Abstract: The Bureau of Indian Affairs (BIA) Branch of Geospatial Support (BOGS) manages the Department of the Interior's (DOI) software Enterprise Licensing Agreement (ELA) with ESRI for Indian Affairs. A critical part of the ELA is for BOGS to keep accurate and up-to-date licensing counts for all ELA software users. Doing so provides BIA

an accurate account of its total geographic information system (GIS) software user community, which in turn drives the overall cost of BIA's participation in this agreement. The forms in this collection are the method BIA uses to fulfill this requirement and provide accountability for the acquisition of the software.
