

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-90120; File No. SR-BX-2020-028]

Self-Regulatory Organizations; Nasdaq BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Eliminate the Fee for BX's TradeInfo Interface in Options 7

October 9, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹, and Rule 19b-4 thereunder,² notice is hereby given that on September 30, 2020, Nasdaq BX, Inc. (“BX” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to eliminate the fee for BX's TradeInfo interface in Options 7 in connection with decommissioning this functionality, and to credit any TradeInfo fees paid by Participants for the month of September 2020.

The text of the proposed rule change is available on the Exchange's website at <https://listingcenter.nasdaq.com/rulebook/bx/rules>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to eliminate the fee for BX's TradeInfo interface in Options 7 in connection with decommissioning this functionality, and to credit any TradeInfo fees paid by Participants for the month of September 2020.

While these amendments are effective upon filing, the Exchange has designated the proposed amendments to be operative on October 1, 2020.

TradeInfo is a user interface which permits a Participant to: (i) Search all orders submitted in a particular security or all orders of a particular type, regardless of their status (open, canceled, executed, etc.); (ii) cancellation of open orders at the order, port or firm mnemonic level; (iii) a view of orders and executions; and (iv) download of orders and executions for recordkeeping purposes.³ The Exchange notes that this interface is not utilized by BX Participants at this time⁴ and has therefore separately filed to decommission TradeInfo effective September 14, 2020 to coincide with the BX technology migration to enhanced Nasdaq, Inc. functionality.⁵ As noted in that filing, information that is currently available within TradeInfo can be obtained from FIX,⁶ FIX Drop⁷ and the

³ See Options 3, Section 23(b)(2).

⁴ There are five Participants currently billed for TradeInfo, but no Participant logged into TradeInfo in 2020, including these five Participants.

⁵ See Securities Exchange Act Release No. 89819 (September 10, 2020), 85 FR 57893 (September 16, 2020) (SR-BX-2020-027). The Exchange has also issued an Options Trader Alert to provide notice of TradeInfo's decommission. See Options Trader Alert #2020-23.

⁶ “Financial Information eXchange” or “FIX” is an interface that allows Participants and their Sponsored Customers to connect, send, and receive messages related to orders and auction orders and responses to and from the Exchange. Features include the following: (1) Execution messages; (2) order messages; and (3) risk protection triggers and cancel notifications. See Options 3, Section 7(d)(1)(A).

⁷ FIX DROP is a real-time order and execution update message that is sent to a Participant after an order has been received/modified or an execution has occurred and contains trade details specific to that Participant. The information includes, among other things, the following: (i) Executions; (ii) cancellations; (iii) modifications to an existing order and (iv) busts or post-trade corrections. See Options 3, Section 23(b)(3).

Clearing Trade Interface,⁸ which are available to all Participants.⁹

In connection with retiring TradeInfo on September 14, 2020, the Exchange proposes to eliminate the associated TradeInfo BX Interface Fee of \$95 per user, per month set forth in Options 7, Section 3(ii), to be effective on October 1, 2020. The Exchange also proposes to make a similar change in Options 7, Section 7(c)(2), which governs fee disputes, by deleting the reference to the TradeInfo fee therein.

The Exchange notes that TradeInfo fees are assessed in full month increments and are not prorated.¹⁰ Consequently, by decommissioning TradeInfo on September 14th, a Participant subscriber would still be charged the \$95 per user fee for all of September on the October bill.¹¹ As noted above, there are five Participants currently billed for TradeInfo, but no Participant is actually using this interface at this time.¹² Accordingly, the Exchange proposes to issue a credit in the same amount the Participant paid in fees for TradeInfo for the month of September 2020. To effect this change, the Exchange proposes to add the following language in Options 7, Section 3(ii): “Any BX Participant that paid the TradeInfo BX Interface Fee of \$95 per user, per month in September 2020 will get an equivalent credit for that month.”

