

arrangements and specify clear and direct lines of responsibility, consistent with Rule 17Ad-22(e)(2)(i) and (v).¹⁵

Rule 17Ad-22(e)(6)(iv)¹⁶ requires each covered clearing agency to establish, implement, maintain, and enforce written policies and procedures reasonably designed to cover its credit exposures to its participants by establishing a risk-based margin system that, at a minimum, uses reliable sources of timely price data and uses procedures and sound valuation models for addressing circumstances in which pricing data are not readily available or reliable. As discussed above, the proposed changes provide incentive against Index Swaption Missed Submissions by incorporating Index Swaptions into ICC's summary assessment approach in the Rules and also provide one waiver per calendar year for Index Swaption Missed Submissions caused by technical failures. In ICC's view, the proposed changes ensure a fair and equitable assessment structure with respect to Index Swaptions and thus are appropriately designed to support and maintain the integrity and effectiveness of ICC's price discovery process that provides reliable prices, consistent with the requirements of Rule 17Ad-22(e)(6)(iv).¹⁷

(B) Clearing Agency's Statement on Burden on Competition

ICC does not believe the proposed rule change would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purpose of the Act. The proposed rule change amends Rule 702(e) and Schedule 702 of the Rules to incorporate Index Swaptions and will apply uniformly across all market participants.

Accordingly, ICC does not believe the amendments would impose any burden on competition not necessary or appropriate in furtherance of the purpose of the Act.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

III. Date of Effectiveness of the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) By order approve or disapprove such proposed rule change, or
- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Agency Information Collection Activities: Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes one revision of an OMB-approved information collection.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses or fax numbers. SSA submitted the information collection below to OMB for clearance. Work Activity Report (Self-Employment)—20 CFR 404.1520(b),

404.1571-404.1576, 404.1584-404.1593, and 416.971-416.976—0960-0598. SSA uses Form SSA-820-BK to determine initial or continuing eligibility for: (1) Title II Social Security disability benefits (SSDI); or (2) Title XVI Supplemental Security Income (SSI) payments. Under Titles II and XVI of the Social Security Act, recipients receive disability benefits and SSI payments based on their inability to engage in substantial gainful activity (SGA) due to a physical or mental condition. Therefore, when the recipients resume work, they must report their work so SSA can evaluate and determine by law whether they continue to meet the disability requirements. SSA uses Form SSA-820-BK to obtain information on self-employment activities of Social

Security Title II and XVI disability applicants and recipients. We use the data we obtain to evaluate disability claims, and to help us determine if the claimant meets current disability provisions under Titles II and XVI. Since applicants for disability benefits or payments must prove an inability to perform any kind of SGA generally available in the national economy for which we expect them to qualify based on age, education, and work experience, any work an applicant performed until, or subsequent to, the date the disability allegedly began, affects our disability determination. The respondents are applicants and claimants for SSI payments or SSDI benefits.

Type of Request: Revision of an OMB-approved information collection.

** We based this figure on the average FY 2020 wait times for field offices, based on SSA's current management information data.

SUPPLEMENTARY INFORMATION: Title: Improving Customer Experience (OMB Circular A-11, Section 280 Implementation)

Abstract: A modern, streamlined and responsive customer experience means: raising government-wide customer experience to the average of the private sector service industry; developing indicators for high-impact Federal programs to monitor progress towards excellent customer experience and mature digital services; and providing the structure (including increasing transparency) and resources to ensure customer experience is a focal point for agency leadership.

This proposed information collection activity provides a means to garner

customer and stakeholder feedback in an efficient, timely manner in accordance with the Administration’s commitment to improving customer service delivery as discussed in Section 280 of OMB Circular A-11 at <https://www.performance.gov/cx/a11-280.pdf>. As discussed in OMB guidance, agencies should identify their highest-impact customer journeys (using customer volume, annual program cost, and/or knowledge of customer priority as weighting factors) and select touchpoints/transactions within those journeys to collect feedback.

These results will be used to improve the delivery of Federal services and programs. It will also provide government-wide data on customer experience that can be displayed on www.performance.gov to help build transparency and accountability of Federal programs to the customers they serve.

As a general matter, these information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.
