

DEPARTMENT OF HEALTH AND HUMAN SERVICES**National Institutes of Health****Government-Owned Inventions; Availability for Licensing**

AGENCY: National Institutes of Health, HHS.

ACTION: Notice.

SUMMARY: The invention listed below is owned by an agency of the U.S. Government and is available for licensing to achieve expeditious commercialization of results of federally-funded research and development. Foreign patent applications are filed on selected inventions to extend market coverage for companies and may also be available for licensing.

FOR FURTHER INFORMATION CONTACT: Amy F. Petrik, Ph.D., 240-627-3721; amy.petrik@nih.gov. Licensing information and copies of the U.S. patent application listed below may be obtained by communicating with the indicated licensing contact at the Technology Transfer and Intellectual Property Office, National Institute of Allergy and Infectious Diseases, 5601 Fishers Lane, Rockville, MD, 20852; tel. 301-496-2644. A signed Confidential Disclosure Agreement will be required to receive copies of unpublished patent applications.

SUPPLEMENTARY INFORMATION: Technology description follows.

Structure-Based Design of SARS2-CoV-2 Spike Immunogens Stabilized in the RBD-All Down Conformation*Description of Technology:*

SARS-CoV-2 has emerged as a global pathogen, sparking urgent vaccine development efforts. The trimeric SARS-CoV-2 spike appears to be a leading vaccine antigen. However, the inability of antibodies such as CR3022, which binds tightly to a cryptic spike epitope, to neutralize SARS-CoV-2 suggests a spike-based means of neutralization escape.

Researchers at the Vaccine Research Center (VRC) of the National Institute of Allergy and Infectious Diseases (NIAID) sought to understand how antibodies with high affinity fail to neutralize the SARS-CoV-2. To that end, the researchers characterized the SARS-CoV-2 spike protein conformational changes as a function of pH and observed that at endosomal pH the spike protein has a conformation in which all of the receptor binding domains (RBD) are in a down conformation which

could explain the virus' ability to escape neutralization in the endosome.

Hypothesizing that SARS-CoV-2 escapes neutralization through pH-dependent conformational masking, the researchers designed spike proteins with mutations to stabilize the spike in the RBD-all down conformation. Such designs include cavity-filling mutations, disulfides, aspartic acid to asparagine mutations, proline mutations, and other sequence modifications to fix the spike protein in its RBD-all down conformation so that immunization at a physiological pH will elicit antibodies that can recognize the low pH-stabilized all RBD-down conformation of the spike protein and no longer be susceptible to pH-induced neutralization escape.

Immunogenicity studies are underway to determine which of the designs will yield a neutralizing immune response in mice. Pending results in mice, a lead candidate will be selected for studies in nonhuman primates.

This technology is available for licensing for commercial development in accordance with 35 U.S.C. 209 and 37 CFR part 404.

Potential Commercial Applications

- An improved stabilized spike immunogen for the development of protective SARS-CoV-2 vaccine.

Competitive Advantages

- Stabilized SARS-CoV-2 spike variants with potential to elicit higher levels of neutralizing antibodies than current related vaccine development.
- Identification of a methodology to screen for improved spike variants (by assessing binding by neutralizing versus non-neutralizing antibodies).

Development Stage: Preclinical Research.

Inventors: Peter Dak-Pin Kwong (NIAID); Tongqing Zhou (NIAID); Yaroslav Tsybovsky (NCI); Adam Shabbir Olia (NIAID); John R. Mascola (NIAID).

Publications: Zhou, T *et al.*, (2020). Cryo-EM Structures Delineate a pH-Dependent Switch that Mediates Endosomal Positioning of SARS-CoV-2 Spike Receptor-Binding Domains. *BioRxiv*.

Intellectual Property: HHS Reference Number E-187-2020 includes U.S. Provisional Patent Application Number 63/046,603, filed 06/30/2020.

Licensing Contact: To license this technology, please contact Amy F. Petrik, Ph.D., 240-627-3721; amy.petrik@nih.gov.

Dated: September 17, 2020.

