by phone at 425–783–6061 or via email at *daniel.kipervaser@usda.gov.*

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 between 8:00 a.m. and 8:00 p.m., Eastern Standard Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The purpose of the meeting is to:

1. Provide updates regarding status of Secure Rural Schools Title II program and funding;

2. Review project proposals submitted by the October 16, 2020 deadline; and

3. Recommend eligible projects and funding level.

The meeting is open to the public. The agenda will include time for people to make oral statements of three minutes or less. Individuals wishing to make an oral statement should request in writing by October 24, 2020, to be scheduled on the agenda. Anyone who would like to bring related matters to the attention of the committee may file written statements with the committee staff before or after the meeting. Written comments and requests for time to make oral comments must be sent to Dan Kipervaser, Designated Federal Officer, 2930 Wetmore Ave., Suite 3A, Everett, Washington 98201; by email to daniel.kipervaser@usda.gov. or via facsimile to 425–783–0141.

Meeting Accommodations: If you are a person requiring reasonable accommodation, please make requests in advance for sign language interpreting, assistive listening devices, or other reasonable accommodation. For access to the facility or proceedings, please contact the person listed in the section titled FOR FURTHER INFORMATION CONTACT. All reasonable accommodation requests are managed on a case-by-case basis.

Cikena Reid,

Committee Management Officer. [FR Doc. 2020–21561 Filed 9–29–20; 8:45 am] BILLING CODE 3411–15–P

DEPARTMENT OF AGRICULTURE

National Agricultural Statistics Service

Notice of Revision to the Agricultural Labor Survey and Farm Labor Reports by Suspending Data Collection for October 2020

AGENCY: National Agricultural Statistics Service, USDA.

ACTION: Notice of change to data collection and publication.

SUMMARY: This notice announces the intention of the National Agricultural Statistics Service (NASS) not to collect data for the currently approved information collection, the Agricultural Labor Survey, and its associated publication originally planned for November 2020.

FOR FURTHER INFORMATION CONTACT:

Kevin L. Barnes, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, (202) 720–4333.

SUPPLEMENTARY INFORMATION:

Title: Agricultural Labor Survey.

OMB Control Number: 0535-0109.

Expiration Date of Approval: February 28, 2022.

Type of Request: To suspend a currently approved information collection.

Abstract: The primary objective of the National Agricultural Statistics Service is to prepare and issue State and national estimates of crop and livestock production, disposition, and prices. The Agricultural Labor Survey provides quarterly statistics on the number of agricultural workers, hours worked, and wage rates. Number of workers and hours worked have been used to estimate agricultural productivity; wage rates have been used in the administration of the H-2A Program and for setting Adverse Effect Wage Rates. Survey data have also been used to carry out provisions of the Agricultural Adjustment Act.

USDA has determined the public can access other data sources for the data collected in the Agricultural Labor Survey. These sources include, but are not limited to, the Agricultural Resources Management Survey (ARMS), Census of Agriculture (COA), American Community Survey (ACS), Quarterly Census of Employment and Wages (OCEW), National Economic Accounts, and the National Agricultural Workers Survey (NAWS). Therefore, NASS will not be collecting data in October 2020, as originally planned. NASS will not publish the biannual Farm Labor report this November.

Authority: These data were collected under authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents.

Estimate of Burden: There will be no further public reporting burden for this quarterly collection of information.

Signed at Washington, DC, September 24, 2020.

William Northey,

Under Secretary, Farm Production and Conservation USDA. [FR Doc. 2020–21592 Filed 9–29–20; 8:45 am] BILLING CODE P

Foreign-Trade Zones Board

[B-59-2020]

Foreign-Trade Zone (FTZ) 26—Atlanta, Georgia Notification of Proposed Production Activity, OFS Fitel, LLC (Optical Fiber Products) Carrollton, Georgia

OFS Fitel, LLC (OFS Fitel) submitted a notification of proposed production activity to the FTZ Board for its facility in Carrollton, Georgia. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on September 21, 2020.

The OFS Fitel facility is located within FTZ 26. The facility is used for the production of optical fiber products. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt OFS Fitel from customs duty payments on the foreign-status components used in export production. On its domestic sales, for the foreignstatus materials/components noted below, OFS Fitel would be able to choose the duty rates during customs entry procedures that apply to optical fibers and optical fiber cables, bundles and ribbon (duty rates are duty-free or 6.7%). OFS Fitel would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Color chips (high concentration of pigments and additives encapsulated by a polymer); UV curable ink (liquid prepolymer); epoxy; plastic jacketing compound; flame retardant plastic jacketing compound; acrylic plastic central members or rods; standard nonwaterblock and waterblock aramid yarn; water block tape (nonwoven polyester); stainless steel wire; optical fibers; optical bundles; steel tape; alloy steel tape; and, jacketed plastic strength
