[Docket No. APHIS–2019–0083]

Availability of a Final Environmental Assessment and Finding of No Significant Impact for Cogongrass Control Efforts in Alabama, Georgia, Mississippi, and South Carolina

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice.

SUMMARY: We are advising the public that we have prepared a final environmental assessment and finding of no significant impact relative to establishing an integrated management strategy to control cogongrass, a noxious weed, in Alabama, Georgia, Mississippi, and South Carolina. Based on our finding of no significant impact, we have determined that an environmental impact statement need not be prepared.

FOR FURTHER INFORMATION CONTACT: Ms. Anne LeBrun, APHIS, 4700 River Road, Unit 26, Riverdale, MD 20737; (301) 851–2259; email: anne.lebrun@usda.gov.

SUPPLEMENTARY INFORMATION:

Cogongrass (*Imperata cylindrica*) is an invasive, exotic perennial grass that is naturalized throughout the southeastern United States. Cogongrass grows in both natural and disturbed areas, including around homes, on public properties, paved and unpaved roadways, forestland, stream banks, and farmland. It spreads rapidly, reducing forest productivity, harming wildlife habitat and native ecosystems, encroaching in pasture and hayfields, and impacting rights-of-way. It usually grows in warm or tropical areas and is widely distributed on all continents except Antarctica.

While it is unlikely that cogongrass can be eliminated from the southeastern

United States, active control and eradication of cogongrass along the edge of the naturalized distribution area is possible through an integrated management strategy employing preventative, cultural, mechanical, biological, and chemical methods.

On March 2, 2020, we published in the *Federal Register* (85 FR 12250, Docket No. APHIS–2019–0083) a notice¹ in which we announced the availability, for public review and comment, of a draft programmatic environmental assessment (EA) that examined the potential environmental impacts associated with establishing an integrated management strategy to control cogongrass, a noxious weed, in Alabama, Georgia, Mississippi, and South Carolina.

We solicited comments on the EA for 30 days ending April 1, 2020. We received 11 comments by that date. The comments addressed several topics of concern and were submitted by representatives of State forestry offices, forest landowner organizations, and the public. Comments and our responses to them are addressed in Appendix 1 of the final EA.

In this document, we are advising the public of our finding of no significant impact (FONSI) regarding the establishment of an integrated management strategy to control cogongrass. The finding, which is based on the final EA, reflects our determination that the methods used as part of the integrated management strategy will not have a significant impact on the quality of the human environment.

The final EA and FONSI may be viewed on the *Regulations.gov* website (see footnote 1). Copies of the final EA and FONSI are also available for public inspection at the U.S. Department of Agriculture (USDA), Room 1620, South Building, 14th Street and Independence Avenue SW, Washington, DC. Normal hours are between 8 a.m. and 4:30 p.m., Monday through Friday, except holidays. Persons wishing to inspect copies are requested to call ahead on (202) 799–7039 to facilitate entry into the reading room. In addition, copies may be obtained by calling or writing to

the individual listed under **FOR FURTHER INFORMATION CONTACT**.

The final EA and FONSI have been prepared in accordance with: (1) The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*); (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500–1508); (3) USDA regulations implementing NEPA (7 CFR part 1b); and (4) the Animal and Plant Health Inspection Service's NEPA Implementing Procedures (7 CFR part 372).

Done in Washington, DC, this day of September 16, 2020.

Mark Davidson,

Acting Administrator, Animal and Plant Health Inspection Service.

Stainless Steel Butt-Weld Pipe Fittings From Italy: Rescission of Antidumping Duty Administrative Review; 2019-2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty order on stainless steel butt-weld pipe fittings from Italy for the period February 1, 2019, through January 31, 2020, based on the timely withdrawal of the request for review.

DATES: Applicable September 23, 2020.

FOR FURTHER INFORMATION CONTACT: John K. Drury, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0195.

SUPPLEMENTARY INFORMATION:

Background

On February 3, 2020, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on stainless steel butt-weld pipe fittings from Italy for the period of review covering February 1, 2019, through January 31, 2020.¹ On February 28, 2020, Core Pipe Products, Inc., and Taylor Forge Stainless Inc. (the petitioners) filed a timely request for review, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b).² Pursuant to this request and in accordance with section 751(a) of the Act and 19 CFR 351.221(c)(1)(i), we initiated an administrative review of Filmag Italia, SpA.³ On July 6, 2020, the petitioners filed a timely withdrawal of request for the administrative review.⁴

¹ See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 85 FR 5938 (February 3, 2020).

² See Petitioners' Letter, "Stainless Steel Butt-Weld Pipe Fittings from Italy: Petitioners' Request for 2019/2020 Administrative Review," dated February 28, 2020.

³ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 85 FR 19730 (April 8, 2020).

⁴ See Petitioners' Letter, "Stainless Steel Butt-Weld Pipe Fittings from Italy: Petitioners' Withdrawal of Review Request for 2019/2020 Administrative Review," dated July 6, 2020.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if the party that requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. As noted above, the petitioners, the only party to file a request for review, withdrew the sole review request within the 90-day deadline. Accordingly, we are rescinding the administrative review of the antidumping duty order on stainless steel butt-weld pipe fittings from Italy covering February 1, 2019 through January 31, 2020, in its entirety.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of stainless steel butt-weld pipe fittings from Italy. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the date of publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to all parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).
