forms of dowels, building components such as interior paneling and jamb parts, and door components such as rails, stiles, interior and exterior door frames or jambs (including split, flat, stop applied, single- or double-rabbeted), frame or jamb kits, and packaged door frame trim or casing sets, whether or not the door components are imported as part of a door kit or set.

The covered products may be solid wood, laminated, finger-jointed, edge-glued, face-glued, or otherwise joined in the production or remanufacturing process and are covered by the scope whether imported raw, coated (e.g., gesso, polymer, or plastic), primed, painted, stained, wrapped (paper or vinyl overlay), any combination of the aforementioned surface coatings, treated, or which incorporate rot-resistant elements (whether wood or composite). The covered products are covered by the scope whether or not any

surface coating(s) or covers obscures the grain, textures, or markings of the wood, whether or not they are ready for use or require final machining (e.g., endwork/dado, hinge/strike machining, weatherstrip or application thereof, mitre) or packaging.

All wood mouldings and millwork products are included within the scope even if they are trimmed; cut-to-size; notched; punched; drilled; or have undergone other forms of minor processing.

Subject merchandise also includes wood mouldings and millwork products that have been further processed in a third country, including but not limited to trimming, cutting, notching, punching, drilling, coating, or any other processing that would not otherwise remove the merchandise from the scope of the investigations if performed in the country of manufacture of the in-scope product.

Excluded from the scope of these investigations are countertop/butcherblocks, exterior fencing, exterior decking and exterior siding products (including solid wood siding, non-wood siding (e.g., composite or cement), and shingles) that are not LVL or finger jointed; finished and unfinished doors; flooring; parts of stair steps (including newel posts, balusters, easing, gooseneck, risers, treads, rail fittings and stair stringers); picture frame components three feet and under in individual lengths; and lumber whether solid, finger-jointed, or edge-glued. To be excluded from the scope, finger-jointed or edge-glued lumber must have a nominal thickness greater than 1.5 inches and a certification stamp from an American Lumber Standard Committee-certified grading bureau. The exclusion for lumber whether solid, finger-jointed, or edge-glued does not apply to screen/“surfaced on 4 sides” (S4S) and/or “surface 1 side, 2 edges” (S1S2E) stock (also called boards) that are finger-jointed, edge-glued mouldings, or millwork blanks (whether or not resawn).

Excluded from the scope of these investigations are all products covered by the scope of the antidumping duty order on *Hardwood Plywood from the People’s Republic of China*. See *Certain Hardwood Plywood Products from the People’s Republic of China: Amended Final Determination of Sales at Less Than Fair Value, and Antidumping Duty Order*, 83 FR 504 (January 4, 2018). Excluded from the scope of these investigations are all products covered by the scope of the antidumping duty order on *Multilayered Wood Flooring from the People’s Republic of China*. See *Multilayered Wood Flooring from*
