BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP20–1237–000]

Midship Pipeline Company, LLC; Notice of Initiation of Section 5 Proceeding

On October 2, 2020, the Commission issued an order in Docket No. RP20–1237–000, pursuant to section 5 of the Natural Gas Act, 15 U.S.C. 717d, instituting an investigation into the public interest implications of a potential rejection of a firm transportation service agreement between Midship Pipeline Company, LLC and Gulfport Energy Corporation (Gulfport) should Gulfport initiate bankruptcy proceedings and propose to reject that agreement. *Midship Pipeline Company, LLC* 173 FERC 61,011 (2020).

Any interested person desiring to be heard in Docket No. RP20–1237–000 must file a notice of intervention or motion to intervene, as appropriate, with the Federal Energy Regulatory Commission, in accordance with Rule 214 of the Commission's Rules of Practice and Procedure, 18 CFR 385.214 (2020), within 30 days of the date of issuance of the order.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID–19), issued by the President on March 13, 2020. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208–3676 or TYY, (202) 502–8659.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the eFile link at <http://www.ferc.gov>. In lieu of electronic filing, you may submit a paper copy. Submissions sent via the

U.S. Postal Service must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Dated: October 5, 2020.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717–01–P

ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OGC–2020–0509; FRL 10015–50–OGC]

Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended ("CAA" or the "Act"), the United States Environmental Protection Agency ("EPA") gives notice of a proposed consent decree in *Our Children's Earth Foundation v. Wheeler*, No. 4:20–cv–00396–JSW (N.D. Cal.). In this litigation, Our Children's Earth Foundation ("OCEF") alleged that the Administrator of EPA failed to perform certain non-discretionary duties to timely respond, in accordance with the Act, to numerous state implementation plan ("SIP") submittals from the State of California. The proposed consent decree would establish deadlines for EPA to take action in response to these California SIP submittals. The proposed consent decree does not require EPA to take any specific, particular action in response to the submittals.

DATES: Written comments on the proposed consent decree must be received by November 12, 2020.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–HQ–OGC–2020–0509, online at <https://www.regulations.gov> (EPA's preferred method). Follow the online instructions for submitting comments.

Instructions: All submissions received must include the Docket ID number for this action. Comments received may be posted without change to <https://www.regulations.gov/>, including any personal information provided. For detailed instructions on sending

comments and additional information on the rulemaking process, see the "Additional Information about Commenting on the Proposed Consent Decree" heading under the **SUPPLEMENTARY INFORMATION** section of this document. Out of an abundance of caution for members of the public and our staff, the EPA Docket Center and Reading Room are closed to the public, with limited exceptions, to reduce the risk of transmitting COVID–19. Our Docket Center staff will continue to provide remote customer service via email, phone, and webform. We encourage the public to submit comments via <https://www.regulations.gov>, as there may be a delay in processing mail and faxes. Hand deliveries and couriers may be received by scheduled appointment only. For further information on EPA Docket Center services and the current status, please visit us online at <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Charles Starrs, Air and Radiation Law Office (2344A), Office of General Counsel, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone: (202) 564–1996; email address: starrs.charles@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Obtaining a Copy of the Proposed Consent Decree

The official public docket for this action (identified by Docket ID No. EPA–HQ–OGC–2020–0509) contains a copy of the proposed consent decree.

The electronic version of the public docket for this action contains a copy of the proposed consent decree, and is available through <https://www.regulations.gov>. You may use <https://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the official public docket, and access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select "search."

II. Additional Information About the Proposed Consent Decree

The proposed consent decree would fully resolve two lawsuits filed by OCEF seeking to compel the Administrator to take action, in accordance with CAA section 110, 42 U.S.C. 7410, to respond to numerous California SIP submittals. Both lawsuits were filed in the United States District Court for the Northern District of California: the first, *OCEF v. Wheeler*, No. 4:20–cv–00396–JSW, was

filed on January 20, 2020 and the second, *OCEF v. Wheeler*, No. 3:20-cv-01380-WHA, was filed on February 24, 2020. Subsequently, by Order dated June 15, 2020, both cases were consolidated in one action, *OCEF v. Wheeler*, No. 4:20-cv-00396-JSW.

In the consolidated action, OCEF alleges that the State of California made 72 specifically-identified SIP submittals over a period of years (the majority from 2016–2018) and that EPA has failed to meet its non-discretionary duty to take timely action in response to each of those submittals. In the ordinary course of its administrative action, EPA continues to evaluate and take action on SIP submittals from all the states, including the State of California, and does not necessarily suspend such on-going action because of pending litigation, such as the consolidated action that is the subject of the proposed consent decree. In fact, during the pendency of this litigation, EPA has taken final action on some of the California SIP submittals originally at issue in the litigation.¹

Under the terms of the proposed consent decree, EPA shall, in accordance with a stated schedule, take final action in response to all the California SIP submittals identified in the litigation that are still at issue (*i.e.* that EPA has not otherwise taken action on during the pending litigation). The schedule requires EPA to take such action on a certain specified number of the California SIP submittals that are at issue by each of four successive dates—December 22, 2020, September 30, 2021, September 30, 2022, and June 30, 2023—such that by the last such date EPA will have taken action on all the submittals. In some instances, the schedule specifically identifies particular SIP submittals in response to which EPA must take action by a specified date, but otherwise, the schedule states that EPA must take action on a minimum number of submittals by each date. It is possible, while this litigation is pending and before the proposed consent decree is final, as EPA continues in the ordinary course of its administrative activities, that EPA may take action on more of the California SIP submittals presently at issue (and which the proposed consent decree currently addresses). In that event, the parties subsequently may

slightly adjust the proposed consent decree to ensure that the consent decree is limited to the remaining outstanding SIP submittals. The structure and essence of the proposed consent decree would be unchanged, though, and EPA will be required to take action on all of the remaining SIP submittals at issue in accordance with the prescribed schedule.²

In addition to setting out a schedule for EPA to take action on the California SIP submittals at issue, the proposed consent decree provides that if California withdraws any of the submittals, EPA no longer has an obligation (under the proposed consent decree) to take action in response to such withdrawn submittal(s). The proposed consent decree also requires that, as EPA takes action in response to the California SIP submittals at issue, EPA shall send the actions to the Office of the Federal Register for publication in the **Federal Register**. See the proposed consent decree in the docket for other terms and conditions.

For a period of thirty (30) days following the date of publication of this document, the Agency will accept written comments relating to the proposed consent decree. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

III. Additional Information About Commenting on the Proposed Consent Decree

Submit your comments, identified by Docket ID No. EPA-HQ-OGC-2020-0509, via <https://www.regulations.gov>. Once submitted, comments cannot be edited or removed from this docket. The EPA may publish any comment received to its public docket. Do not submit to EPA's docket at <https://www.regulations.gov> any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include

discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>. For additional information about submitting information identified as CBI, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this document. Note that written comments containing CBI and submitted by mail may be delayed and deliveries or couriers will be received by scheduled appointment only.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <https://www.regulations.gov> website to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment.

Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

Gautam Srinivasan,

Associate General Counsel.
