SUPPLEMENTARY INFORMATION: In accordance with the Privacy Act of 1974, as amended (5 U.S.C. 552a), the Department of the Treasury (Treasury), Departmental Offices proposes to establish a new Treasury system of records titled, “Department of the Treasury, Departmental Offices .227—Committee on Foreign Investment in the United States (CFIUS) Case Management System.”

As background, in 2018, the Foreign Investment Risk Review Modernization Act of 2018 (FIRRMA), Subtitle A of Title XVII of Public Law 115-232, 132 Stat. 2173, was enacted. FIRRMA amends section 721 of the Defense Production Act of 1950, as amended (Section 721), which delineates the authorities and jurisdiction of

Committee on Foreign Investment in the United States (CFIUS). FIRRMA maintains CFIUS’s jurisdiction over any transaction that could result in foreign control of any U.S. business, and broadens the authorities of the President and CFIUS under Section 721 to review and take action to address any national security concerns arising from certain non-controlling investments and certain real estate transactions involving foreign persons.

Executive Order 13456, 73 FR 4677 (January 23, 2008), directs the Secretary of the Treasury to issue regulations implementing Section 721. On January 17, 2020, Treasury published two rules broadly implementing FIRRMA, and those rules took effect on February 13, 2020. 85 FR 3112 and 85 FR 3158. Subsequent amendments were made to the regulations in 2020. 85 FR 8747 and 85 FR 45311.

Pursuant to Section 721 and its implementing regulations, CFIUS assesses or reviews, and may subsequently investigate (in the case of a review), transactions that could result in foreign control of a U.S. business and certain non-controlling investments and certain real estate transaction involving foreign persons to determine the effects of such transactions on the national security of the United States. As part of CFIUS’s national security processes, Treasury, as chair of CFIUS, disseminates information submitted by parties to the transaction and other available information to certain Executive Branch agencies. Among other things, CFIUS evaluates certain personal identifier information of individuals associated with the foreign person engaged in the transaction and certain parent entities (e.g., for purposes of conducting background checks), which informs CFIUS’s determination of the effects of a transaction on the national security of the United States. At times, this may include personal identifier information of U.S. nationals if a U.S. national is a board member or officer of, has an ownership interest in, or has another relevant role related to, an entity engaged in a transaction before CFIUS or its parent entities. CFIUS may also receive certain personal identifier information of a U.S. national who is involved in a transaction as an individual if, for example, such individual is selling real estate in a transaction filed with CFIUS. In addition, CFIUS may collect personal identifier information for other purposes associated with its national security functions, including, for example, personal identifier information related to a security officer or other person who

may be involved in mitigating a risk posed to national security.

This new system of records supports CFIUS’s collection of transaction information for analysis in the performance of its assessments, reviews and investigations of transactions, and for other purposes associated with its national security functions. The system may include records from other systems of records both within Treasury and in records provided by certain other Executive Branch agencies for the purpose of facilitating CFIUS’s assessment, review and investigation of transactions. In maintaining its records, CFIUS is obligated to comply with its governing statute, and to the extent not inconsistent with that statute, generally applicable laws. Any records from another Treasury system of records or another Executive Branch agency’s system of records for which an exemption is claimed under 5 U.S.C. 552a(j) or (k), which may also be included in this system of records, retains the same exempt status such records have in the system for which such exemption is claimed. Additionally, pursuant to section 721(c) of the Defense Production Act of 1950, as amended, 50 U.S.C. 4565(c), and subject to certain exceptions provided therein, any information or documentary material filed with CFIUS under Section 721 is exempt from disclosure under the Freedom of Information Act, as amended (FOIA), 5 U.S.C. 552, and no such information or documentary material may be made public.

The related information collections have been submitted to the Office of Management and Budget (OMB) under control number 1505-0121.

Additionally, Departmental Offices is issuing a separate Notice of Proposed Rulemaking to exempt this system of records from certain provisions of the Privacy Act.

This established system will be included in Treasury’s inventory of record systems. Below is the description of the Treasury, Departmental Offices .227—CFIUS Case Management System.

Treasury provided a report of this system of records to the Committee on Oversight and Government Reform of the House of Representatives, the Committee on Homeland Security and Governmental Affairs of the U.S. Senate, and the OMB, pursuant to 5 U.S.C. 552a(r) and OMB Circular A-108, “Federal Agency Responsibilities for Review, Reporting, and Publication

under the Privacy Act,” dated December 23, 2016.
