to withhold your personal identifying
information from public review, we
cannot guarantee that we will be able to
do so.

Abstract: This information collection
is required under the Reclamation
Reform Act of 1982 (RRA), Acreage
Limitation Rules and Regulations, 43
CFR part 426, and Information
Requirements for Certain Farm
Operations In Excess of 960 Acres and
the Eligibility of Certain Formerly
Excess Land, 43 CFR part 428. This
information collection requires certain
landholders (direct or indirect
landowners or lessees) and farm
operators to complete forms

demonstrating their compliance with
the acreage limitation provisions of
Federal reclamation law. The forms in
this information collection are
submitted to districts that use the
information to establish each
landholder's status with respect to
landownership limitations, full-cost
pricing thresholds, lease requirements,
and other provisions of Federal
reclamation law. In addition, forms are
submitted by certain farm operators to
provide information concerning the
services they provide and the nature of
their farm operating arrangements. All
landholders whose entire westwide
landholdings total 40 acres or less are
exempt from the requirement to submit
RRA forms. Landholders who are
"qualified recipients" have RRA forms
submission thresholds of 80 acres or 240
acres depending on the district's RRA
forms submission threshold category
where the land is held. Only farm
operators who provide multiple services
to more than 960 acres held in trusts or
by legal entities are required to submit
forms.

Abstract.

Identification of limited recipients— Some entities that receive Reclamation irrigation water may believe that they are under the Reclamation Reform Act of 1982 (RRA) forms submittal threshold and, consequently, may not submit the appropriate RRA form(s). However, some of these entities may in fact have a different RRA forms submittal threshold than what they believe it to be due to the number of natural persons benefiting from each entity and the location of the land held by each entity. In addition, some entities that are exempt from the requirement to submit RRA forms due to the size of their landholdings (directly and indirectly owned and leased land) may in fact be receiving Reclamation irrigation water for which the full-cost rate must be paid because the start of Reclamation
