ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Title of Collection:* HBCU Capital Financing Program Deferment Applications.

*OMB Control Number:* 1840-0845.

*Type of Review:* An Extension of an Existing Information Collection.

*Respondents/Affected Public:* Private Sector; State, Local, and Tribal Governments.

*Total Estimated Number of Annual Responses:* 50.

*Total Estimated Number of Annual Burden Hours:* 50.

*Abstract:* In the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Public Law 116-136 (March 27, 2020), Congress provided authority for deferments due to a qualifying emergency. Generally, the CARES Act provides that the Secretary may grant a deferment to recipients of Program loans, regardless of whether the recipient is a public or private HBCU, for the duration of the coronavirus-related emergency. The Department has developed an application for HBCUs to seek a deferment of a Program loan under the CARES Act. This application will allow a Program participant to request the deferment and submit information for the Department's required report to Congress regarding its

use of its CARES Act authority to grant the deferments.

### Energy Information Administration

#### Agency Information Collection Extension

**AGENCY:** U.S. Energy Information Administration (EIA), U.S. Department of Energy (DOE).

**ACTION:** Notice and request for comments.

**SUMMARY:** EIA submitted an information collection request for extension as required by the Paperwork Reduction Act of 1995. The information collection requests a three-year extension, with changes, to Form EIA-914, “*Monthly Crude Oil and Lease Condensate, and Natural Gas Production Report*” under OMB Control Number 1905-0205. Form EIA-914 collects monthly data from well operators at the state level on crude oil and lease condensate, and natural gas production within the United States. These data are used by EIA to estimate state, regional, and U.S. crude oil and lease condensate, and natural gas production.

**DATES:** Comments on this information collection must be received no later than October 16, 2020. Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Currently under Review—Open for Public Comments” or by using the

search function below “Currently under Review”.

**FOR FURTHER INFORMATION CONTACT:**

Jessica Biercevicz, U.S. Energy Information Administration, telephone 202-586-4299, or by email at [jessica.biercevicz@eia.gov](mailto:jessica.biercevicz@eia.gov). The forms and instructions are available on EIA’s website at [www.eia.gov/survey](http://www.eia.gov/survey).

**SUPPLEMENTARY INFORMATION:** This information collection request contains:

- (1) *OMB No.:* 1905-0205;
- (2) *Information Collection Request Title:* Monthly Crude Oil and Lease Condensate, and Natural Gas Production Report;
- (3) *Type of Request:* Three-year extension with changes;
- (4) *Purpose:* Form EIA-914 Monthly Crude Oil and Lease Condensate, and Natural Gas Production Report, collects monthly data on natural gas production, crude oil and lease condensate production, and crude oil and lease condensate sales by API gravity. These data are used by EIA to estimate state, regional, and U.S. crude oil and natural gas production.

(4a) *Changes to Information Collection:* Respondents in four (4) states (Alabama, Michigan, Mississippi, and Virginia) and the Federal Offshore Pacific area will report crude oil and natural gas production in the “Other States” category rather than separately report their state or offshore area production. Production in these 4 states and offshore area will be combined with other states with small production volumes in the “Other States” category. Although production in these 4 states and offshore area have remained stable over the past 3 years, their percentage of the US total production for crude oil and natural gas has declined over the past 4 years.

(5) *Annual Estimated Number of Respondents:* 400;

(6) *Annual Estimated Number of Total Responses:* 4,800;

(7) *Annual Estimated Number of Burden Hours:* 19,200;

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden:* EIA estimates that respondents will have no additional costs associated with the surveys other than the burden hours and the maintenance of the information during the normal course of business. The cost of burden hours to the respondents is estimated to be \$1,538,688 (19,200 burden hours times \$80.14).