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,¹³ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,¹⁴ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility, and is not designed to permit unfair

⁸ The Clearing Trade Interface or “CTI” is a real-time clearing trade update message that is sent to a Participant after an execution has occurred and contains trade details specific to that Participant. The information includes, among other things, the following: (i) The Clearing Member Trade Agreement or “CMTA” or The Options Clearing Corporation or “OCC” number; (ii) Exchange badge or house number; (iii) the Exchange internal firm identifier; (iv) an indicator which will distinguish electronic and non-electronically delivered orders; (v) liquidity indicators and transaction type for billing purposes; and (vi) capacity. See Options 3, Section 23(b)(1).

⁹ See *supra* note 5. Today, all Participants have at least FIX, FIX DROP, or CTI.

¹⁰ See Options 7, Section 3.

¹¹ The Exchange sends a monthly invoice of fees to each Participant the following month. For example, a Participant will be billed in October for subscribing to TradeInfo in September.

¹² See *supra* note 4.

¹³ 15 U.S.C. 78f(b).

¹⁴ 15 U.S.C. 78f(b)(4) and (5).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

discrimination between customers, issuers, brokers, or dealers.

The Exchange believes the elimination of the TradeInfo BX Interface Fee and related rule text is reasonable because the Exchange no longer offers this functionality as of September 14, 2020, thus making the fees irrelevant going forward. As there are still a small number of Participants currently subscribed to TradeInfo, the Exchange believes that it is reasonable to issue an equivalent credit to those Participants that are billed for the TradeInfo fee for the month of September 2020.¹⁵ As explained above, because TradeInfo fees are currently assessed in full month increments and are not prorated, Participant subscribers would be charged the \$95 per user fee for all of September on their October bill, even though they will not be able to access this service for the full month of September. The Exchange therefore believes that it is reasonable to refund the equivalent amount on the Participant's October bill in the manner proposed above.

The Exchange believes that its proposal to eliminate the TradeInfo fee and related rule text is equitable and not unfairly discriminatory because no BX Participant will be charged the TradeInfo fee going forward under this proposal. As noted above, five Participant subscribers are charged the TradeInfo fee today. To the extent any Participants pay the TradeInfo fee for the month of September 2020, the Exchange is proposing to issue an equivalent credit for that month. Not issuing the proposed credit to Participants that are not currently subscribed to TradeInfo is equitable and not unfairly discriminatory as these Participants would not be charged the TradeInfo fee in the first place. Thus, the Exchange believes that its proposal will not unfairly discriminate among Participants and will be allocated equitably.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed fee changes eliminate the fee and related rule text that applied to the TradeInfo interface, which the Exchange no longer offers as of September 14, 2020. As noted above, while there are a very small number of Participants currently subscribed to TradeInfo, no Participants are actually utilizing this

interface at this time.¹⁶ For those few Participants currently subscribed to (and billed for) TradeInfo for the month September 2020, the Exchange is proposing to issue an equivalent credit for that month. By providing a credit in this manner to Participant subscribers and not providing the credit to non-subscriber Participants (who would not be charged the TradeInfo fee in the first place), the Exchange seeks to ensure that all Participants are treated equitably under this proposal. Furthermore, the Exchange notes that the TradeInfo interface is entirely optional, and Participants are able to obtain the information available on TradeInfo from FIX, FIX Drop and CTI, which are available to all Participants. Accordingly, the Exchange does not believe that its proposal imposes any burden on intra-market competition, or places certain market participants at a relative disadvantage compared to other market participants.

In terms of inter-market competition, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive, or rebate opportunities available at other venues to be more favorable. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges. Because competitors are free to modify their own fees in response, and because market participants may readily adjust their order routing practices, the Exchange believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in

furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-BX-2020-028 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090. All submissions should refer to File Number SR-BX-2020-028. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>).

Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549-1090, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly.

