SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–89924; File No. SR–MEMX–2020–08]

Self-Regulatory Organizations; MEMX LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Update Rule 13.4(a) To Add the Sources of Data for MIAx PEARL, LLC and Long-Term Stock Exchange, Inc.

September 18, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on September 11, 2020, MEMX LLC (“MEMX” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing with the Commission a proposed rule change to update MEMX Rule 13.4(a) regarding the public disclosure of the sources of data that the Exchange utilizes when performing: (i) Order handling; (ii) order routing; (iii) Order execution; and (iv) related compliance processes to reflect the planned operation of MIAX PEARL, LLC ("MIAX PEARL") as an equities exchange beginning on September 25, 2020⁵ and the operation of Long-Term Stock Exchange, Inc. ("LTSE") as a registered national securities exchange, which began on August 28, 2020.⁶ The text of the proposed rule change is provided in Exhibit 5.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to update Rule 13.4(a) regarding the public disclosure of the sources of data that the Exchange utilizes when performing: (i) Order handling; (ii) order routing; (iii)

order execution; and (iv) related compliance processes to reflect the operation of MIAX PEARL as an equities exchange and LTSE as a registered national securities exchange.

On May 10, 2019, the Commission approved LTSE's application to register as a national securities exchange.⁷ LTSE began its phase-in of production securities on August 28, 2020.⁸ On August 14, 2020, the Commission approved MIAX PEARL's proposed rule change to establish rules governing the trading of equities securities.⁹ MIAX PEARL announced that it plans to launch equities trading on September 25, 2020.¹⁰ The Exchange, therefore, proposes to update Rule 13.4(a) regarding the public disclosure of the sources of data that the Exchange utilizes when performing: (i) Order handling; (ii) order routing; (iii) order execution; and (iv) related compliance processes to reflect the operation of MIAX PEARL as an equities exchange beginning on September 25, 2020 and LTSE as a registered national securities exchange, which began on August 28, 2020. Specifically, the Exchange proposes to amend Rule 13.4(a) to include each of MIAX PEARL and LTSE by stating it will utilize MIAX PEARL's direct data feed for market data and LTSE market data from the Consolidated Quotation System ("CQS")/UTP Quotation Data Feed ("UQDF"), for purposes of order handling, routing, execution, and related compliance processes. The Exchange will use CQS/UQDF as a secondary source for MIAX PEARL data. At this stage, no secondary source for LTSE market data will be used.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,¹¹ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹² in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market

and a national market system, and, in general, to protect investors and the public interest.

The Exchange believes that its proposal to update MEMX Rule 13.4(a) to include each of MIAX PEARL and LTSE is consistent with the Act because it will ensure that the Rule correctly identifies and publicly states on a market-by-market basis all of the specific network processor and proprietary data feeds that the Exchange utilizes for the handling, routing, and execution of orders, and for performing the regulatory compliance checks related to each of those functions. In particular, the Exchange receives and processes data feeds to facilitate compliance with the applicable requirements of Regulation NMS, including SEC Rule 611 (*i.e.*, the Order Protection Rule).¹³ The proposed rule change also removes impediments to and perfects the mechanism of a free and open market and protects investors and the public interest because it provides additional specificity, clarity and transparency.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange believes its proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the Exchange believes the proposal would enhance competition because including all of the exchanges enhances transparency and enables investors to better assess the quality of the Exchange's execution and routing services.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to 19(b)(3)(A)

of the Act¹⁴ and Rule 19b-4(f)(6)¹⁵ thereunder.

A proposed rule change filed pursuant to Rule 19b-4(f)(6) normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately. MEMX stated that the proposed rule change would provide clarity to market participants with respect to the specific network processor and proprietary data feeds that MEMX utilizes for the handling, routing, and execution of orders, and for performing the regulatory compliance checks related to each of those functions. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as doing so will ensure that the proposed rule change becomes operative by the date of MEMX's planned launch as a national securities exchange, September 21, 2020, which, in turn, will ensure that MEMX's rulebook accurately and clearly reflects the market data sources it utilizes for the above-specified functions from the date of its launch. Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.¹⁶

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
