

information collection described in Section A.

**A. Overview of Information Collection**

*Title of Information Collection:* Grant Drawdown Payment Request/LOCCS/VRS Voice Activated.

*OMB Approval Number:* 2577–0166.

*Type of Request:* Extension of a currently approved collection.

*Form Numbers:* 50080–CFP; 50080–OFND; 50080–SC; 50080–PHTA; 50080–URP; 50080–FSS; 50080–IHBG; 50080–TIHD.

*Description of the need for the information and proposed use:* On April 17, 2017, the Grant Drawdown Payment Request/Voice Response System (VRS) was converted to a Business Partner Registration and Secure Systems for both the user and the user’s Approving

Official. The Secure Systems supports many HUD applications, one of which is Line of Credit Control System (eLOCCS). The eLOCCS is implementing a Single Sign-On solution under Secure Systems, where Grant recipients will be recognized and authenticated based on a Secure System ID and will no longer separately Sign-in to eLOCCS. Grant recipients use LOCCS system to request funds from HUD by signing into Secure Systems, as they normally do, and select the Line of Credit Control System (eLOCCS) link. Some Grantees (*all new or reinstated users who need to access eLOCCS*) will need to complete the LOCCS HUD–27054E form, have it notarized, send the original HUD–27054E LOCCS Access Authorization Form (with the original signature and notary seal) via U.S. Mail

to the Program Office for review. The LOCCS system will automatically generate an Access Authorization email letting the user know that HUD–27054E has been processed, enabling grantees to access their eLOCCS account. The information collected on the payment voucher will also be used as an internal control measure to ensure the lawful and appropriate disbursement of Federal funds as well as provide a service to program recipients.

Below is a link where the HUD–27054E LOCCS Authorized Form can be accessed: <http://portal.hud.gov/hudportal/documents/huddoc?id=27054E.pdf>.

*Respondents:* PHAs, state or local government. Tribes and tribally designated housing entities.

**SUPPLEMENTARY INFORMATION:** We, the U.S. Fish and Wildlife Service, invite the public to comment on an application for a permit under section 10(a)(1)(A) of the Endangered Species Act, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The requested permit would allow the applicant to conduct activities intended to promote recovery of species that are listed as endangered under the ESA.

**Background**

With some exceptions, the ESA prohibits activities that constitute take of listed species unless a Federal permit is issued that allows such activity. The ESA’s definition of “take” includes such activities as pursuing, harassing, trapping, capturing, or collecting, in addition to hunting, shooting, harming, wounding, or killing.

A recovery permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to conduct activities with endangered or threatened species for scientific purposes that promote recovery or for enhancement of

propagation or survival of the species. These activities often include such prohibited actions as capture and collection. Our regulations implementing section 10(a)(1)(A) for these permits are found in the Code of Federal Regulations (CFR) at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

**Permit Application Available for Review and Comment**

Proposed activities in the following permit request are for the recovery and enhancement of propagation or survival of the species in the wild. The ESA requires that we invite public comment before issuing this permit. Accordingly, we invite local, State, Tribal, and Federal agencies and the public to submit written data, views, or arguments with respect to this application. The comments and recommendations that will be most useful and likely to influence agency decisions are those supported by quantitative information or studies.
