

(EPA ICR No. 1750.09, OMB Control No. 2060-0393) to enable it to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (2) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) enhance the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. The EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, the EPA will issue another **Federal Register** document to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: The EPA is required under section 183(e) of the Clean Air Act (CAA) to regulate volatile organic compound (VOC) emissions from the use of consumer and commercial products. Pursuant to CAA section 183(e)(3), the EPA published a list of consumer and commercial products and a schedule for their regulation (60 FR 15264). Architectural coatings are included on the list, and the standards for such coatings are codified at 40 CFR part 59, subpart D. The information collection includes initial reports and periodic recordkeeping necessary for the EPA to ensure compliance with Federal standards for VOC in architectural coatings. Respondents are manufacturers, distributors, and importers of architectural coatings. Responses to the collection are mandatory under 40 CFR part 59, subpart D—National Volatile Organic Compound Emission Standards for Architectural Coatings. All information submitted to the EPA for which a claim of confidentiality is made will be safeguarded according to the Agency policies set forth in 40 CFR part 2, subpart B—Confidentiality of Business Information.

Form Numbers: None.

Respondents/affected entities:

Respondents are manufacturers, distributors, and importers of architectural coatings.

Respondent's obligation to respond: Mandatory under 40 CFR part 59,

subpart D—National Volatile Organic Compound Emission Standards for Architectural Coatings.

Estimated number of respondents: 500 (total).

Frequency of response: On occasion.

Total estimated burden: 14,661 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$1,481,441 (per year). There are no annualized capital or operation and maintenance costs.

Changes in Estimates: Labor rates have been updated using 2019 values, leading to an increase in the total estimated respondent burden compared with the ICR currently approved by OMB.

Dated: September 10, 2020.

Penny Lassiter,

Director, Sector Policies and Programs Division.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-XXXX; FRS 17065]

Information Collection Being Submitted for Review and Approval to Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.” The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written comments and recommendations for the proposed information collection should be

submitted on or before October 16, 2020.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Your comment must be submitted into www.reginfo.gov per the above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Nicole Ongele, FCC, via email to PRA@fcc.gov and to Nicole.Ongele@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Nicole Ongele at (202) 418-2991. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called “Currently Under Review,” (3) click on the downward-pointing arrow in the “Select Agency” box below the “Currently Under Review” heading, (4) select “Federal Communications Commission” from the list of agencies presented in the “Select Agency” box, (5) click the “Submit” button to the right of the “Select Agency” box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public

Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

OMB Control Number: 3060–XXXX.

Title: Connect America Fund—Eligible Locations Adjustment Process (ELAP).

Form Number: N/A.

Type of Review: New information collection.

Respondents: Business or other for-profit entities, not-for-profit institutions, individuals or households, and state, local or tribal governments.

Number of Respondents and Responses: 296 unique respondents; 962 responses.

Estimated Time per Response: 2–40 hours.

Frequency of Response: One-time requirement.

Obligation to Respond: Voluntary. Statutory authority for this information collection is contained in 47 U.S.C. 151–154, 254.

Total Annual Burden: 10,804 hours.

Total Annual Cost: No cost.

Privacy Act Impact Assessment: Some of the requirements contained in this information collection affect individuals or households, and thus, there are impacts under the Privacy Act. As required by the Privacy Act of 1974, as amended, 5 U.S.C. 552a, the Commission will create a system of records notice (SORN) to cover the collection, storage, maintenance, and disposal (when appropriate) of any personally identifiable information that the Commission may collect as part of the information collection.

Nature and Extent of Confidentiality: The information submitted in the ELAP Map will be made public. We intend to keep other information confidential to the extent permitted by law. Also, as noted in this document, this collection contains information that affects individuals or households, and thus, there are impacts under the Privacy Act. As required by the Privacy Act of 1974, as amended, 5 U.S.C. 552a, the Commission will create a SORN to cover the collection, storage, maintenance, and disposal (when appropriate) of any personally identifiable information that the Commission may collect as part of the information collection. USAC must preserve the confidentiality of all personally identifiable information, must not use the information except for purposes of administering the Universal Service Fund, and must not disclose such information unless directed to do so by the Commission. See *ELAP Order*, 34 FCC Rcd 10395, 10412–14, paras. 50–

56. If the Commission requests information that the respondents believe is confidential, respondents may request confidential treatment of such information under section 0.459 of the Commission’s rules.

