Forged Steel Fittings From the Republic of Korea: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that forged steel fittings (FSF) from the Republic of Korea (Korea) are being, or are likely to be, sold in the United States at less than fair value (LTFV).

DATES: Applicable October 19, 2020.

FOR FURTHER INFORMATION CONTACT: Caitlin Monks, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2670.

SUPPLEMENTARY INFORMATION:

Background

On May 28, 2020, Commerce published the *Preliminary Determination* in this investigation.¹ A summary of the events that occurred since Commerce published the *Preliminary Determination*, as well as a full discussion of the issues raised by parties for this final determination, may be found in the Issues and Decision Memorandum.²

Period of Investigation

The period of investigation is October 1, 2018 through September 30, 2019.

¹ See *Forged Steel Fittings from the Republic of Korea: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Extension of Provisional Measures*, 85 FR 32010 (May 28, 2020) (*Preliminary Determination*), and accompanying Preliminary Decision Memorandum (PDM).

² See Memorandum, “Issues and Decision Memorandum for the Final Determination in the Less-Than-Fair-Value Investigation of Forged Steel Fittings from the Republic of Korea,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

Scope of the Investigation

The products covered by this investigation are forged steel fittings from Korea. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

On May 20, 2020, we issued a Preliminary Scope Decision Memorandum.³ Between June and July 2020, we received additional scope comments from several interested parties. In response to these comments, we have made changes to the scope of the investigation for this final determination. For a full discussion and analysis of the scope comments timely received, see the Final Scope Decision Memorandum.⁴

Analysis of Comments Received

All issues raised in the case briefs and rebuttal briefs submitted by interested parties in this proceeding are addressed in the Issues and Decision Memorandum. A list of the issues raised by parties and responded to by Commerce in the Issues and Decision Memorandum is attached to this notice as Appendix II. The Issues and Decision Memorandum is a public document and is available electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Verification

Commerce normally verifies information relied upon in making final determination, pursuant to section 782(i)(1) of the Tariff Act of 1930, as amended (the Act). However, during the course of this investigation, Commerce was unable to conduct on-site verification due to travel restrictions. Accordingly, Commerce took additional steps in lieu of verification, as discussed further in the Issues and Decision Memorandum. Consistent with section

³ See Memorandum, “Forged Steel Fittings from India and the Republic of Korea: Scope Comments Preliminary Decision Memorandum,” dated May 20, 2020 (Preliminary Scope Decision Memorandum).

⁴ See Memorandum, “Forged Steel Fittings from India and the Republic of Korea: Final Scope Decision Memorandum” (Final Scope Decision Memorandum), dated concurrently with this final determination.

776(a)(2)(D) of the Act, Commerce relied on the information submitted on the record as facts available in making our final determination.

Changes Since the Preliminary Determination

Based on our analysis of the comments received and additional information obtained since our preliminary findings, we made certain changes to the margin calculations for Samyoung Fitting Co., Ltd. (Samyoung), the sole cooperative respondent in this investigation, since the *Preliminary Determination*. For a discussion of these changes, see the Issues and Decision Memorandum.

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated weighted-average dumping margin for all other producers and exporters not individually investigated shall be equal to the weighted average of the estimated weighted-average dumping margins established for individually investigated exporters and producers, excluding any margins that are zero or *de minimis* or any margins determined entirely under section 776 of the Act.

In this investigation, Commerce calculated an estimated weighted-average dumping margin for Samyoung that is not zero, *de minimis*, or based entirely on facts otherwise available. Commerce determined the all-others rate using the estimated weighted-average dumping margin calculated for Samyoung, the sole cooperative respondent.

Final Determination

The estimated weighted-average dumping margins are as follows:

Exporter/producer	Estimated weighted-average dumping margin (percent)
Samyoung Fitting Co., Ltd	17.08
Sandong Metal Industry Co., Ltd	** 198.38
ZEOtech Co., Ltd	** 198.38
Pusan Coupling Corporation	** 198.38
Shinchang Industries	** 198.38
Shinwoo Tech	** 198.38
Titus Industrial Korea Co, Ltd	** 198.38
All Others	17.08

** AFA

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this final determination within five days of any

public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, we will instruct U.S. Customs and Border Protection (CBP) to continue the suspension of liquidation of all appropriate entries of FSF, as described in Appendix I of this notice, which were entered, or withdrawn from warehouse, for consumption on or after May 28, 2020, the date of publication of the *Preliminary Determination* in this investigation in the **Federal Register**. Further, Commerce will instruct CBP to require a cash deposit equal to the estimated amount by which the normal value exceeds the U.S. price as shown above.

