collections require approval under the  
PRA. We may not conduct or sponsor  
and you are not required to respond to  
a collection of information unless it  
displays a currently valid OMB control  
number.

As part of our continuing effort to  
reduce paperwork and respondent  
burdens, we invite the public and other  
Federal agencies to comment on new,  
proposed, revised, and continuing  
collections of information. This helps us  
assess the impact of our information  
collection requirements and minimize  
the public’s reporting burden. It also  
helps the public understand our  
information collection requirements and  
provide the requested data in the  
desired format.

We are especially interested in public  
comment addressing the following:

(1) Whether or not the collection of  
information is necessary for the proper  
performance of the functions of the  
agency, including whether or not the  
information will have practical utility;

(2) The accuracy of our estimate of the  
burden for this collection of  
information, including the validity of  
the methodology and assumptions used;

(3) Ways to enhance the quality,  
utility, and clarity of the information to  
be collected; and

(4) How might the agency minimize  
the burden of the collection of  
information on those who are to  
respond, including through the use of  
appropriate automated, electronic,  
mechanical, or other technological  
collection techniques or other forms of  
information technology, *e.g.*, permitting  
electronic submission of response.

Comments that you submit in  
response to this notice are a matter of  
public record. We will include or  
summarize each comment in our request  
to OMB to approve this ICR. Before  
including your address, phone number,  
email address, or other personal  
identifying information in your  
comment, you should be aware that  
your entire comment—including your  
personal identifying information—may  
be made publicly available at any time.  
While you can ask us in your comment  
to withhold your personal identifying  
information from public review, we  
cannot guarantee that we will be able to  
do so.

**Abstract:** The Branch of Training and  
Inspection (BTI) in the Service’s Office  
of Law Enforcement coordinates and  
conducts training for Service special  
agents, wildlife inspectors, and  
administrative staff, as well as for State,  
Native American, and foreign  
individuals responsible for wildlife and  
habitat protection. Over the past decade,  
there have been substantial increases in  
the numbers of programs and  
individuals trained, hours of training  
provided, and numbers of training sites.

There is a critical need for a  
comprehensive, reliable, and secure  
internet-based system capable of  
planning, coordinating, and tracking the  
increased training-associated  
information and workflow, as well as  
the associated equipment, materials,  
and supplies required to successfully  
accomplish and sustain our vital  
training environments.

The BTI purchased the Acadis  
Readiness Suite, by Envisage  
Technologies. This software suite  
provides the Service with the  
opportunity to enhance the  
standardization of many of the internal

processes associated with training and  
also provides us with an improved  
ability to respond to inquiries from  
Congress, the Department of the Interior,  
and other external agencies. The  
software suite will enhance the ability  
of the BTI to:

- Schedule/track internal and  
external training events;
- Improve the ability to register/track  
both our internal and external student  
population;
- To maintain training records  
throughout the career of Service  
personnel;
- To improve the ability to test and  
survey Service student populations;
- To establish a robust lesson plan  
repository; and
- To respond to inquiries from  
internal and external agencies.

In order to administer this proposed  
collection of information, the Service  
will need to collect the following  
information from prospective trainees:

- Full legal name;
- Gender;
- Country, city, and date of birth;
- Work address, telephone number,  
and email address;
- Official passport number, country  
of issue, expiration date, and national  
identification number (foreign  
government students only);
- Emergency contact information;
- Education, to include languages  
spoken;
- Agency/department name and  
address;
- Title/rank and level in agency;
- Law enforcement officer  
experience; and
- Supervisor’s name, email address,  
and phone number.

The Service will use the information  
collected to record, track, and manage  
training records of domestic and foreign  
students affiliated with law enforcement  
agencies who attend training offered by  
the Service. The information will  
provide us with the capability to search  
the records of previous attendees (upon  
official inquiry only) by name, country  
of origin, or specific identifying number.  
We will only use students’ information  
in the Acadis Readiness Suite for  
administrative functions such as signing  
up/registering for training, training  
history, and training requirements.

The authorities for the Service to  
collect the required information  
necessary to administer training  
programs utilizing the Acadis Readiness  
Suite include:

- Bald and Golden Eagle Protection  
Act (16 U.S.C. 668–668c);
- Lacey Act (18 U.S.C. 42–43; 16
