

pesticides are to be reviewed every 15 years. Under FIFRA, a pesticide product may be registered or remain registered only if it meets the statutory standard for registration given in FIFRA section 3(c)(5) (7 U.S.C. 136a(c)(5)). When used in accordance with widespread and commonly recognized practice, the pesticide product must perform its intended function without unreasonable

adverse effects on the environment; that is, without any unreasonable risk to man or the environment, or a human dietary risk from residues that result from the use of a pesticide in or on food.

IV. Registration Reviews

A. What action is the agency taking?

A pesticide's registration review begins when the agency establishes a

docket for the pesticide's registration review case and opens the docket for public review and comment. Pursuant to 40 CFR 155.50, this notice announces the availability of the EPA's preliminary work plans for the pesticides shown in the following table and opens a 60-day public comment period on the work plans.

Registration review case name and No.	Docket ID No.	Chemical review manager and contact information
Aminocyclopyrachlor Case Number 7279	EPA-HQ-OPP-2020-0384	Andrew Muench, <i>muench.andrew@epa.gov</i> , (703) 347-8263.
Cetylpyridinium chloride Case Number 3013	EPA-HQ-OPP-2020-0380	Michael McCarroll, <i>mccarroll.michael@epa.gov</i> , (703) 347-0147.
Flutriafol Case Number 7060	EPA-HQ-OPP-2020-0080	Theodore Varns, <i>varns.theodore@epa.gov</i> , (703) 347-8589.

B. Docket content

The registration review docket contains information that the agency may consider in the course of the registration review. The agency may include information from its files including, but not limited to, the following information:

- An overview of the registration review case status.
- A list of current product registrations and registrants.
- **Federal Register** notices regarding any pending registration actions.
- **Federal Register** notices regarding current or pending tolerances.
- Risk assessments.
- Bibliographies concerning current registrations.
- Summaries of incident data.
- Any other pertinent data or information.

Each docket contains a document summarizing what the agency currently knows about the pesticide case and a preliminary work plan for anticipated data and assessment needs. Additional documents provide more detailed information. During this public comment period, the agency is asking that interested persons identify any additional information they believe the agency should consider during the registration reviews of these pesticides. The agency identifies in each docket the areas where public comment is specifically requested, though comment in any area is welcome.

The registration review final rule at 40 CFR 155.50(b) provides for a minimum 60-day public comment period on all preliminary registration review work plans. This comment period is intended to provide an opportunity for public input and a mechanism for initiating any necessary changes to a pesticide's

workplan. All comments should be submitted using the methods in **ADDRESSES** and must be received by the EPA on or before the closing date. These comments will become part of the docket for the pesticides included in the Table in Unit IV. Comments received after the close of the comment period will be marked "late." The EPA is not required to consider these late comments.

The agency will carefully consider all comments received by the closing date and may provide a "Response to Comments Memorandum" in the docket. The final registration review work plan will explain the effect that any comments had on the final work plan and provide the agency's response to significant comments.

Due to unforeseen administrative circumstances, EPA is announcing this meeting with less than 15 calendar days' notice.

DATES: This remote/virtual public meeting will be held on October 29, 2020 from 9:00 a.m. to 12:00 p.m. Central Daylight Time. Members of the public seeking to view the meeting (but who do not desire to provide oral comments) must register by 3:00 p.m. Central Daylight Time on October 28, 2020. Members of the public who desire to make oral comments during the remote/virtual meeting must register and request to make oral comments by contacting the Designated Federal Officer (DFO) directly by 3:00 p.m. Central Daylight Time on October 22, 2020 to be placed on a list of registered commenters and receive special instructions for participation. For information on how to register, please see "How do I participate in the remote public meeting?" below.

FOR FURTHER INFORMATION CONTACT: Edlynzia Barnes, Designated Federal Officer (DFO), at *Barnes.Edlynzia@epa.gov* or 312-886-6249.

SUPPLEMENTARY INFORMATION:

I. General Information

The GLAB is chartered in accordance with the Federal Advisory Committee Act (FACA) of 1972 (5 U.S.C., Appendix 2, as amended) and 41 CFR 102-3.50(d). The GLAB provides advice and recommendations on matters related to the Great Lakes Restoration Initiative

and on domestic matters related to implementation of the Great Lakes Water Quality Agreement between the U.S. and Canada. The major objectives of the GLAB are to provide advice and recommendations on: Great Lakes protection and restoration activities; long-term goals, objectives, and priorities for Great Lakes protection and restoration; and other issues identified by the Great Lakes Interagency Task Force/Regional Working Group.

II. How do I participate in the remote public meeting?

A. Remote Meeting

This meeting will be conducted as a remote/virtual meeting on October 29, 2020 from 9:00 a.m. to 12:00 p.m. Central Daylight Time. You must register by 3:00 p.m. Central Daylight Time on October 28, 2020 to receive information on how to participate. You may also submit written or oral comments for the committee by contacting the DFO directly per the processes outlined below.

B. Registration

To register and receive information on how to attend this remote/virtual meeting, please send an email to the DFO at Barnes.edlynzia@epa.gov with the SUBJECT line of "Request to Register for October 2020 GLAB Meeting" and include the following information: Name, Title, Organization, Email, and Phone Number. Attendees must register by 3:00 p.m. Central Daylight Time on October 28, 2020 to receive instructions for participation.

C. Procedures for Providing Public Comments

Oral Statements: In general, oral comments at this remote virtual meeting will be limited to the "Public Comments" portion of the meeting agenda. During the "Public Comments" portion of the meeting agenda, members of the public may provide oral comments no longer than three minutes duration per individual or group and submit further information in written comments. Persons interested in providing oral statements should contact the DFO directly at Barnes.edlynzia@epa.gov by 3:00 p.m. Central Daylight Time on October 22, 2020 with the SUBJECT line of "Request to Register for October 2020 GLAB Meeting—Provide Oral Statement" to be placed on the list of registered speakers and receive special instructions for participation. The following information should be included in the email: Name, Title, Organization, Email, and Phone Number. Oral commenters will be

provided an opportunity to speak in the order in which their request was received by the DFO and to the extent permitted by the number of comments and the scheduled length of the meeting. Persons not able to provide oral comments during the meeting, will be given an opportunity to provide written comments after the meeting.

Written Statements: Persons interested in providing written statements pertaining to this committee meeting may email them to the DFO prior to 3:00 p.m. Central Daylight Time on October 22, 2020 with the SUBJECT line of "Request to Register for October 2020 GLAB Meeting—Provide A Written Statement". The following information should be included in the email: Name, Title, Organization, Email, and Phone Number.

D. Availability of Meeting Materials
