**FOR FURTHER INFORMATION CONTACT:** To request additional information about this ICR, contact Mark Gehlhar by email at [mgehlhar@osmre.gov](mailto:mgehlhar@osmre.gov), or by telephone at 202–208–2716.

**SUPPLEMENTARY INFORMATION:** In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the OSMRE; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the OSMRE enhance the quality, utility, and clarity of the information to be collected; and (5) how might the OSMRE minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Abstract:** Sections 515 and 516 of the Surface Mining Control and Reclamation Act of 1977 provide that permittees conducting coal mining operations shall meet all applicable performance standards of the Act. The information collected is used by the regulatory authority to monitor and inspect surface coal mining activities to

ensure that they are conducted in compliance with the requirements of the Act.

**Title of Collection:** Permanent Program Performance Standards—Surface and Underground Mining Activities.

**OMB Control Number:** 1029–0047.

**Form Number:** None.

**Type of Review:** Extension of a currently approved collection.

**Respondents/Affected Public:** Businesses and State governments.

**Total Estimated Number of Annual Respondents:** 400.

**Total Estimated Number of Annual Responses:** 400,000.

**Estimated Completion Time per Response:** Varies from 1 hour to 240 hours, depending on activity.

**Total Estimated Number of Annual Burden Hours:** 1,600,000.

**Respondent's Obligation:** Required to obtain or retain a benefit.

**Frequency of Collection:** Annually.

**Total Estimated Annual Nonhour Burden Cost:** \$25,000,000.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

#### Notice Pursuant to the National Cooperative Research and Production Act of 1993—Electrified Vehicle and Energy Storage Evaluation

Notice is hereby given that, on September 24, 2020, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), Electrified Vehicle and Energy Storage Evaluation (“EVESE”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the identities of the parties to the venture and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the identities of the parties to the venture are: Allison Transmission, Inc. (Client), Indianapolis, IN; BAE Systems Controls Inc., Endicott, NY; Castrol Limited, Pangbourne, England; Infineum USA L.P., Linden, NJ; Komatsu America Corp, Chicago, IL; Shell Global Systems (US) Inc., Wilmington, DE; and Underwriters Laboratories, Northbrook, IL.

The general area of EVESE's planned activities are to test and analyze cutting-edge technology for electrified vehicles (plug-in hybrids and battery electric vehicles) to understand the performance of the battery cells and pack, the electric motor and operating strategies that maximize fuel economy, efficiency and range. Additionally, EVESE will conduct research focused on improving the performance and durability of lithium-ion batteries, electric motors and the electrified vehicle's powertrain as a whole.
