[Docket No. 200818-0219]

RIN 0694-AI18

Addition of Entities to the Entity List; Corrections to Certain Existing Entries on the Entity List

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: In this final rule, the Bureau of Industry and Security (BIS) amends the Export Administration Regulations (EAR) by adding forty-seven entities, under fifty-one entries to the Entity List. These forty-seven entities have been determined by the U.S. Government to be acting contrary to the national security or foreign policy interests of the United States. These entities are located under the destinations of Canada, China, Hong Kong, Iran, Malaysia, Oman, Pakistan, Thailand, Turkey, United Arab Emirates, and the United Kingdom. This rule also corrects four existing entries on the Entity List under the destination of China.

DATES: This rule is effective September 22, 2020.

FOR FURTHER INFORMATION CONTACT: Chair, End-User Review Committee, Office of the Assistant Secretary, Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482-5991, Fax: (202) 482-3911, Email: ERC@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

The Entity List (15 CFR, subchapter C, part 744, Supplement No. 4) identifies entities reasonably believed to be involved in, or to pose a significant risk of being or becoming involved in, activities contrary to the national security or foreign policy interests of the United States. The Export Administration Regulations (EAR) (15 CFR parts 730-774) impose additional license requirements on, and limit the availability of most license exceptions for, exports, reexports, and transfers (in-country) to listed entities. The license review policy for each listed entity is identified in the “License review policy” column on the Entity List, and the impact on the availability of license exceptions is described in the relevant **Federal Register** document adding entities to the Entity List. BIS places entities on the Entity List pursuant to part 744 (Control Policy: End-User and

End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and all decisions to remove or modify an entry by unanimous vote.

ERC Entity List Decision

Additions to the Entity List

This rule implements the decision of the ERC to add forty-seven entities, under fifty-one entries (four entities are identified in two destinations) to the Entity List. The forty-seven entities are being added based on § 744.11 (License requirements that apply to entities acting contrary to the national security or foreign policy interests of the United States) of the EAR. The entities are located in Canada, the People’s Republic of China (China), Hong Kong, Iran, Malaysia, Oman, Pakistan, Thailand, Turkey, United Arab Emirates (UAE) and the United Kingdom.

The ERC reviewed and applied § 744.11(b) (Criteria for revising the Entity List) in making the determination to add these forty-seven entities to the Entity List. Under that paragraph, persons for whom there is reasonable cause to believe, based on specific and articulable facts, that they have been involved, are involved, or pose a significant risk of being or becoming involved in, activities that are contrary to the national security or foreign policy interests of the United States, along with those acting on behalf of such persons, may be added to the Entity List. Paragraphs (b)(1) through (5) of § 744.11 provide an illustrative list of activities that could be contrary to the national security or foreign policy interests of the United States.

The ERC determined to add “Affiliated Supply and Consultancy Services,” “Busan International,” “IMCO Technology and Services,” and “Iqbal Enterprises” under the destination of Pakistan. Specifically, the ERC determined to add “Busan International” and “IMCO Technology and Services” to the Entity List on the basis of their contributions to unsafeguarded nuclear activities.” “Affiliated Supply and Consultancy Services” has been involved in the procurement of U.S.-origin goods in association with Pegasus General

Trading FZC, an entity added to the Entity List on March 16, 2020 (85 FR 14794). “Iqbal Enterprises” is added to the Entity List for its contributions to unsafeguarded nuclear activities.

The ERC determined to add “Business Empire International” and “KTK Engineering (PVT) LTD” to the Entity List under the destination of Pakistan as well as to add “S&D Industry Ltd.,” “Rigsol Well Drilling Equipment Trading,” and “E and I Systems FZE” to the Entity List under the destination of the UAE all for actions contrary to the national security or foreign policy interests of the United States. Specifically, the ERC determined to add these entities to the Entity List for their contributions to unsafeguarded nuclear activities.

The ERC determined to add “Ahmad Nozad Gholik,” “Behnam Pouremadi,” “Hamid Sepehrian,” “Mojtaba Farhadi Ganjeh,” and “Sayyed Javad Ahmadi” to the Entity List under the destination of Iran for actions contrary to the national security or foreign policy interest of the United States. Specifically, these individuals are added on the basis of their support for nuclear-related activities that are contrary to the national security or foreign policy of the United States.

The ERC determined to add to the Entity List “Blue Lines FZE” under the destinations of Turkey and the UAE; “MKB Pacific Air SDN BHD” under the destination of Malaysia; “Ajmal Aviation” under the destination of the UAE; and “Blue Lines Company” as well as two associated individuals—“Mahdi Keivan Bahari” and “Mahsa Keivan Bahari”—under the destination of Iran. These entities were instrumental in the procurement and/or re-transfer of U.S.-origin items to Iran, in violation of the Iranian Transactions and Sanctions Regulations and the EAR, and are implicated as being directly involved in activities that are contrary to the national security or foreign policy interests of the United States as set forth in § 744.11(b) of the EAR.

