Callie Koller, Field and External Affairs Division, Office of Pesticide Programs, 7650P, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (703) 347-8248; email address: koller.callie@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA’s public docket, visit <http://www.epa.gov/dockets>.

Abstract: This information collection request (ICR) is designed to provide the EPA with the necessary information to evaluate an application for the registration of a pesticide product, as required under section 3 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and section 408 of the Federal Food, Drug, and Cosmetic Act (FFDCA). FIFRA provides EPA with the authority to regulate the distribution, sale and use of pesticides in the United States to ensure that they will not pose unreasonable adverse effects to human health and the environment. Pesticides that meet this test receive a license or “registration.”

Form Numbers: 8570-1, 8570-4, 8570-27, 8570-34, 8570-35, 8570-36, 8570-37.

Respondents/affected entities: Pesticide and other agricultural chemical manufacturing engaged in activities related to the registration of a pesticide product.

Respondent’s obligation to respond: Responses to the collection of information are mandatory under FIFRA § 3 and FFDCA § 408 as amended by FQPA.

Estimated number of respondents: 1,808 (total).

Frequency of response: On occasion.

Total estimated burden: 1,562,517 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$120,563,052 (per year), which includes \$0 annualized capital or operation & maintenance costs.

Changes in the estimates: The activities in this ICR increase net respondent burden by 37,624 hours annually over the levels in the currently

approved collection. While burden per response levels remain unchanged, the number of responses expected in certain categories has shifted as a result of using an updated data set (Section 3 registration actions annually, on average, during the years 2015–2017) to predict future registration application levels. Additionally, in this iteration of the ICR, the Agency calculates the expected annual application burden of three proposed programs that are anticipated to come online in the next three years.

Courtney Kerwin,

Director, Regulatory Support Division.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL 10015-20-OW]

Notice of Public Meeting of the Environmental Financial Advisory Board

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The United States Environmental Protection Agency (EPA) announces a public meeting of the Environmental Financial Advisory Board (EFAB). The purpose of the meeting will be for the EFAB to provide advice on how the EPA can encourage private investment in Opportunity Zones, receive a briefing on the Agency’s response to recent EFAB reports, receive updates on EPA activities relating to environmental finance, and consider possible future advisory topics.

DATES: The meeting will be held on October 14, 2020 from 11 a.m. to 3 p.m. (Eastern Time) and October 15, 2020 from 11 a.m. to 3 p.m. (Eastern Time).

ADDRESSES: The meeting will be conducted via webcast and telephone. Interested persons must register in advance at the weblink below to access the meeting in the *Registration for the Meeting* section of this document.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wants information about the meeting may contact Ed Chu, the Designated Federal Officer, via telephone/voice mail at (913) 551-7333 or email to chu.ed@epa.gov. General information concerning the EFAB is available at <https://www.epa.gov/waterfinancecenter/efab>.

SUPPLEMENTARY INFORMATION:

Background: The EFAB is an EPA advisory committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C. App. 2, to provide advice and recommendations to EPA on innovative approaches to funding environmental programs, projects, and activities. Administrative support for the EFAB is provided by the Water Infrastructure and Resiliency Finance Center within EPA’s Office of Water. Pursuant to FACA and EPA policy, notice is hereby given that the EFAB will hold a virtual public meeting for the following purposes:

(1) Engage in a consultation on how the EPA can encourage private investment in Opportunity Zones. Qualified Opportunity Zones are census tracts of low-income and distressed communities designated by state governors and certified by the Department of Treasury. These are areas where new investments, under certain conditions, may be eligible for preferential tax treatment.

(2) Receive a briefing from EPA’s Office of Water on the Agency’s response to recent EFAB reports on funding and financing of stormwater infrastructure, water system regionalization, and alternative service delivery options for public utility projects.

(3) Receive briefings from invited speakers from EPA and the Environmental Finance Center Network on environmental finance topics, including activities to respond to the COVID-19 pandemic.

(4) Discuss potential future EFAB projects.

Availability of Meeting Materials: Meeting materials (including meeting agenda and briefing materials) will be available on EPA’s website at <https://www.epa.gov/waterfinancecenter/efab>.

Procedures for Providing Public Input: Public comment for consideration by EPA’s federal advisory committees has a different purpose from public comment provided to EPA program offices.

Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees provide independent advice to EPA. Members of the public can submit comments on matters being considered by the EFAB for consideration by members as they develop their advice and recommendations to EPA.

Registration for the Meeting: Register for the meeting at: <https://gcc01.safelinks.protection.outlook.com/?url=https%3A%2F%2Fwww.avcontact.com%2Fefab>.

Oral Statements: In general, individuals or groups requesting an oral presentation at a virtual EFAB public meeting will be limited to three minutes. Persons interested in providing oral statements at the October 14 and 15, 2020 meetings should register and provide notification as noted in the registration confirmation by October 13, 2020 to be placed on the list of registered speakers.

