

84.246K Rehabilitation Short-Term Training-CAP \$200,000

Any activities carried out during the year of this continuation award must be consistent with the scope, goals, and objectives of the grantee's application as approved in the FY 2015 competition. The requirements for continuation awards are set forth in 34 CFR 75.253.

Waiver of Delayed Effective Date:

The Administrative Procedure Act requires that a substantive rule must be published at least 30 days before its effective date, except as otherwise provided for good cause (5 U.S.C. 553(d)(3)). A delayed effective date would be contrary to public interest by creating a gap in provision of training and technical assistance that CAP professionals need to effectively fulfill their responsibilities under the Rehabilitation Act. Therefore, the Secretary waives the delayed effective date provision for good cause.

Regulatory Flexibility Act Certification:

The Department certifies that the waiver and extension of the project period will not have a significant economic impact on a substantial number of small entities. The only entity that will be affected by the waiver and extension of the project period is the current Rehabilitation Short-Term Training-CAP grantee, because it would receive funding for an additional project period. Additionally, the extension of an existing budget period imposes minimal compliance costs, and the activities required to support the additional year of funding will not impose additional regulatory burdens or require unnecessary Federal supervision.

Paperwork Reduction Act of 1995:

This final waiver and extension of the project period does not contain any information collection requirements.

Intergovernmental Review:

This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance. This document provides early notification of our specific plans and actions for this program.

BILLING CODE 4000-01-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R04-OAR-2020-0071; FRL-10013-22-Region 4]

Air Plan Approval; Georgia: Permit Requirements

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking final action to approve a State Implementation Plan (SIP) revision submitted by the State of Georgia, through the Georgia Environmental Protection Division (GA EPD), on October 18, 2019. This SIP revision makes minor edits to the Georgia rule prescribing permitting requirements. EPA has evaluated Georgia's submittal and determined that it meets the applicable requirements of the Clean Air Act (CAA or Act) and applicable regulations.

DATES: This rule is effective October 16, 2020.

ADDRESSES: EPA has established a docket for this action under Docket

Identification No. EPA-R04-OAR-2020-0071. All documents in the docket are listed on the www.regulations.gov website. Although listed in the index, some information may not be publicly available, i.e., Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials can either be retrieved electronically via www.regulations.gov or in hard copy at the Air Regulatory Management Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303-8960. EPA requests that if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Pearlene Williams, Air Regulatory Management Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303-8960. Ms. Williams can also be reached via phone at (404) 562-9144 or via electronic mail at williams.pearlene@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

Through a letter dated October 18, 2019,¹ GA EPD submitted a SIP revision for EPA's approval. The revision makes clarifying and ministerial changes to permitting regulations at Rule 391-3-1-.03(8), *Permit Requirements*. This submittal changes the status of five counties under paragraph (e), which specifies counties that are contributing to the ambient air levels of the current nonattainment area for the 2015 8-hour ozone National Ambient Air Quality Standard (NAAQS)² and makes other minor typographical edits to other subparagraphs for consistent formatting.

In a notice of proposed rulemaking (NPRM) published on May 22, 2020 (85

¹ EPA notes the Agency received the submittal on October 24, 2019.

² The Atlanta nonattainment area for the 2015 8-hour ozone NAAQS consists of the following counties: Bartow, Clayton, Cobb, DeKalb, Fulton, Gwinnett, and Henry.

FR 31116), EPA proposed to approve revisions to Georgia Rule 391–3–1-.03(8), to list Barrow, Carroll, Hall, Spalding, and Walton Counties among those determined by the GA EPD Director to contribute to the ambient air level of ozone in a revised list of metropolitan Atlanta counties. EPA does not believe that the corresponding change to subparagraph (e)1. proposed in the NPRM will substantively impact implementation of Georgia’s nonattainment new source review program. EPA provided further analysis of these changes, as well as the Agency’s rationale for approving the changes, in its May 22, 2020, NPRM. Comments on the May 22, 2020, NPRM were due on or before June 22, 2020. EPA received no comments on the proposed action. EPA is now taking final action to approve the above-referenced revision.

