It offers tools to submit help desk tickets, create reports, complete schedule training, plan trips, and complete other travel related functions, as well as provides a survey tool that supports the assessment of Defense Travel programs and the Defense Travel Management Office (DTMO) Workforce Assessment.

DATES: This system of records modification is effective upon publication; however, comments on the Routine Uses will be accepted on or before October 23, 2020. The Routine Uses are effective at the close of the comment period.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* *Federal Rulemaking Portal:* <https://www.regulations.gov>.

Follow the instructions for submitting comments.

* *Mail:* DoD cannot receive written comments at this time due to the COVID-19 pandemic. Comments should

be sent electronically to the docket listed above.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. SUPPLEMENTARY INFORMATION: The CTIMS serves as a repository of DoD travel records consisting of travel booked within the Defense Travel System (DTS) in order to perform key DTMO mission functions including responding to federal reporting requirements and conducting oversight operations. The OSD proposes to modify this system of records to reflect the revision of the Joint Federal Travel Regulation and its codification in 41 CFR 300-304. Additional changes were made to reflect evolving mission needs and updates to the system location and security. In all, this modification reflects changes to the system location, system manager(s), security classification, authority for maintenance of the system, purpose of the system, categories of individuals covered by the system, categories of records in the system, record source categories, routine uses of records maintained in the system, including categories of users and purposes of such users, policies and practices for retrieval of records, policies and practices for retention and disposal of records, contesting record procedures, administrative, physical, and technical safeguards, record access procedures, and notification procedures. If these updates were not made, the system would not be able to provide the full set of services required to support the mission-essential Defense Travel Program.

The DoD notices for systems of records subject to the Privacy Act of 1974, as amended, have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or at the Defense Privacy, Civil Liberties, and