All submissions should refer to File Number SR-BX-2020-028 and should be submitted on or before November 5, 2020.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-90151; File No. SR-NYSE-2020-83]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Current Pilot Program Related to Rule 7

October 9, 2020.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (“Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that on October 2, 2020, New York Stock Exchange LLC (“NYSE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the current pilot program related to Rule 7.10 (Clearly Erroneous Executions) to the close of business on April 20, 2021. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below,

of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to extend the current pilot program related to Rule 7.10 (Clearly Erroneous Executions) to the close of business on April 20, 2021. The pilot program is currently due to expire on October 20, 2020.

On September 10, 2010, the Commission approved, on a pilot basis, changes to Rule 128 (Clearly Erroneous Executions) that, among other things: (i) Provided for uniform treatment of clearly erroneous execution reviews in multi-stock events involving twenty or more securities; and (ii) reduced the ability of the Exchange to deviate from the objective standards set forth in the rule.⁴ In 2013, the Exchange adopted a provision to Rule 128 designed to address the operation of the Plan.⁵ Finally, in 2014, the Exchange adopted two additional provisions to Rule 128 providing that: (i) A series of transactions in a particular security on one or more trading days may be viewed as one event if all such transactions were effected based on the same fundamentally incorrect or grossly misinterpreted issuance information resulting in a severe valuation error for all such transactions; and (ii) in the event of any disruption or malfunction in the operation of the electronic communications and trading facilities of an Exchange, another SRO, or responsible single plan processor in connection with the transmittal or receipt of a trading halt, an Officer, acting on his or her own motion, shall nullify any transaction that occurs after a trading halt has been declared by the primary listing market for a security and before such trading halt has officially ended according to the primary listing market.⁶ Rule 128 is no longer applicable to any securities that trade on the Exchange and has been replaced with Rule 7.10, which is substantively identical to Rule 128.⁷

⁴ See Securities Exchange Act Release No. 62886 (Sept. 10, 2010), 75 FR 56613 (Sept. 16, 2010) (SR-NYSE-2010-47).

⁵ See Securities Exchange Act Release No. 68804 (Feb. 1, 2013), 78 FR 8677 (Feb. 6, 2013) (SR-NYSE-2013-11).

⁶ See Securities Exchange Act Release No. 72434 (June 19, 2014), 79 FR 36110 (June 25, 2014) (SR-NYSE-2014-22).

⁷ See Securities Exchange Act Release Nos. 82945 (March 26, 2019), 83 FR 13553, 13565 (March 29, 2019) (SR-NYSE-2017-36) (Approval Order) and

These changes were originally scheduled to operate for a pilot period to coincide with the pilot period for the Plan to Address Extraordinary Market Volatility (the “Limit Up-Limit Down Plan” or “LULD Plan”),⁸ including any extensions to the pilot period for the LULD Plan.⁹ In April 2019, the Commission approved an amendment to the LULD Plan for it to operate on a permanent, rather than pilot, basis.¹⁰ In light of that change, the Exchange amended Rules 7.10 and 128 to untie the pilot program’s effectiveness from that of the LULD Plan and to extend the pilot’s effectiveness to the close of business on October 18, 2019.¹¹ The Exchange later amended Rule 7.10 to extend the pilot’s effectiveness to the close of business on April 20, 2020,¹² and subsequently, to the close of business on October 20, 2020.¹³

The Exchange now proposes to amend Rule 7.10 to extend the pilot program’s effectiveness for a further six months until the close of business on April 20, 2021. If the pilot period is not either extended, replaced or approved as permanent, the prior versions of paragraphs (c), (e)(2), (f), and (g) shall be in effect, and the provisions of paragraphs (i) through (k) shall be null and void.¹⁴ In such an event, the remaining sections of Rules 7.10 would continue to apply to all transactions executed on the Exchange. The Exchange understands that the other national securities exchanges and Financial Industry Regulatory Authority (“FINRA”) will also file similar proposals to extend their respective clearly erroneous execution pilot programs, the substance of which are identical to Rule 7.10.

The Exchange does not propose any additional changes to Rule 7.10. Extending the effectiveness of Rule 7.10

85962 (May 29, 2019), 84 FR 26188, 26189 n.13 (June 5, 2019) (SR-NYSE-2019-05) (Approval Order).
