Proposed Information Collection Activity; Understanding Children's Transitions From Head Start to Kindergarten (HS2K) (New Collection)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, HHS.

SUMMARY: The Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services (HHS) seeks approval to conduct semi-structured, qualitative interviews with Head Start staff (grantee administrators, managers/coordinators, center directors, teachers, staff), parents, affiliated community providers, and partner Local Education Agency (LEA) staff (administrators, elementary school principals, staff, and kindergarten teachers) at six sites. A comparative case study design will explore varying strategies and approaches to supporting children's transitions from Head Start to kindergarten.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

Qualitative data collection protocols will explore how the supports for and implementation of transition approaches vary amongst Head Start grantees/delegates, Head Start centers, elementary schools, and LEAs within the same communities, including contextual factors that support or hinder meaningful collaboration.
