Our Docket Center staff will continue to provide remote customer service via email, phone, and webform. We encourage the public to obtain docket information via <https://www.regulations.gov/>. II. Judicial Review

Section 307(b)(1) of the CAA indicates which Federal Courts of Appeal have venue for petitions of review of final actions by the EPA. This section provides, in part, that "a petition for review of action of the Administrator in promulgating . . . any standard of performance or requirement under section [111] of [the CAA]," or any other "nationally applicable" final action, "may be filed only in the United States Court of Appeals for the District of Columbia."

The EPA has determined that its actions denying the petitions for reconsideration are nationally applicable for purposes of CAA section 307(b)(1) because these actions directly relate to the Risk Management Program regulations promulgated under CAA

section 112(r), which are nationally applicable requirements. Thus, any petitions for review of the final letters denying the petitions for reconsideration must be filed in the Court of Appeals for the District of Columbia Circuit on or before November 3, 2020.
