SUPPLEMENTARY INFORMATION:

Summary of Change in Control

SPL states that it is a wholly-owned, indirect subsidiary of Cheniere Energy Partners, L.P. (CQP), which is a publicly traded Delaware limited partnership. The general partner interest in CQP is owned by Cheniere Energy Partners GP, LLC, which is a wholly-owned indirect subsidiary of Cheniere Energy, Inc. (Cheniere), a publicly traded corporation. As of August 31, 2020, the limited partnership interest in CQP was owned approximately 49.6% by Cheniere, about 8.5% by the public, and 42% by The Blackstone Group, Inc. (Blackstone) through various affiliated entities involved in the transaction described below.

On August 22, 2020, certain Blackstone entities agreed to sell a portion of their limited partner ownership interest in CQP, indirect owner of SPL, to certain entities of Brookfield Asset Management Inc. (Brookfield), with the remainder to be acquired by affiliated Blackstone entities. Specifically, BX CQP SuperHoldCo Holdings Manager L.L.C., BX CQP Common Holdco Holdings Manager L.L.C., and BX Rockies Platform Co Holdings Manager L.L.C. agreed to sell all of the limited liability company interests in BX CQP Target Holdco L.L.C., which in turn owns all of the equity interests in each of BX CQP SuperHoldCo Parent L.P., BX CQP Common Holdco Parent L.P., and BX Rockies Platform Co LLC (each of which directly or indirectly beneficially owns CQP common units), to an entity jointly

owned by BIP Aggregator Q L.P., a Delaware limited partnership, BIP Aggregator II L.P., a Delaware limited partnership (together with BIP Aggregator Q L.P., (Blackstone Infrastructure Partners)) and BIF IV Cypress Aggregator (Delaware) LLC, a Delaware limited liability company (Brookfield Infrastructure) (the Transaction). Following the closing of the Transaction, Blackstone Infrastructure Partners and Brookfield Infrastructure are expected to directly or indirectly own 50.01% and 49.99% of the equity interest in BX CQP Target Holdco L.L.C., respectively.¹ SPL states that following the Transaction, the Blackstone and Brookfield entities now jointly own the approximately 42 percent of CQP limited partnership interest currently held by Blackstone, without modifying the other existing ownership of limited partner or general partner interests in CQP.

Blackstone Infrastructure Partners' and Brookfield Infrastructure's respective governance rights over BX CQP Holdco L.L.C. mean that they share beneficial ownership of all of the CQP common units that are now beneficially owned by Blackstone. Blackstone Infrastructure Partners and Brookfield Infrastructure share certain limited governance rights, including the exercise of director nomination rights previously held by Blackstone with respect to the board of the general partner of the SPL and of Cheniere.

Additional details can be found in SPL's Notice, posted on the DOE/FE website at: https://www.energy.gov/sites/prod/files/2020/09/f79/Sabine%20Pass_Blackstone_Brookfield_CIC_notification.pdf.
