

delegated to the Department of Homeland Security (DHS) generally in section 401 of Executive Order 13603,² “National Defense Resources Preparedness,” and specifically for response to the spread of COVID–19 within the United States in section 3 of Executive Order 13911,³ “Delegating Additional Authority Under the Defense Production Act With Respect to Health and Medical Resources To Respond to the Spread of COVID–19.” The Secretary of Homeland Security has delegated this authority to the FEMA Administrator in section II of DHS Delegation 09052, Rev. 00.1, “Delegation of Defense Production Act Authority to the Administrator of the Federal Emergency Management Agency” (Apr. 1, 2020).

On August 17, 2020, after the appropriate consultations with the Attorney General and the Chairman of the Federal Trade Commission, FEMA completed and published in the **Federal Register** a “Voluntary Agreement for the Manufacture and Distribution of Critical Healthcare Resources Necessary to Respond to a Pandemic” (Voluntary Agreement).⁴ Unless terminated prior to that date, the Voluntary Agreement is effective until August 17, 2025, and may be extended subject to additional approval by the Attorney General after consultation with the Chairman of the Federal Trade Commission. The Agreement may be used to prepare for or respond to any pandemic, including COVID–19, during that time.

The meeting will be chaired by the FEMA Administrator or his delegate, and attended by the Attorney General or his delegate and the Chairman of the Federal Trade Commission or his delegate. In implementing this agreement, FEMA will adhere to all procedural requirements of 50 U.S.C. 4558 and 44 CFR part 332.

Meeting Objectives: The purpose of the meeting is four-fold:

(1) Update interested parties on the status of the implementation of FEMA’s Voluntary Agreement;

(2) Request that interested parties sign up to participate in the Voluntary Agreement;

(3) Request that specific parties sign up to participate in one or more specific Plans of Action; and

(4) Discuss activation of the first Plan of Action under the Voluntary Agreement to identify more efficient methods of allocating and distributing Personal Protective Equipment to meet national demand and ways of expanding the production of critical healthcare resources, with an initial focus on the manufacture of N95 masks.

Portions of the Meeting Closed to the Public: By default, the DPA requires meetings held to implement a Voluntary Agreement or Plan of Action be open to the public.⁵ However, attendance may be limited if the Sponsor⁶ of the Voluntary Agreement, in this case the FEMA Administrator, finds that the matter to be discussed at a meeting falls within the purview of matters described in 5 U.S.C. 552b(c). The FEMA Administrator has found that the portion of the meeting dedicated to achieving meeting objective 4, finalizing the first Plan of Action under the Voluntary Agreement, falls within the purview of matters described in 5 U.S.C. 552b(c) and should therefore be closed to the public.

Specifically, finalizing the Plan of Action may require Plan of Action Participants from the private sector to disclose trade secrets or commercial or financial information that is privileged or confidential. Disclosure of such information allows for a meeting to be closed pursuant to 5 U.S.C. 552b(c)(4). In addition, the success of the Voluntary Agreement depends on willing and enthusiastic participation of the private sector. If sensitive information that was shared during Plan of Action development were released, some or all of the Participants would likely withdraw their support from the Voluntary Agreement, which would significantly frustrate the implementation of the Voluntary Agreement and proposed Plan of Action. Frustration of an agency’s objective due to premature disclosure of information allows for the closure of a meeting to pursuant to 5 U.S.C. 552b(c)(9)(B).

Pete Gaynor,

Administrator, Federal Emergency Management Agency.
