### Federal Aviation Administration

[Docket No. FAA-2020-0228]

#### Agency Information Collection

#### Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Pilots Convicted of Alcohol or Drug-Related Motor Vehicle Offenses Subject to State Motor Vehicle Administrative Procedure

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on March 4, 2020. The collection involves receiving and maintaining correspondence required to be sent to the FAA from pilots who have been involved in a drug or alcohol related motor vehicle action. The information to be collected will be used to and/or is necessary because the FAA is concerned about those airmen abusing or dependent on drugs or

alcohol in regard to the safety of the National Airspace System.

**DATES:** Written comments should be submitted by October 29, 2020.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

**FOR FURTHER INFORMATION CONTACT:** Christopher Marks by email at: [Christopher.Marks@faa.gov](mailto:Christopher.Marks@faa.gov); phone: 405-954-2789.

**SUPPLEMENTARY INFORMATION: Public Comments Invited:** You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

*OMB Control Number:* 2120-0543.

*Title:* Pilots Convicted of Alcohol or Drug-Related Motor Vehicle Offenses Subject to State Motor Vehicle Administrative Procedure.

*Form Numbers:* No official form numbers used.

*Type of Review:* Renewal of an information collection.

*Background:* The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on March 4, 2020 (85 FR 12817). After a study and audit conducted from the late 1970’s through the 1980’s by the Department of Transportation, Office of the Inspector General, (DOT/OIG), the DOT/OIG recommended the FAA find a way to track alcohol abusers and those dependent on the substance that may pose a threat to the National Airspace (NAS). Through a Congressional act issued in November of 1990, the FAA established a Driving Under the Influence (DUI) and Driving While Intoxicated (DWI) Investigations Branch. The final rule for this program is found in Title 14 Code of Federal Regulations (CFR)—Part 61 § 61.15.

This regulation calls for pilots certificated by the FAA to send information regarding Driving Under the Influence (or similar charges) of alcohol and/or drugs to the FAA within 60 days from either an administrative action against their driver’s license and/or

criminal conviction. Part of the regulation also calls for the FAA to seek certificate action should an airman be involved in multiple, separate drug/alcohol related motor vehicle incidents within a three-year period. Information sent by the airmen is used to confirm or refute any violations of these regulations, as well as by the Civil Aerospace Medical Institute (CAMI) for medical qualification purposes. Collection by CAMI is covered under a separate OMB control number 2120-0034.

An airman is required to provide a letter via mail or facsimile, with the following information: Name, address, date of birth, pilot certificate number, the type of violation which resulted in the conviction or administrative action, and the state which holds the records or action.

*Respondents:* 589 FAA airmen with drug and alcohol related motor vehicle actions provide approximately 862 reports per year over the last three years.

*Frequency:* On occasion.

*Estimated Average Burden per Response:* 30 minutes.

*Estimated Total Annual Burden:* 431 hours.

Issued in Oklahoma City, OK on September 23, 2020.

### Federal Railroad Administration

[Docket Number FRA-2020-0064]

#### Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document supplements the August 11, 2020, notice to the public (85 FR 48631) regarding the July 28, 2020, petition by BNSF Railway Company (BNSF) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 213. The Federal Railroad Administration (FRA) assigned the petition Docket Number FRA-2020-0064.

In support of its petition, BNSF referenced data and analysis from BNSF’s ongoing Track Inspection Test Program, Docket Number FRA-2018-0091, however the specific data was not included in the petition. FRA requested that BNSF provide all applicable data, and FRA has posted the data to Docket