Surekha Vathyam,

Deputy Director, Technology Transfer and Intellectual Property Office, National Institute of Allergy and Infectious Diseases.

BILLING CODE 4140-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Substance Abuse and Mental Health Services Administration****Current List of HHS-Certified Laboratories and Instrumented Initial Testing Facilities Which Meet Minimum Standards To Engage in Urine and Oral Fluid Drug Testing for Federal Agencies**

AGENCY: Substance Abuse and Mental Health Services Administration, HHS.

ACTION: Notice.

SUMMARY: The Department of Health and Human Services (HHS) notifies federal agencies of the laboratories and Instrumented Initial Testing Facilities (IITFs) currently certified to meet the standards of the Mandatory Guidelines for Federal Workplace Drug Testing Programs using Urine or Oral Fluid (Mandatory Guidelines).

FOR FURTHER INFORMATION CONTACT: Anastasia Donovan, Division of Workplace Programs, SAMHSA/CSAP, 5600 Fishers Lane, Room 16N06B, Rockville, Maryland 20857; 240-276-2600 (voice); Anastasia.Donovan@samhsa.hhs.gov (email).

SUPPLEMENTARY INFORMATION: A notice listing all currently HHS-certified laboratories and IITFs is published in the **Federal Register** during the first week of each month. If any laboratory or IITF certification is suspended or revoked, the laboratory or IITF will be omitted from subsequent lists until such time as it is restored to full certification under the Mandatory Guidelines.

If any laboratory or IITF has withdrawn from the HHS National Laboratory Certification Program (NLCP) during the past month, it will be listed at the end and will be omitted from the monthly listing thereafter.

This notice is also available on the internet at <https://www.samhsa.gov/workplace/resources/drug-testing/certified-lab-list>.

The Department of Health and Human Services (HHS) notifies federal agencies of the laboratories and Instrumented Initial Testing Facilities (IITFs) currently certified to meet the standards of the Mandatory Guidelines for Federal Workplace Drug Testing Programs

(Mandatory Guidelines) using Urine and of the laboratories currently certified to meet the standards of the Mandatory Guidelines using Oral Fluid.

The Mandatory Guidelines using Urine were first published in the **Federal Register** on April 11, 1988 (53 FR 11970), and subsequently revised in the **Federal Register** on June 9, 1994 (59 FR 29908); September 30, 1997 (62 FR 51118); April 13, 2004 (69 FR 19644); November 25, 2008 (73 FR 71858); December 10, 2008 (73 FR 75122); April 30, 2010 (75 FR 22809); and on January 23, 2017 (82 FR 7920).

The Mandatory Guidelines using Oral Fluid were first published in the **Federal Register** on October 25, 2019 (84 FR 57554) with an effective date of January 1, 2020.

The Mandatory Guidelines were initially developed in accordance with Executive Order 12564 and section 503 of Public Law 100-71 and allowed urine drug testing only. The Mandatory Guidelines using Urine have since been revised, and new Mandatory Guidelines allowing for oral fluid drug testing have been published. The Mandatory Guidelines require strict standards that laboratories and IITFs must meet in order to conduct drug and specimen validity tests on specimens for federal agencies. HHS does not allow IITFs to conduct oral fluid testing.

To become certified, an applicant laboratory or IITF must undergo three rounds of performance testing plus an on-site inspection. To maintain that certification, a laboratory or IITF must participate in a quarterly performance testing program plus undergo periodic, on-site inspections.

Laboratories and IITFs in the applicant stage of certification are not to be considered as meeting the minimum requirements described in the HHS Mandatory Guidelines using Urine and/or Oral Fluid. An HHS-certified laboratory or IITF must have its letter of certification from HHS/SAMHSA (formerly: HHS/NIDA), which attests that the test facility has met minimum standards. HHS does not allow IITFs to conduct oral fluid testing.