II. Incorporation by Reference

In this rule, EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, EPA is finalizing the incorporation by reference of Georgia Rule 391–3–1-.03(8), titled “Permit Requirements,” effective September 26, 2019, which incorporates minor revisions to the State’s permitting requirements. EPA has made, and will continue to make, these materials generally available through www.regulations.gov and at the EPA Region 4 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information). Therefore, these materials have been approved by EPA for inclusion in the SIP, have been incorporated by reference by EPA into that plan, are fully federally enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of EPA’s approval, and will be incorporated by reference by the Director of the Federal Register in the next update to the SIP compilation.³

III. Final Action

EPA is approving the Georgia SIP revision to Rule 391–3–1-.03(8) titled “Permit Requirements,” submitted on October 18, 2019. This revision updates the status of five counties that are designated as attainment for the 2015 8-hour ozone NAAQS, but which the Director has determined to impact ambient ozone concentrations in the metropolitan Atlanta area. These counties therefore must comply with certain additional permitting requirements under Rule 391–3–1-

.03(8), subparagraph (8)(c)15. In addition, the October 18, 2019, submittal makes typographical edits to Rule 391–3–1.03(8). EPA has concluded that the SIP revision is consistent with the CAA and applicable regulations.

IV. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. *See* 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. This action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866;
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible

methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

The SIP subject to this action is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it impose substantial direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 16, 2020. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. *See* section 307(b)(2).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: August 12, 2020.

Mary Walker,

Regional Administrator, Region 4.

For the reasons stated in the preamble, the EPA amends 40 CFR part 52 as follows:

³ *See* 62 FR 27968 (May 22, 1997).

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

Authority: 42 U.S.C. 7401 *et seq.*

§ 52.570 Identification of plan.

■ 1. The authority citation for part 52 continues to read as follows:

Subpart L—Georgia

■ 2. In § 52.570, the table in paragraph (c) is amended by revising the entry for “391–3–1–.03(8)” to read as follows:

[EPA–R08–OAR–2020–0110; FRL–10013–30–Region 8]

Approval and Promulgation of Air Quality Implementation Plans; Colorado; Revisions to Air Pollution Emission Notice Rules

AGENCY: Environmental Protection Agency (EPA).
ACTION: Final rule.

SUMMARY: In accordance with section 110 of the Clean Air Act (CAA), the Environmental Protection Agency (EPA) is taking final action to approve State Implementation Plan (SIP) revisions submitted by the State of Colorado on May 8, 2019. The EPA is taking final action to approve amendments to the State’s Stationary Source Permitting and Air Pollution Emission Notice Requirements. The EPA is taking this action pursuant to sections 110 of the CAA.

DATES: This final rule is effective on October 16, 2020.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA–R08–OAR–2020–0110. All documents in the docket are listed on the <http://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *e.g.*, confidential business information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly

available only in hard copy form. Publicly available docket materials are available through <http://www.regulations.gov>, or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional availability information.

FOR FURTHER INFORMATION CONTACT: Kevin Leone, Air and Radiation Division, EPA, Region 8, Mailcode 8ARD–IO, 1595 Wynkoop Street, Denver, Colorado 80202–1129, (303) 312–6227, leone.kevin@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document “we,” “us,” and “our” means the EPA.

I. Background

The EPA is taking final action to approve all SIP revisions submitted by the State of Colorado on May 8, 2019. The SIP revisions that we are acting on contain amendments to 5 CCR 1001–5, Regulation Number 3 (Stationary Source Permitting and Air Pollution Emission Notice Requirements). In particular, these amendments would revise Part A, VI.C. (Annual Emissions Fees) and VI.D. (Fee Schedule). The State adopted these revisions on October 18, 2018, and they became state effective on November 30, 2018. We are taking final action to approve of all revisions submitted on May 8, 2019.

The EPA published a proposed rulemaking on June 5, 2020 (85 FR 34559), which contains a detailed summary of the SIP revisions in question and an explanation of the bases for our proposed approval. We invited comment on all aspects of our proposal, and provided a 30-day comment period, which ended on July 6, 2020.

II. Response to Comments

We received no comments during the public comment period.

III. Final Action

As outlined in our proposed rulemaking, EPA is taking final action to approve the addition of new and revised rules to Regulation Number 3, Part A, Section VI.C: VI.C.2; Section VI.D: VI.D.1, VI.D.2, and VI.D.3 as submitted on May 8, 2019.

IV. Incorporation by Reference

In this document, EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, EPA is finalizing the incorporation by reference of the State of Colorado’s revisions to its SIP as described in section III. of this preamble. The EPA has made, and will continue to make, these materials generally available through www.regulations.gov and at the EPA Region 8 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information). Therefore, these materials have been approved by EPA for inclusion in the SIP, have been incorporated by reference by the EPA into that plan, are fully federally enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of EPA’s approval, and will be incorporated by reference in the next update to the SIP compilation.¹

V. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action

¹ 62 FR 27968 (May 22, 1997).