Pursuant to section 735(c)(1)(B)(ii) of the Act, we will instruct CBP to require a cash deposit equal to the estimated amount by which the normal value exceeds the U.S. price as follows: (1) The cash deposit rate for the respondent listed above will be equal to the respondent-specific estimated weighted-average dumping margin determined in this final determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the respondent-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin. These suspension of liquidation instructions will remain in effect until further notice.

International Trade Commission Notification

In accordance with section 735(d) of the Act, Commerce will notify the International Trade Commission (ITC) of its final affirmative determination of sales at LTFV. Because the final determination in this proceeding is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, no later than 45 days after our final determination. If the ITC determines that material injury or threat of material injury does not exist, the proceeding will be terminated, and all cash deposits will be refunded. If the ITC determines that material injury or threat of material injury does exist,

Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise, entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Notification Regarding Administrative Protective Orders

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

Notification to Interested Parties

This determination is issued and published in accordance with sections 735(d) and 777(i) of the Act and 19 CFR 351.210(c).

Dated: October 13, 2020.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation is carbon and alloy forged steel fittings, whether unfinished (commonly known as blanks or rough forgings) or finished. Such fittings are made in a variety of shapes including, but not limited to, elbows, tees, crosses, laterals, couplings, reducers, caps, plugs, bushings, unions (including hammer unions), and outlets. Forged steel fittings are covered regardless of end finish, whether threaded, socket-weld or other end connections. The scope includes integrally reinforced forged branch outlet fittings, regardless of whether they have one or more ends that is a socket welding, threaded, butt welding end, or other end connections.

While these fittings are generally manufactured to specifications ASME B16.11, MSS SP-79, MSS SP-83, MSS-SP-97, ASTM A105, ASTM A350 and ASTM A182, the scope is not limited to fittings made to these specifications.

The term forged is an industry term used to describe a class of products included in applicable standards, and it does not reference an exclusive manufacturing process. Forged steel fittings are not manufactured from casings. Pursuant to the applicable standards, fittings may also be machined from bar stock or machined from seamless pipe and tube.

All types of forged steel fittings are included in the scope regardless of nominal pipe size (which may or may not be

expressed in inches of nominal pipe size), pressure class rating (expressed in pounds of pressure, e.g., 2,000 or 2M; 3,000 or 3M; 6,000 or 6M; 9,000 or 9M), wall thickness, and whether or not heat treated.

Excluded from this scope are all fittings entirely made of stainless steel. Also excluded are flanges, nipples, and all fittings that have a maximum pressure rating of 300 pounds per square inch/PSI or less.

Also excluded from the scope are fittings certified or made to the following standards, so long as the fittings are not also manufactured to the specifications of ASME B16.11, MSS SP-79, MSS SP-83, MSS SP-97, ASTM A105, ASTM A350 and ASTM A182:

- American Petroleum Institute (API) 5CT, API 5L, or API 11B;
- American Society of Mechanical Engineers (ASME) B16.9;
- Manufacturers Standardization Society (MSS) SP-75;
- Society of Automotive Engineering (SAE) J476, SAE J514, SAE J516, SAE J517, SAE J518, SAE J1026, SAE J1231, SAE J1453, SAE J1926, J2044 or SAE AS 35411;
- Hydraulic hose fittings (e.g., fittings used in high pressure water cleaning applications, in the manufacture of hydraulic engines, to connect rubber dispensing hoses to a dispensing nozzle or grease fitting) made to ISO 12151-1, 12151-2, 12151-3, 12151-4, 12151-5, or 12151-6;
- Underwriter's Laboratories (UL) certified electrical conduit fittings;
- ASTM A153, A536, A576, or A865;
- Casing conductor connectors made to proprietary specifications;
- Machined steel parts (e.g., couplers) that are not certified to any specifications in this scope description and that are not for connecting steel pipes for distributing gas and liquids;
- Oil country tubular goods (OCTG) connectors (e.g., forged steel tubular connectors for API 5L pipes or OCTG for offshore oil and gas drilling and extraction);
- Military Specification (MIL) MIL-C-4109F and MIL-F-3541; and
- International Organization for Standardization (ISO) ISO6150-B.

Also excluded from the scope are assembled or unassembled hammer unions that consist of a nut and two subs. To qualify for this exclusion, the hammer union must meet each of the following criteria: (1) The face of the nut of the hammer union is permanently marked with one of the following markings: "FIG 100," "FIG 110," "FIG 100C," "FIG 200," "FIG 200C," "FIG 201," "FIG 202," "FIG 206," "FIG 207," "FIG 211," "FIG 300," "FIG 301," "FIG 400," "FIG 600," "FIG 602," "FIG 607," "FIG 1002," "FIG 1003," "FIG 1502," "FIG 1505," "FIG 2002," or "FIG 2202"; (2) the hammer union does not bear any of the following markings: "Class 3000," "Class 3M," "Class 6000," "Class 6M," "Class 9000," or "Class 9M"; and (3) the nut and both subs of the hammer union are painted.