Needs and Uses: This information collection addresses the requirements of a process (the eligible locations adjustment process (ELAP)) that facilitates the post-auction review of certain CAF Phase II Auction support recipients’ defined deployment obligations (and associated support), on a state-by-state basis, in situations where the number of eligible locations within a state is less than the number of funded locations. *Connect America Fund*, WC Docket Nos. 10–90 et al., Order on Reconsideration, 33 FCC Rcd 1380, 1390–92, paras. 23–28 (2018) (*Phase II Auction Reconsideration Order*); *Connect America Fund*, WC Docket No. 10–90, Order, 34 FCC Rcd 10395 (WCB 2019) (adopting rules and requirements necessary to implement this process, consistent with the parameters set forth in the *Phase II Auction Reconsideration Order* and prior Commission guidance for adjusting defined deployment obligations) (*ELAP Order*). CAF Phase II Auction support recipients’ participation in this process is voluntary.

ELAP requires the one-time collection of location information for all eligible locations within the state where the participant is seeking an adjustment to its defined deployment obligation. Eligible locations include every location qualifying for support (qualifying locations) and may include additional locations within eligible areas of the state that the participant will reserve as part of its defined deployment obligations, even if such locations cannot be identified as qualifying at the time of the ELAP process (prospective locations). The total number of eligible locations reported by the participant cannot exceed the participant’s defined deployment obligation for the state.

Participants must also submit a description of its methods for identifying all locations qualifying for support, as well as some supporting evidence, such as copies of public records, aerial photography, location information for non-eligible locations, or similar evidence. Participants must certify the truth and accuracy of this information.

The Bureau will announce which participants have met their prima facie evidentiary standard, and the Universal Service Administrative Company (USAC) will then use certain location information (address, geocoordinates,

number of units) filed by these participants to populate a publicly available map (public ELAP map).

Other interested parties deemed eligible to participate in ELAP (stakeholders) may then challenge the accuracy and completeness of any relevant participant’s eligible location information. To file such a challenge, stakeholders must submit alternative location information (of the same kind and in the same format as required of the participant), a brief description of the methods used to identify the location as an eligible location, and supporting evidence. Stakeholders include government entities (state, local, and Tribal) as well as individuals or non-governmental entities with a legitimate and verifiable interest in ensuring broadband service in the relevant areas. Such stakeholders cannot hold a controlling interest in a competitor of the relevant participant(s).

The Bureau will use a third-party commercial verifier to confirm the eligibility of stakeholders who challenge a participant’s location information. The Bureau will also separately gather certain limited information about these stakeholders (e.g., name and contact information).

All ELAP information will be filed and maintained in a new module within the High-Cost Universal Service Broadband Portal (HUBB) (OMB Control No. 3060–1228). The module will permit centralization and controlled access to ELAP information as well as maintenance of such information.

The module will incorporate several features like those required for reporting deployed location information in the HUBB. Specifically, the module will have an automated validation system that will generate error messages when the location information submitted by ELAP parties fails to meet reporting parameters (such as redundancies, required file type) as specified in the *ELAP Order*. Participants and stakeholders will be able to pre-file information and correct, update, add, or delete information prior to their respective filing deadline. The module will have integrated instructions and guidance for submitting information. To the extent practicable, the module will generate notices where correction, supplementation, or redaction of information is necessary.

Unlike deployed location information collected pursuant to OMB Control No. 3060–1228, all ELAP information, including the description of methods and supporting documentation as well as location data, except the location data published in the public ELAP Map, will

be treated as presumptively confidential.

Title: Section 73.1870, Chief

Operators.

Form Number: Not applicable.

Type of Review: Extension of a currently approved collection.

Respondents: Business and other for-profit; Not-for-profit institutions.

Number of Respondents and

Responses: 18,498 respondents; 36,996 responses.

Estimated Time per Response: 0.166-26 hours.

Frequency of Response: Recordkeeping requirement; Third party disclosure requirement.

Total Annual Burden: 484,019 hours.

Total Annual Cost: None.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in Sections 154(i) of the Communications Act of 1934, as amended.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Privacy Impact Assessment(s): No impact(s).

Needs and Uses: The information collection requirements contained in 47 CFR 73.1870 require that the licensee of an AM, FM, or TV broadcast station designate a chief operator of the station. Section 73.1870(b)(3) requires that this designation must be in writing and posted with the station license. Section 73.1870(c)(3) requires that the chief operator, or personnel delegated and supervised by the chief operator, review the station records at least once each week to determine if required entries are being made correctly, and verify that the station has been operated in accordance with FCC rules and the station authorization. Upon completion of the review, the chief operator must date and sign the log, initiate corrective action which may be necessary and advise the station licensee of any condition which is repetitive. The posting of the designation of the chief operator is used by interested parties to readily identify the chief operator. The review of the station records is used by the chief operator, and FCC staff in investigations, to ensure that the station is operating in accordance with its station authorization and the FCC rules and regulations.
