

this alternative would be of similar size at full build-out, would use the same net pen design, anchoring design, phased development, and operational plans as the San Diego Site Alternative.

Half-Scale Alternative

This action alternative would consider an initial projected production of 2.2 million pounds (1,000 metric tons) and a final production of 5.5 million pounds (2,500 metric tons) from 3 to 6 years after the project is constructed and operated. This production level and project spatial extent would be approximately half that described in the San Diego Site Alternative. The anchoring and mooring system for a single submerged grid would use the same engineering design as the full-scale San Diego Site Alternative. Only 1 pen grid containing 2 rows of 7 pens (14 pens total) would be installed. The half-scale alternative would be analyzed for both the San Diego and Long Beach Alternative sites.

Action Alternatives Summary

Currently, two location alternatives and a half-scale alternative are being considered for detailed analysis in the EIS. The two location alternatives in southern California—San Diego and Long Beach—are considered for the offshore finfish aquaculture site and the landside facilities that would be used to receive, process, and distribute the harvested fish.

Dated: September 2, 2020.

Samuel D. Rauch III,

Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XA445]

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a public meeting of its Scallop Committee via webinar to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this

group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: This meeting will be held on Friday, September 25, 2020 at 8:30 a.m. via webinar.

ADDRESSES: All meeting participants and interested parties can register to join the webinar at <https://attendee.gotowebinar.com/register/3170442187257265423>.

Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

SUPPLEMENTARY INFORMATION:

Agenda

The Scallop Committee will discuss Amendment 21, specifically, review of public comments and select final preferred alternatives. Amendment 21 includes measures related to: (1) Management of the Northern Gulf of Maine (NGOM) Management Area, (2) Limited Access General Category (LAGC) individual fishing quota (IFQ) possession limits, and (3) ability of Limited Access vessels with LAGC IFQ to transfer quota to LAGC IFQ only vessels. The committee will also discuss 2021/22 Specifications: Discuss the timing and outlook for 2020 surveys and 2021/22 specifications process. They also plan to review 2021 Priorities: Discuss and rank potential 2021 scallop work priorities.

Other business may be discussed, as necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: September 3, 2020.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF DEFENSE

Department of the Air Force

Air Force Scientific Advisory Board; Notice of Federal Advisory Committee Meeting

AGENCY: Air Force Scientific Advisory Board, Department of the Air Force, Department of Defense.

ACTION: Notice of federal advisory committee meeting.

SUMMARY: The Department of Defense (DoD) is publishing this notice to announce that the following Federal Advisory Committee meeting of the U.S. Air Force Scientific Advisory Board will take place.

DATES: Open to the public virtually. September 15, 2020 from 3:00 p.m. to 4:10 p.m. EDT.

ADDRESSES: The virtual meeting can be accessed at the following link: <https://us02web.zoom.us/j/85940304005?pwd=SHR2cDg1S1ZQWWtIVjNGKzVUUGdNUT09>. Meeting ID: 859 4030 4005. Passcode: 421833. Find your local number: <https://us02web.zoom.us/j/85940304005>.

FOR FURTHER INFORMATION CONTACT: Lt Col Elizabeth Sorrells, (321) 480-1009 (Voice), elizabeth.d.sorrells.mil@mail.mil (Email). Mailing address is 1500 West Perimeter Road, Ste. #3300, Joint Base Andrews, MD 20762. Website: <https://www.scientificadvisoryboard.af.mil/>. The most up-to-date changes to the meeting agenda can be found on the website.

SUPPLEMENTARY INFORMATION: This meeting is being held under the provisions of the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102-3.140 and 102-3.150. Due to circumstances beyond the control of the Department of Defense and the Designated Federal Officer for the U.S. Air Force Scientific Advisory Board, the U.S. Air Force Scientific Advisory Board was unable to provide public notification required by 41 CFR 102-3.150(a) concerning its September 15, 2020 meeting. Accordingly, the

Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102–3.150(b), waives the 15-calendar day notification requirement.

Purpose of the Meeting: The purpose of this Air Force Scientific Advisory Board meeting is for the Parent Board to receive the outbrief of the FY20 SecAF-directed study on Future Air Force Vanguard Selection and Management Processes (FVS). This meeting will be open to the public but held by virtual means as noted above.

Agenda: [All times are Eastern Daylight Time] 3:00 p.m. to 3:00 p.m.: Welcome Remarks 3:05 p.m.–4:05 p.m.: Future Air Force Vanguard Selection and Management Processes—Outbrief and Deliberation 4:05 p.m.–4:10 p.m.: Vote and Closing Remarks.

