## ENVIRONMENTAL PROTECTION AGENCY

[FRL–10015–35–Region 4]

### Public Water System Supervision Program Revision for the State of South Carolina

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of intended approval.

**SUMMARY:** This notice is hereby given that the State of South Carolina is revising its approved Public Water System Supervision Program. South Carolina has adopted drinking water regulations for the Ground Water Rule, Lead and Copper Rule Short-Term Regulatory Revisions and Clarifications, and Revised Total Coliform Rule. The Environmental Protection Agency (EPA) has determined that South Carolina's regulations are no less stringent than these federal rules and the revisions otherwise meet applicable Safe Drinking Water Act requirements. Therefore, the EPA intends to approve these revisions to the State of South Carolina's Public Water System Supervision Program.

**DATES:** Any interested person may request a public hearing. A request for a public hearing must be submitted by November 16, 2020, to the Regional Administrator at the following address: U.S. Environmental Protection Agency, Region 4, Atlanta Federal Center, 61 Forsyth Street SW, Atlanta, Georgia 30303. The Regional Administrator may deny frivolous or insubstantial requests for a hearing. However, if a substantial request for a public hearing is made by November 16, 2020, a public hearing will be held. If no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on her own motion, this determination shall become final and effective on November 16, 2020. Any request for a public hearing shall include the following information: The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; a brief statement of the requesting person's interest in the Regional Administrator's determination and a brief statement of the information that the requesting person intends to submit at such hearing; and the signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

**ADDRESSES:** Documents relating to this determination are available for inspection between the hours of 9:00

a.m. and 4:00 p.m., Monday through Friday (excluding legal holidays), at the following location: The main office of the South Carolina Department of Health and Environmental Control (SCDHEC), 2600 Bull Street, Columbia, South Carolina 29201. Due to COVID–19, those intending to view documents at this location should contact Richard Welch, Bureau of Water, SCDHEC, by telephone at (803) 898–3546 at least 24 hours prior to arriving at SCDHEC to coordinate viewing. Documents relating to the determination are also available online at <https://www.scdhec.gov/public-water-system-supervision-program-revision> for inspection.

**FOR FURTHER INFORMATION CONTACT:** Dale Froneberger, EPA Region 4, Safe Drinking Water Branch, by mail at the Atlanta street address given above, by telephone at (404) 562–9446, or by email at [froneberger.dale@epa.gov](mailto:froneberger.dale@epa.gov).

**SUPPLEMENTARY INFORMATION:** The State of South Carolina has submitted requests that the EPA approve revisions to the State's Safe Drinking Water Act Public Water System Supervision Program to include the authority to implement and enforce the Ground Water Rule, Lead and Copper Rule Short-Term Regulatory Revisions and Clarifications, and Revised Total Coliform Rule. For the requests to be approved, the EPA must find the state regulations codified at S.C. Code Ann. Regs. 61–58 to be no less stringent than the federal rules codified at 40 CFR part 141. The EPA reviewed South Carolina's applications using the federal statutory provisions (Section 1413 of the Safe Drinking Water Act), federal regulations (at 40 CFR parts 141 and 142), state regulations, state policies and procedures for implementing the rules, regulatory crosswalks, and the EPA regulatory guidance to determine whether the requests for revision are approvable. The EPA determined that the South Carolina regulations are no less stringent than the corresponding federal rules and the revisions otherwise meet applicable Safe Drinking Water Act requirements. Therefore, the EPA intends to approve these revisions. If the EPA does not receive a timely and appropriate request for a hearing and the Regional Administrator does not elect to hold a hearing on her own motion, this approval shall become final and effective on November 16, 2020.

**Authority:** Section 1413 of the Safe Drinking Water Act, as amended (1996), and 40 CFR part 142.

Dated: September 29, 2020.

## FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–1248; FRS 17131]

### Information Collection Being Reviewed by the Federal Communications Commission

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

**DATES:** Written comments should be submitted on or before December 14, 2020. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contacts below as soon as possible.

**ADDRESSES:** Direct all PRA comments to Cathy Williams, FCC, via email [PRA@fcc.gov](mailto:PRA@fcc.gov) and to [Cathy.Williams@fcc.gov](mailto:Cathy.Williams@fcc.gov).

**FOR FURTHER INFORMATION CONTACT:** For additional information about the information collection, contact Cathy Williams at (202) 418–2918.

**SUPPLEMENTARY INFORMATION:** The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No

person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

As part of its continuing effort to reduce paperwork burdens, and as required by the PRA of 1995 (44 U.S.C. 3501–3520), the FCC invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

*OMB Control Number:* 3060–1248.

*Title:* Transition from TTY to Real-Time Text Technology, CG Docket No. 16–145 and GN Docket No. 15–178.

*Form Number:* N/A.

*Type of Review:* Extension and update of collection.

*Respondents:* Businesses or other for-profit entities.

*Number of Respondents and Responses:* 967 respondents; 5,235 responses.

*Estimated Time per Response:* 0.2 hours (12 minutes) to 60 hours.

*Frequency of Response:* Annual, ongoing, and semiannual reporting requirements; recordkeeping requirement.

*Obligation to Respond:* Required to obtain or retain benefit. *Total Annual Burden:* 114,212 hours.

*Total Annual Cost:* No cost.

*Nature and Extent of Confidentiality:* There is no need for confidentiality with this collection of information.

*Privacy Impact Assessment:* This information collection does not affect individuals or households; therefore, the Privacy Act is not impacted.

*Needs and Uses:* Text telephone (TTY) technology provides the primary means for people with disabilities to send and receive text communications over the public switched telephone network (PSTN). Changes to communications networks, particularly ongoing technology transitions from circuit switched to IP-based networks and from copper to wireless and fiber infrastructure, have affected the quality and utility of TTY technology, prompting discussions on transitioning to an alternative advanced communications technology for text communications. Accordingly, on December 16, 2016, the Commission released *Transition from TTY to Real-Time Text Technology*, Report and Order, document FCC 16–169, 82 FR 7699, January 23, 2017, amending its rules that govern the obligations of wireless service providers and manufacturers to support TTY technology to permit such providers and manufacturers to provide support for real-time text (RTT) over wireless IP-based networks to facilitate an effective and seamless transition to RTT in lieu of continuing to support TTY technology. In document FCC 16–169, the Commission adopted measures requiring the following:

(a) Each wireless provider and manufacturer that voluntarily transitions from TTY technology to RTT over wireless IP-based networks and services is encouraged to develop consumer and education efforts that include (1) the development and dissemination of educational materials that contain information pertinent to the nature, purpose, and timelines of the RTT transition; (2) internet postings, in an accessible format, of information about the TTY to RTT transition on the websites of covered entities; (3) the creation of a telephone hotline and an online interactive and accessible service that can answer consumer questions about RTT; and (4) appropriate training of staff to effectively respond to consumer questions. All consumer outreach and education should be provided in accessible formats including, but not limited to, large print, Braille, videos in American Sign Language and that are captioned and video described, emails to consumers who have opted to receive notices in this manner, and printed materials. Service providers and manufacturers are also encouraged to coordinate with consumer, public safety, and industry stakeholders to develop and distribute education and outreach materials. The information will inform consumers of alternative accessible technology