HHS-Certified Laboratories Approved To Conduct Oral Fluid Drug Testing

In accordance with the Mandatory Guidelines using Oral Fluid dated October 25, 2019 (84 FR 57554), the following HHS-certified laboratories meet the minimum standards to conduct drug and specimen validity tests on oral fluid specimens:

At this time, there are no laboratories certified to conduct drug and specimen validity tests on oral fluid specimens.

HHS-Certified Instrumented Initial Testing Facilities Approved To Conduct Urine Drug Testing

In accordance with the Mandatory Guidelines using Urine dated January 23, 2017 (82 FR 7920), the following HHS-certified IITFs meet the minimum standards to conduct drug and specimen validity tests on urine specimens:

Dynacare, 6628 50th Street NW, Edmonton, AB Canada T6B 2N7, 780-784-1190 (Formerly: Gamma-Dynacare Medical Laboratories)

HHS-Certified Laboratories Approved To Conduct Urine Drug Testing

In accordance with the Mandatory Guidelines using Urine dated January 23, 2017 (82 FR 7920), the following HHS-certified laboratories meet the minimum standards to conduct drug and specimen validity tests on urine specimens:

Alere Toxicology Services, 1111 Newton St., Gretna, LA 70053, 504-361-8989/800-433-3823 (Formerly: Kroll Laboratory Specialists, Inc., Laboratory Specialists, Inc.)

Alere Toxicology Services, 450 Southlake Blvd., Richmond, VA 23236, 804-378-9130 (Formerly: Kroll Laboratory Specialists, Inc., Scientific Testing Laboratories, Inc.; Kroll Scientific Testing Laboratories, Inc.)

Clinical Reference Laboratory, Inc., 8433 Quivira Road, Lenexa, KS 66215-2802, 800-445-6917

Cordant Health Solutions, 2617 East L Street, Tacoma, WA 98421, 800-442-0438 (Formerly: STERLING Reference Laboratories)

Desert Tox, LLC, 5425 E Bell Rd., Suite 125, Scottsdale, AZ 85254, 602-457-5411/623-748-5045

DrugScan, Inc., 200 Precision Road, Suite 200, Horsham, PA 19044, 800-235-4890

Dynacare,* 245 Pall Mall Street, London, ONT, Canada N6A 1P4, 519-

* The Standards Council of Canada (SCC) voted to end its Laboratory Accreditation Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections of those LAPSA-accredited laboratories was transferred to the U.S. HHS, with the HHS' NLCP contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do.

Upon finding a Canadian laboratory to be qualified, HHS will recommend that DOT certify the laboratory (**Federal Register**, July 16, 1996) as

679-1630 (Formerly: Gamma-Dynacare Medical Laboratories) ElSohly Laboratories, Inc., 5 Industrial Park Drive, Oxford, MS 38655, 662-236-2609

BILLING CODE 4160-20-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2020-0047]

Towing Safety Advisory Committee; October 2020 Teleconference

AGENCY: Coast Guard, Department of
Homeland Security.

ACTION: Notice of Federal Advisory
Committee teleconference meeting.

SUMMARY: The Towing Safety Advisory
Committee (Committee) will meet via
teleconference to discuss Task 16-01,
Subchapter M Implementation. The
Committee is expected to receive the
final report from the subcommittee
tasked with identifying the parameters
Coast Guard officials should use to
determine whether a vessel inspected
under subchapters other than
Subchapter M performs occasional
towing. Additional items to be
discussed are also included as agenda
items in the **SUPPLEMENTARY
INFORMATION** section below.

DATES: Meeting: The full Committee will
meet by teleconference on Thursday,
October 29, 2020, from 1 p.m. until 3
p.m. Eastern Standard Time. Please note
that this meeting may close early if the
Committee has completed its business.

**Comments and supporting
documents:** To ensure your comments
are received by Committee members
before the teleconference, submit your
written comments no later than October
20, 2020.

ADDRESSES: To join the teleconference
or to request special accommodations,
contact the individual listed in the **FOR
FURTHER INFORMATION CONTACT** section

no later than 1 p.m. on October 20,
2020, to obtain the needed information.
The number of teleconference lines are
limited and will be available on a first-
come, first-served basis.