Written Statements: Written statements for the October 14 and 15, 2020 meetings should be received by October 7, 2020 so that the information can be made available to the EFAB for its consideration prior to the meeting. Written statements should be sent via email to efab@epa.gov. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the EFAB website. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, or to request accommodations for a disability, please register for the meeting and list any special requirements or accommodations needed on the registration form at least 10 business days prior to the meeting to allow as much time as possible to process your request.

Dated: September 23, 2020.

Andrew D. Sawyers,
*Director, Office of Wastewater Management,
Office of Water.*

ENVIRONMENTAL PROTECTION AGENCY

[EPA-R08-OAR-2018-0349; FRL-10015-14-Region 8]

Clean Air Act Operating Permit Program; Notice of Issuance of Title V Federal Operating Permit to MPLX

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final action.

SUMMARY: This notice announces that the Environmental Protection Agency issued a final permit decision under Title V of the Clean Air Act (CAA) to MPLX for the operation of MPLX's Uintah County, Utah, Wonsits Valley Compressor Station.

DATES: EPA issued Title V Permit to Operate No. V-UO-000005-2018.00 to MPLX, effective September 16, 2020 under 40 CFR part 71. EPA issued the final permit decision as to the contested portions of this permit on September 16, 2020. Pursuant to section 307(b)(1) of the CAA, judicial review of EPA's final permit decision, to the extent it is available, may be sought by filing a petition for review in the United States Court of Appeals for the Tenth Circuit by November 30, 2020.

FOR FURTHER INFORMATION CONTACT: Colin Schwartz, Environmental Scientist, Air and Radiation Division (8ARD-PM), Environmental Protection Agency, Region 8, 1595 Wynkoop Street, Denver, Colorado 80202, telephone number: (303) 312-6043, email address: schwartz.colin@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document whenever "we," "us," or "our" is used, we mean EPA. This **SUPPLEMENTARY INFORMATION** section is arranged as follows:

I. How can I get copies of this document and other related information?

Docket. EPA has established a docket for this action under Docket ID No. EPA-R08-OAR-2018-0349. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the Environmental Protection Agency, Region 8, Air and Radiation Division, 1595 Wynkoop Street, Denver, Colorado 80202. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays and facility closures due to COVID 19. We recommend that you telephone Colin Schwartz, Environmental Scientist, at (303) 312-6043 with any questions before reviewing the docket material. After visiting the Region 8 office.

II. Background

The 1990 amendments to the CAA established a comprehensive air quality permit program under the authority of Title V of the CAA. Title V requires certain facilities that emit large amounts of air pollution, or that meet other specified criteria, to obtain an operating permit, known as a Title V permit, after the source has begun to operate. This permit is an enforceable compilation of all enforceable terms, conditions, and limitations applicable to the source, and

is designed to improve compliance by clarifying what facilities must do to control air pollution. EPA regulations implementing Title V are codified at 40 CFR part 71 for permits issued by EPA or its delegates, and at 40 CFR part 70 for permits issued by states and local agencies pursuant to approved programs. A Title V permit is valid for no more than five years and may be renewed in five-year-increments.

MPLX, LP operates a facility in Uintah County, Utah, known as the Wonsits Valley Compressor Station. The owner of the facility is Andeavor Field Services, LLC. At the facility, natural gas is dehydrated and compressed before being routed offsite through a pipeline. The facility operates two control devices to control the emissions from the dehydration unit. In 2013, EPA issued an initial Title V permit for the Wonsits Valley facility pursuant to 40 CFR part 71. On May 13, 2020, EPA issued a renewed Title V permit to Andeavor and MPLX. See Title V Permit to Operate No. V-UO-000005-2018.00, Docket ID: EPA-R08-OAR-2018-0349. By its own terms, and consistent with 40 CFR 71.11(i)(2), most provisions of the renewal permit became effective on May 13, 2020. But on May 13, 2020, MPLX petitioned the EPA's Environmental Appeals Board (EAB) to review certain terms and conditions of the May 2020 Title V permit. Consequently, under 40 CFR 71.11(i)(2)(ii), the effective date of the contested terms and conditions of the permit was delayed.

III. Effect of This Action

On September 2, 2020, the EAB denied MPLX's petition for review. See *In re MPLX*, Permit No. V-UO-000005-2018.00, CAA Appeal No. 20-01 (EAB, Sep. 2, 2020) (Order Denying Review). Following the EAB's action, pursuant to 40 CFR 71.11(l)(5)(i), EPA issued a final permit decision as to the contested portions of the permit on September 16, 2020. All contested conditions of Title V Permit No. V-UO-000005-2018.00, as issued by EPA on May 13, 2020, were therefore final and effective as of September 16, 2020. Except as provided in the permit, the final Title V permit will expire on September 16, 2025.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: September 23, 2020.

Debra Thomas,
Acting Regional Administrator, Region 8.