The ERC determined to add “Landa Ariya Electronic Co.” to the Entity List under the destinations of China and Iran as well as its employees “Ali Basati,” “Mohsen Asraftaba,” and “Behnaz Moazen” under the destination of Iran. In addition, the ERC determined to add “Oriental Logistics Group LTD” and its employee “Roin Luo” as well as “Shenzhen Iprogift Technology Co., Ltd.,” “Shenzhen Shunjinjin Import & Export Co. Ltd.,” and “Suki Zhan” to the Entity List under the destination of China. “Oriental Logistics Group LTD” is also being added under the destination of Hong Kong, along with

“Hong Kong Fung Tak Enterprise.” There is reasonable cause to believe, based on specific and articulable facts, that these ten entities were involved in the diversion of U.S.-origin unmanned aerial vehicle parts, as well as other items, to Iran via China without the required licenses.

The ERC determined to add to the Entity List “Airborne Logistics LLC” under the destination of Oman; “Aviation Network Associates” and “PremiAir Aerospace” under the destination of the United Kingdom; “FARSCO Aviation MRO Centre” under the destination of Iran; “Marilog Avion Services Company” under the destination of Thailand; and “Transworld Aviation” under the destination of the UAE, and certain employees of these entities. Specifically, ERC determined to add to the Entity List “Marilog Avion Services Company Limited” and its principal employees “Mohamad Rifan,” and “Ibrahim Nasir”; “PremiAir Aerospace” and its principal employees “Graham Avery,” and “Daniel Basden”; “Aviation Network Associates” and its principal employee “Chas Newport”; “Transworld Aviation” and its principal employees “Shehab Bin Braik Al Breiki,” “Abdulla K. Al Suleimani,” “Lufti Busaidi Sulaiman,” and “Mohamed Nashir”; “Airborne Logistics LLC” and “FARSCO Aviation MRO Centre” and its principal employees “S.M. Mirbagheri” and “Rouhollah Abdollahi.” These entities have been involved in a scheme to illicitly procure Bell 412 helicopters on behalf of Iranian end-user, “FARSCO Aviation MRO Centre.”

For thirty-nine of the forty-seven entities added to the Entity List in this final rule, BIS imposes a license requirement for all items subject to the EAR and a license review policy of presumption of denial. For “Busan International,” “Business Empire International,” “E and I Systems FZE,” “IMCO Technology and Services,” “Iqbal Enterprises,” “KTK Engineering (PVT) LTD,” “Rigsol Well Drilling Equipment Trading,” and “S&D Industry Ltd.,” BIS imposes the license review policy set forth in § 744.2(d) of the EAR, a nuclear end-user and end-use based provision. No license exceptions are available for exports, reexports, or transfers (in-country) to the entities being added to the Entity List in this rule. The acronym “a.k.a.” (also known as) is used in entries on the Entity List to identify aliases, thereby assisting exporters, reexporters, and transferors in identifying entities on the Entity List.

For the reasons described above, this final rule adds the following forty-seven entities under fifty-one entries to the Entity List.

Corrections to the Entity List

In this final rule, BIS is correcting the **Federal Register** citation for four existing entries on the Entity List under the destination of China. These entities were added to the Entity List under the destination of China on October 9, 2019 (84 FR 54004) and June 5, 2020 (85 FR 34505), and modified on July 22, 2020 (85 FR 44159). In the July 22, 2020, final rule, the entries for “Nanjing Fiberhome,” “NetPosa,” “SenseNets,” and “Shihezi Municipality” did not include the **Federal Register** citation. This rule is adding the **Federal Register** citation for these four entities.

Savings Clause

Shipments of items removed from eligibility for a License Exception or export or reexport without a license (NLR) as a result of this regulatory action that were en route aboard a carrier to a port of export or reexport, on September 22, 2020, pursuant to actual orders for export or reexport to a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export or reexport NLR.

Export Control Reform Act of 2018

On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which included the Export Control Reform Act of 2018 (ECRA), 50 U.S.C. 4801–4852. ECRA provides the legal basis for BIS’s principal authorities and serves as the authority under which BIS issues this rule.

Rulemaking Requirements

Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of

quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has been determined to be not significant for purposes of Executive Order 12866. This rule is not an Executive Order 13771 regulatory action because this rule is not significant under Executive Order 12866.

Notwithstanding any other provision of law, no person is required to respond to or be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by OMB under control number 0694–0088, Simplified Network Application Processing System, which includes, among other things, license applications, and carries a burden estimate of 42.5 minutes for a manual or electronic submission. Total burden hours associated with the PRA and OMB control number 0694–0088 are not expected to increase as a result of this rule.

This rule does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

Pursuant to § 1762 of ECRA, this action is exempt from the Administrative Procedure Act (5 U.S.C. 553) requirements for notice of proposed rulemaking, opportunity for public participation, and delay in effective date.

Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, are not applicable. Accordingly, no regulatory flexibility analysis is required and none has been prepared.

[Docket No. FDA–2017–N–6381]

RIN 0910–AH51

Postmarketing Safety Reports for Approved New Animal Drugs; Electronic Submission Requirements; Correction

AGENCY: Food and Drug Administration, HHS.

ACTION: Final rule; correction.

SUMMARY: The Food and Drug Administration (FDA, the Agency, or we) is correcting a final rule that published in the **Federal Register** of July 29, 2020. That final rule requires electronic submission of certain postmarketing safety reports for approved new animal drugs and provides a procedure for requesting a temporary waiver of the electronic submission requirement. Table 2 of the final rule published with errors and this document corrects those errors. We are placing a corrected copy of the final rule in the docket.

DATES: Effective September 22, 2020.