Instructions: You are free to submit
comments at any time, including orally
at the teleconference, but if you want
Committee members to review your
comments before the teleconference,
please submit your comments no later
than October 20, 2020. We encourage
you to submit comments through the
Federal eRulemaking Portal at [https://
www.regulations.gov](https://www.regulations.gov). If your material
cannot be submitted using [https://
www.regulations.gov](https://www.regulations.gov) call or email the
individual in the **FOR FURTHER
INFORMATION CONTACT** section of this
document for alternate instructions. You
must include the docket number
[USCG-2020-0047]. Comments received
will be posted without alteration at
<https://www.regulations.gov>, including
any personal information provided. For
more about privacy and submissions in
response to this document, see DHS's
eRulemaking System of Records notice
(85FR 14226, March 11, 2020). If you
encounter technical difficulties with
comment submission, contact the
individual listed in the **FOR FURTHER
INFORMATION CONTACT** section of this
notice.

Docket Search: Documents mentioned
in this notice as being available in the
docket, and all public comments, will
be in our online docket at [https://
www.regulations.gov](https://www.regulations.gov) and can be viewed
by following that website's instructions.
Additionally, if you go to the online
docket and sign-up for email alerts, you
will be notified when comments are
posted.

FOR FURTHER INFORMATION CONTACT: Mr.
Matthew D. Layman, Alternate
Designated Federal Officer of the
Towing Safety Advisory Committee,
2703 Martin Luther King Jr Ave. SE,
Stop 7509, Washington, DC 20593-
7509, telephone 202-372-1421, fax
202-372-8382 or [Matthew.D.Layman@
uscg.mil](mailto:Matthew.D.Layman@uscg.mil).

SUPPLEMENTARY INFORMATION: The
Towing Safety Advisory Committee
provides advice and recommendations
to the Department of Homeland Security
on matters related to shallow-draft
inland and coastal waterway navigation
and towing safety. It was established by
Public Law 96-380 in 1980 and was an
active committee on December 3, 2018,
the day before the Frank LoBiondo
Coast Guard Authorization Act of 2018
(Pub. L. 115-282) was enacted, and
operates under provisions of Sec. 601
(d) of that Act.

Agenda

The agenda for the October 29, 2020,
teleconference meeting is as follows:

(1) Final report from the
Subcommittee on "Recommendations
on the Implementation of 46 Code of
Federal Regulations Subchapter M—
Inspection of Towing Vessels (Task 16-
01).

(2) Update on the National Towing
Safety Advisory Committee and the
December 4, 2020 termination date for
the Towing Safety Advisory Committee.

(3) Update from the Office of
Commercial Vessel Compliance on the
status of Subchapter M Implementation.

(4) Awards and recognition.

(5) Public Comment period.

A copy of all pre-meeting
documentation will be available at
[https://www.dco.uscg.mil/Our-
Organization/Assistant-Commandant-
for-Prevention-Policy-CG-5P/
Commercial-Regulations-standards-CG-
5PS/Office-of-Operating-and-
Environmental-Standards/vfos/TSAC/](https://www.dco.uscg.mil/Our-Organization/Assistant-Commandant-for-Prevention-Policy-CG-5P/Commercial-Regulations-standards-CG-5PS/Office-of-Operating-and-Environmental-Standards/vfos/TSAC/).
Alternatively, you may contact Mr.
Matthew Layman as noted in the **FOR
FURTHER INFORMATION CONTACT** section
above.

During the October 29, 2020
teleconference, a public comment
period will be held from approximately
2:45 p.m. to 3 p.m. Eastern Standard
Time. Speakers are requested to limit
their comments to 3 minutes. Please
note that this public comment period
may start before 2:45 p.m. if all other
agenda items have been covered and
may end before 3 p.m. if all of those
wishing to comment have done so.
Please contact Mr. Matthew D. Layman,
listed in the **FOR FURTHER INFORMATION
CONTACT** section to register as a speaker.

Dated: September 18, 2020.

Jeffrey G. Lantz,

*Director of Commercial Regulations and
Standards.*