Written Statements: Any member of the public wishing to provide input to the United States Air Force Scientific Advisory Board should submit a written statement in accordance with 41 CFR 102–3.140(c) and section 10(a)(3) of the Federal Advisory Committee Act and the procedures described in this paragraph. Written statements can be submitted to the Designated Federal Officer at the address detailed above at any time. Statements being submitted in response to the agenda announced in this notice must be received by the Designated Federal Officer at the address listed below at least five working days prior to the meeting date. The Designated Federal Officer will review all timely submissions with the United States Air Force Scientific Advisory Board Chairperson and ensure they are provided to members of the United States Air Force Scientific Advisory Board before the meeting that is the subject of this notice. Written statements received after this date may not be considered by the Scientific Advisory Board until the next scheduled meeting.

Adriane Paris,

Acting Air Force Federal Register Liaison Officer.

BILLING CODE 5001–10–P

DEPARTMENT OF ENERGY

[OE Docket No. EA–407–A]

Application To Export Electric Energy; Vitol Inc.

AGENCY: Office of Electricity, Department of Energy.

ACTION: Notice of application.

SUMMARY: Vitol Inc. (Applicant or Vitol) has applied for authorization to transmit electric energy from the United States to Mexico pursuant to the Federal Power Act.

DATES: Comments, protests, or motions to intervene must be submitted on or before October 9, 2020.

ADDRESSES: Comments, protests, motions to intervene, or requests for more information should be addressed by electronic mail to Electricity.Exports@hq.doe.gov, or by facsimile to (202) 586–8008.

SUPPLEMENTARY INFORMATION: The Department of Energy (DOE) regulates exports of electricity from the United States to a foreign country, pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b) and 42 U.S.C. 7172(f)). Such exports require authorization under section 202(e) of the Federal Power Act (16 U.S.C. 824a(e)).

On August 25, 2020, Vitol filed an application with DOE (Application or App.) to transmit electric energy from the United States to Mexico for a term of five years. Vitol states that it “is a Delaware corporation with its principal place of business in Houston, Texas” and that it “is a wholly-owned, direct subsidiary of Vitol US Holding Co.” App. at 4. Vitol adds that it “does not own any electric generation or transmission facilities, nor does it hold a franchise or service territory for the transmission, distribution, or sale of electric power.” *Id.* at 6.

Vitol further states that it “has purchased, or will purchase, the power that may be exported to Mexico from wholesale generators, electric utilities, and federal power marketing agencies.” App. at 6. Vitol contends that any power it purchased for export would be “surplus to the needs of the selling entities.” *See id.* at 7. Further, “the proposed exports will not impair or tend to impede the sufficiency of electric power supplies in the United States or the regional coordination of electric utility planning or operations.” *Id.*

Vitol also “agrees to abide by the export limits contained in the relevant [authorizations] of any [approved] transmission facilities,” and states that “[t]he controls that are inherent in any transaction that complies with all [reliability] requirements and the export limits imposed by the Department on the international transmission facilities are sufficient to ensure that exports by Vitol would not impede or tend to impede the coordinated use of

transmission facilities” under the Federal Power Act. App. at 8.

The existing international transmission facilities that would be utilized by the Applicant have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

Procedural Matters: Any person desiring to be heard in this proceeding should file a comment or protest to the Application at the address provided above. Protests should be filed in accordance with Rule 211 of the Federal Energy Regulatory Commission’s (FERC) Rules of Practice and Procedure (18 CFR 385.211). Any person desiring to become a party to this proceeding should file a motion to intervene at the above address in accordance with FERC Rule 214 (18 CFR 385.214).

Comments and other filings concerning Vitol’s application to export electric energy to Mexico should be clearly marked with OE Docket No. EA–407–A. Additional copies are to be provided directly to Robert Viola, 2925 Richmond Avenue, 11th Floor, Houston, TX 77098; rjv@vitol.com; Daniel E. Frank, 700 Sixth St. NW, Suite 700, Washington, DC 20001; danielfrank@eversheds-sutherland.com; Martha M. Hopkins, 700 Sixth St. NW, Suite 700, Washington, DC 20001; martyhopkins@eversheds-sutherland.com.

A final decision will be made on the Application after the environmental impacts have been evaluated pursuant to DOE’s National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after DOE determines that the proposed action will not have an adverse impact on the sufficiency of supply or reliability of the U.S. electric power supply system.

Copies of the Application will be made available, upon request, by accessing the program website at <http://energy.gov/node/11845>, or by emailing Matthew Aronoff at matthew.aronoff@hq.doe.gov.

Signed in Washington, DC, on September 3, 2020.

Christopher Lawrence,

Management and Program Analyst, Transmission Permitting and Technical Assistance, Office of Electricity.
