#### Draft Environmental Assessment and Habitat Conservation Plan for the Endangered American Burying Beetle; City of Oklahoma City's Second Atoka Pipeline Project, in Six Oklahoma Counties

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of availability; request for public comments.

**SUMMARY:** We, the U.S. Fish and Wildlife Service (Service), announce via a **Federal Register** notice the availability of a draft environmental assessment (dEA) under the National Environmental Policy Act, and habitat conservation plan (HCP) for construction of a public water supply pipeline, the Second Atoka Pipeline Project, in six Oklahoma counties. Under the Endangered Species Act, the City of Oklahoma City and the Oklahoma City Water Utilities Trust (applicants) applied for an incidental take permit (ITP) to cover incidental take of the American burying beetle (ABB) from activities associated with construction of the pipeline project. The applicants have proposed an HCP that would be implemented to address project impacts on the ABB. The dEA evaluates the impacts of, and alternatives to, implementation of the proposed HCP. We seek public comment on the dEA and the requested Service approval of the HCP and ITP.

**DATES:** To ensure consideration, written comments must be received or postmarked by October 13, 2020. Any comments we receive after the closing date may not be considered in final decisions on the Service's action.

**ADDRESSES:** *Accessing Documents:*

*Internet: DEA and HCP:* You may obtain electronic copies of these documents from the Service's website at <https://www.fws.gov/southwest/es/oklahoma/>

*U.S. Mail:* You may obtain the documents at the following addresses.
