DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

[OMB #0970-0446]

Proposed Information Collection Activity; TANF Expenditure Report, ACF-196R

AGENCY: Office of Family Assistance, Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: The Administration for Children and Families (ACF) is requesting a 3-year extension of the Temporary Assistance for Needy Families (TANF) Expenditure Report, Form ACF-196R (OMB #0970-0446, expiration 2/28/2021). ACF is reporting a change to remove certain guidance that was associated with an earlier ACF-196 report in order to devote the instructions to the singular ACF-196R report. In addition, ACF has clarified instructions where states have previously expressed confusion and has reorganized the format and chronology of section headers to better reflect the flow of the TANF reporting process.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing infocollection@acf.hhs.gov. Alternatively, copies can also be obtained by writing to the Administration for Children and Families, Office of Planning, Research, and Evaluation (OPRE), 330 C Street SW, Washington, DC 20201, Attn: ACF Reports Clearance Officer. All requests, emailed or written, should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: Grantees of the TANF program are required by statute to report financial data on a quarterly basis. Form ACF-196R is used by states administering the TANF program to report these quarterly expenditure data and to request quarterly grant funds. Failure to collect the data would seriously compromise the Office of Family Assistance and ACF's ability to monitor TANF expenditures and compliance with statutory requirements. These data are also needed to estimate

outlays and to prepare reports and budget submissions for Congress.

Respondents: State agencies administering the TANF program (50 States and the District of Columbia).

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Total burden hours	Annual burden hours
TANF Expenditure Report, Form ACF-196R	51	4	14	2,856	952

Estimated Total Annual Burden Hours: 952.

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Authority: Social Security Act, Section 409; 45 CFR 265.3–265.9.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Reimbursement of Travel and Subsistence Expenses Toward Living Organ Donation Program Eligibility Guidelines

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services (HHS).

ACTION: Final notice; response to solicitation of comments and publication of final program eligibility guidelines

SUMMARY: A notice was published in the **Federal Register** on March 31, 2020, to solicit comments on the eligibility criteria that were proposed by HRSA concerning the Living Organ Donation Reimbursement Program (formerly Reimbursement of Travel and Subsistence Expenses toward Living

Organ Donation Program). This final notice responds to comments, describes the revision to the eligibility criteria to incorporate the reimbursable categories of qualifying expenses added by an HHS final rule published elsewhere in the issue of the **Federal Register**, and finalizes the Program Eligibility Guidelines.

FOR FURTHER INFORMATION CONTACT: Frank Holloman, Director, Division of Transplantation, Healthcare Systems Bureau, HRSA, 5600 Fishers Lane, Room 08W53A, Rockville, Maryland 20857; telephone (301) 443-7577; or email *donation@hrsa.gov*.

SUPPLEMENTARY INFORMATION: Congress has provided specific authority under section 377 of the Public Health Service (PHS) Act, as amended, 42 U.S.C. 274f, for providing reimbursement of qualifying expenses incurred toward living organ donation with preference for those for whom paying such expenses would create a financial hardship. In August 2019, HRSA awarded a 5-year, \$16,250,000 cooperative agreement to the University of Kansas Medical Center Research Institute, Inc. to administer this Program.

Congress requires that the Secretary in carrying out this Program give preference to those individuals the Secretary determines are more likely to be unable to pay for the qualifying expenses associated with the donation process. In addition, Congress requires that funds from the Program not be used to reimburse qualifying expenses associated with being a living organ donor, if the donor has received any payments or is expected to receive any payments related to these expenses from:

- (1) Any State compensation program, an insurance policy, or a Federal or State health benefits program;
- (2) an entity that provides health services on a prepaid basis; or
- (3) the recipient of the organ.

In addition, the authorizing statute requires the Secretary to give preference to living organ donors who are “more likely to be otherwise unable to meet such expenses.”

Summary of Comments and HRSA Responses

On March 31, 2020 (85 FR 17894), HRSA published a notice in the **Federal Register** requesting comments on the proposed eligibility criteria for the Program. HRSA requested public comment concerning proposed changes to the guidelines to: Increase the household income eligibility threshold to 350 percent of the HHS Poverty Guidelines (from the current threshold of 300 percent) for living organ donors and organ recipients, clarify the use of the existing preference categories in relation to the proposed household income eligibility threshold, and clarify that travel and subsistence expenses incurred by non-directed living organ donors¹ qualify as reimbursable expenses under the Program. HRSA also proposed revision of the Program eligibility guidelines’ background section to ensure that the information aligns with the Program’s legislative authority. These proposed guidelines would apply to the Program regardless of the recipient of the cooperative agreement that administers the Program.

HRSA received a total of seventy-seven comments from the public. Comments were received from individuals, including prior living donors, and professional and patient stakeholder organizations. None of the commenters opposed HRSA’s efforts to expand eligibility under the Program, although two commenters expressed concern about the effectiveness of the Program, and most commenters expressed interest in further expanding the program. Sixty-eight of the commenters proposed that HRSA increase the income eligibility threshold for the recipient and the donor of the organ beyond the proposed 350 percent of the HHS Poverty Guidelines. HRSA assumes that recipients whose income

¹ Living organ donations can be either “directed” (the organ is intended for an individual named or specified by the living organ donor), or “non-directed” (the organ is intended for an individual neither named nor specified by the donor) as defined at <https://optn.transplant.hrsa.gov/resources/ethics/living-non-directed-organ-donation/>.
