## DEPARTMENT OF LABOR

### Office of Disability Employment Policy

[Agency Docket Number: DOL-2020-0006]

RIN 1230-ZA00

#### Request for Information on Proposed Transfer of Ticket to Work Program From the Social Security Administration to the U.S. Department of Labor

**AGENCY:** Office of Disability Employment Policy, U.S. Department of Labor.

**ACTION:** Request for information.

**SUMMARY:** The Social Security Administration’s (SSA) Ticket to Work and Self-Sufficiency Program (Ticket program) is intended to assist adult disability beneficiaries in becoming employed, yet relatively few disability beneficiaries have successfully participated in the program. In order to strengthen the Ticket program, the President’s Budget for Fiscal Year 2021 includes a legislative proposal to improve program structure and coordination and transfer administration of the program to the Department of Labor (DOL), in order to better integrate the program into the public workforce system and better serve disability beneficiaries who want to work. This request for information (RFI) seeks public input regarding how the proposed changes to the Ticket program would impact disability beneficiaries who want to work and the systems that currently serve their employment and related needs, and to identify critical considerations for designing and implementing an improved program.

**DATES:** Comments must be received by November 13, 2020.

**ADDRESSES:** You may submit comments via the internet. Please visit the Federal eRulemaking portal at <http://www.regulations.gov>. Use the “Search” function to find docket number DOL-2020-0006. The system will issue a tracking number to confirm your submission. You will not be able to view your comment immediately because we must post each comment manually. It may take up to a week for your comment to be viewable.

**Caution:** In your comments, you should be careful to include only the information that you wish to make publicly available. We strongly urge you not to include in your comments any personal information, such as Social Security numbers or medical information.
