

completing the required activities of the NOFO on time, as well as identifying problems in implementation. With this information, DASH can ascertain if additional technical assistance is needed to help recipients improve their surveillance implementation if necessary. The reporting template will include questions on the following topics: Youth Risk Behavior Survey completion and School Health Profiles (Profiles) completion. No personally identifiable information will be collected.

The Component 2 information collection uses a self-administered reporting template to assess HIV and STD prevention efforts conducted by local education agencies (LEA) funded by the Centers for Disease Control and Prevention, Division of Adolescent and School Health under Component 2 of

PS18–1807 Promoting Adolescent Health through School-Based HIV/STD Prevention. This data collection will provide DASH with data to generate internal reports that will identify successful and problematic programmatic areas. In addition, both information collections will allow DASH to determine if recipient agencies are completing the required activities of the NOFO on time, as well as identifying problems in implementation. With this information, DASH can ascertain if additional technical assistance is needed to help recipients improve their program implementation if necessary. In addition, the findings will allow CDC to determine the potential impact of currently recommended strategies and make changes to those recommendations if necessary. The

reporting template will include sections on the following topics: Sexual health education (SHE), sexual health services (SHS), safe and supportive environments (SSE) required and additional activities. No personally identifiable information will be collected.

The estimated burden per response ranges from eight (8) hours for Component 1 to fourteen (14) hours for Component 2. Recipients will complete the reporting templates every six months and the work plan templates once a year under this approval. Annualizing the collection over one-year results in an estimated annualized burden of 3,320 hours for respondents. There are no costs to respondents other than their time.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
Surveillance recipients	Promoting Adolescent Health through School-Based HIV/STD Prevention Component 1 Reporting Template and Work Plan.	80	3	8
Local education agency HIV prevention recipients.	Promoting Adolescent Health through School-Based HIV/STD Prevention Component 2 Reporting Template and Work Plans (required programmatic activities work plan and professional development work plan).	25	4	14

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

A National Elastomeric Half Mask Respirator (EHMR) Strategy for Use in Healthcare Settings During an Infectious Disease Outbreak/Pandemic

AGENCY: National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Extension of comment period.

SUMMARY: On September 14, 2020, the National Institute for Occupational Safety and Health (NIOSH), within the Centers for Disease Control and Prevention (CDC), published a request for information to obtain public input on the deployment and use of elastomeric half mask respirators in healthcare settings and emergency medical services (EMS) organizations during the COVID–19 crisis. Comments were to be received by October 14, 2020. NIOSH is extending the comment period to close on December 14, 2020, to allow stakeholders and other interested parties additional time to respond.

DATES: The comment period for the document published on September 14, 2020 (85 FR 56618) is extended. Comments must be received on or before December 14, 2020.

ADDRESSES: Responses should be submitted to Dr. Lee Greenawald, NIOSH, 626 Cochran Mill Road, Building 141, Pittsburgh, PA 15236, or ppeconcerns@cdc.gov.

FOR FURTHER INFORMATION CONTACT: Lee Greenawald, NIOSH, 626 Cochran Mill Road, Building 141, Pittsburgh, PA 15236; phone: (412) 386–6465 (not a toll-free number); email: ppeconcerns@cdc.gov.

SUPPLEMENTARY INFORMATION: NIOSH published a notice requesting public input and potential participation in a nationwide deployment program for elastomeric half mask respirators in healthcare settings and first responder organizations in the **Federal Register** on September 14, 2020 (85 FR 56618). This notice announces the extension of the comment period until December 14, 2020.

John J. Howard,
Director, National Institute for Occupational Safety and Health, Centers for Disease Control and Prevention, Department of Health and Human Services.
