On July 10, 2019, the ALJ severed from the 1163 investigation the present investigation, Investigation No. 337-TA-1168, which concerns whether there is a violation of section 337 based on allegations of infringement of the ‘483, ‘053, and ‘421 patents. Order No. 5 at 2 (July 10, 2019).

On January 20, 2020, the Commission terminated this investigation as to claim 7 of the ‘421 patent. Order No. 18 (Dec. 30, 2019), *unreviewed by Comm’n Notice* (Jan. 29, 2020). On February 7, 2020, the Commission terminated this investigation as to respondents MLS Co., Ltd. and Ledvance GmbH. Order No. 24 (Jan. 14, 2020), *unreviewed by Comm’n Notice* (Feb. 7, 2020). On February 26, 2020, the Commission terminated this investigation as to: (1) Claims 2 and 10 of the ‘421 patent; (2) claims 4, 16-20, 22, and 26-30 of the ‘053 patent; and (3) as to Lumileds only, claims 1-5 and 12 of the ‘053 patent. Order No. 26 (Jan. 29, 2020), *unreviewed by Comm’n Notice* (Feb. 26, 2020).

On February 14, 2020, the ALJ issued an initial determination granting in part Respondents’ motion for summary determination on non-infringement and failure to meet the technical prong of the domestic industry requirement. Order No. 32 (Initial Determination) (Feb. 14, 2020). The Commission declined to review that determination and subsequently terminated the investigation as to: (1) All asserted claims of the ‘483 patent; and (2) asserted claims 7 and 11-15 of the ‘053 patent. *See Comm’n Notice* (Apr. 7, 2020). That determination is currently on appeal. Appeal No. 20-1907 (Fed. Cir.).

On June 26, 2020, the ALJ issued a combined final ID and RD on remedy and bonding. The final ID finds no violation of Section 337. *See Final ID.*

On July 15, 2020, LSG filed a petition for review of certain findings in the final ID, and Respondents filed a contingent-in-part petition for review. On July 28, 2020, the parties filed responses to each other’s petitions.

On July 27, 2020, the Commission received submissions on the public interest pursuant to Commission Rule 210.50(a)(4) (19 CFR 210.50(a)(4)) from the following Respondents: (1) Acuity Brands, Inc. and Acuity Brands Lighting, Inc.; and (2) General Electric Co. and Consumer Lighting (U.S.), LLC (d/b/a GE Lighting, LLC). On July 28, 2020, the Commission received a submission on the public interest from LSG. No submissions were filed in response to the Commission’s **Federal Register** notice. *See* 85 FR 40318-19 (July 6, 2020).

Having reviewed the record in this investigation, including the ALJ's orders and final ID, as well as the parties' petitions and responses thereto, the Commission has determined to review the final ID in part. Specifically, the Commission has determined to review the following issues: (1) Whether the accused Nichia products and the alleged domestic industry product satisfy the limitation "and thermally coupled through the metal base to the thermal connection pad" of claim 1 of the '053 patent; (2) whether the accused products and the alleged domestic industry products satisfy the additional limitation "wherein the thermally conducting base includes a metal base" of claim 6 of the '421 patent; (3) whether the asserted claims of the '421 patent are invalid as obvious; and (4) whether LSG satisfied the economic prong of the domestic industry requirement. On review, the Commission has determined to take no position on these issues.

Further on review, the Commission has determined to correct two typographical errors in the final ID: In the fourth line of page 34, "does recite" is replaced with "does not recite"; and in the fifth line of page 40, "a thermal via" is replaced with "thermal coupling."

The Commission has determined not to review the remaining findings in the final ID, in particular that the asserted claims of the '053 and '421 patents have not been infringed, that the technical prong of the domestic industry requirement has not been satisfied with respect to either the '053 or '421 patent, and that the asserted claims of the '421 patent have been shown invalid as anticipated and for lacking written description support.

Accordingly, the Commission has determined to affirm the final ID's finding of no violation of section 337. The investigation is terminated.

The Commission vote for these determinations took place on October 1, 2020.

The authority for the Commission's determinations is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

While temporary remote operating procedures are in place in response to COVID-19, the Office of the Secretary is not able to serve parties that have not retained counsel or otherwise provided a point of contact for electronic service. Accordingly, pursuant to Commission Rules 201.16(a) and 210.7(a)(1) (19 CFR 201.16(a), 210.7(a)(1)), the Commission orders that the Complainant(s) complete

service for any party/parties without a method of electronic service noted on the attached Certificate of Service and shall file proof of service on the Electronic Document Information System (EDIS).

By order of the Commission.

Issued: October 1, 2020.
