Administration for Children and Families

Proposed Information Collection Activity; Advance Planning Document (APD) Process (OMB #0970–0417)

AGENCY: Office of Child Support Enforcement, Administration for Children and Families, Health and Human Services (HHS).

ACTION: Request for public comment.

SUMMARY: The Administration for Children and Families' (ACF) Office of Child Support Enforcement (OCSE) is requesting an update to the existing data collection for the Advance Planning Document (APD) process (OMB #0970–0417). OCSE proposes revisions to the annual burden estimates to reflect an increase in the number of states seeking approval to implement modernization solutions in efforts to replace antiquated legacy child support enforcement systems and to address an excess demand for emergency funding requests due to the impacts of the COVID–19 pandemic.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing infocollection@acf.hhs.gov. Alternatively, copies can also be obtained by writing to the Administration for Children and Families, Office of Planning, Research, and Evaluation (OPRE), 330 C Street SW, Washington, DC 20201, Attn: ACF Reports Clearance Officer. All requests, emailed or written, should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The APD process, established at 45 CFR part 95, subpart F, is the procedure by which states request and obtain approval for Federal Financial Participation (FFP) in their cost of acquiring Automated Data Processing (ADP) equipment and services.

State child support agencies are required to establish and operate a federally approved statewide ADP and information retrieval system to assist in child support enforcement. States are required to submit an initial APD containing information to assist the Secretary of the U.S. Department of Health and Human Services (HHS) in determining if the state computerized support enforcement project planning and implementation meets federal certification requirements needed for the approval of FFP. States are then

required to submit annual APD updates to HHS to report project status and request ongoing FFP for systems development, enhancements, operations, and maintenance. As-needed APDs are also submitted to acquire FFP when major milestones are missed or significant changes to project schedules occur. Based on an assessment of the information provided in the APD, states that do not meet the federal requirements necessary for approval are required to conduct periodic independent verification and

validation services for high-risk project oversight.

In addition to the APDs providing HHS with the information necessary to determine the allowable level of federal funding for state systems projects, states also submit associated procurement and data security documents, such as requests for proposals (RFPs), contracts, contract amendments, and the biennial security review reports.

Respondents: State child support agencies.

SUPPLEMENTARY INFORMATION: According to Section 2607(b)(1) of the Low Income Home Energy Assistance Act, (42 U.S.C. 8626(b)(1)), if the Secretary of HHS determines as of September 1, of any fiscal year, an amount in excess of 10 percent of the amount awarded to a grantee for that fiscal year (excluding Leveraging and REACH funds) will not be used by the grantee during that fiscal year, then the Secretary must notify the grantee and publish a notice in the **Federal Register** that such funds may be reallotted to LIHEAP grantees during the following fiscal year.