Also excluded from the scope are subs or wingnuts made to ASTM A788, marked with "FIG 1002," "FIG 1502," or "FIG 2002," and with a pressure rating of 10,000 PSI or greater. These parts are made from AISI/SAE

4130, 4140, or 4340 steel and are 100 percent magnetic particle inspected before shipment.

Also excluded from the scope are tee, elbow, cross, adapter (or “crossover”), blast joint (or “spacer”), blind sub, swivel joint and pup joint which have wing nut or not. To qualify for this exclusion, these products must meet each of the following criteria: (1) Manufacturing and Inspection standard is API 6A or API 16C; and, (2) body or wing nut is permanently marked with one of the following markings: “FIG 2002,” “FIG 1502,” “FIG 1002,” “FIG 602,” “FIG 206,” or “FIG any other number” or MTR (Material Test Report) shows these FIG numbers.

To be excluded from the scope, products must have the appropriate standard or pressure markings and/or be accompanied by documentation showing product compliance to the applicable standard or pressure, e.g., “API 5CT” mark and/or a mill certification report.

Subject carbon and alloy forged steel fittings are normally entered under Harmonized Tariff Schedule of the United States (HTSUS) 7307.92.3010, 7307.92.3030, 7307.92.9000, 7307.99.1000, 7307.99.3000, 7307.99.5045, and 7307.99.5060. They may also be entered under HTSUS 7307.93.3010, 7307.93.3040, 7307.93.6000, 7307.93.9010, 7307.93.9040, 7307.93.9060, and 7326.19.0010.

The HTSUS subheadings and specifications are provided for convenience and customs purposes; the written description of the scope is dispositive.

Appendix II

List of Topics Discussed in the Issues and Decision Memorandum

- I. Summary
- II. Background
- III. Scope of the Investigation
- IV. Scope Comments
- V. Application of Facts Available and Use of Adverse Inferences
- VI. Changes Since the *Preliminary Determination*
- VII. Discussion of the Issues
 - Comment 1: Whether Commerce Should Accept Samyoung’s Revised Pressure Ratings
 - Comment 2: Whether Commerce Should Add Samyoung’s Additional Revenue Charges
 - Comment 3: Whether Commerce Should Weight-Average Certain Costs
 - Comment 4: Whether Commerce Should Include Certain Income and Expenses in the General and Administrative (G&A) Expense Ratio Calculation
- VIII. Recommendation

Certain Cold-Drawn Mechanical Tubing of Carbon and Alloy Steel From India: Final Results of Countervailing Duty Administrative Review, 2017–2018

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that Goodluck India Limited (Goodluck) and Tube Investments of India Ltd. (TII), producers/exporters of certain cold-drawn mechanical tubing of carbon and alloy steel (cold-drawn mechanical tubing) from India, received countervailable subsidies. The period of review is September 25, 2017 through December 31, 2018.

DATES: Applicable October 19, 2020.

FOR FURTHER INFORMATION CONTACT: Eliza Siordia, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3878.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the *Preliminary Results* of this review on March 5, 2020.¹ On April 24, 2020, Commerce tolled all deadlines in administrative reviews by 50 days.² On July 21, 2020, Commerce tolled all deadlines in administrative reviews by an additional 60 days.³ The deadline for the final results of this review is now October 21, 2020. For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁴

¹ See *Certain Cold-Drawn Mechanical Tubing of Carbon and Alloy Steel from India: Preliminary Results of Countervailing Duty Administrative Review, 2017–2018*, 85 FR 12897 (March 5, 2020) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

² See Memorandum, “Tolling of Deadlines for Antidumping and Countervailing Duty Administrative Reviews in Response to Operational Adjustments Due to COVID–19,” dated April 24, 2020.

³ See Memorandum, “Tolling of Deadlines for Antidumping and Countervailing Duty Administrative Reviews,” dated July 21, 2020.

⁴ See Memorandum, “Issues and Decision Memorandum for the Final Results of the Countervailing Duty Administrative Review: Certain Cold-Drawn Mechanical Tubing of Carbon and Alloy Steel from India; 2017–2018,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

Scope of the Order

The products covered by this order are cold-drawn mechanical tubing. For a complete description of the scope of the order, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in interested parties’ briefs are addressed in the Issues and Decision Memorandum. A list of the issues raised by interested parties and to which we responded in the Issues and Decision Memorandum is provided in the Appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed and the electronic versions of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Results

After evaluating the comments received from interested parties and record information, we have made no changes to the net subsidy rate calculated for Goodluck or TII. For a discussion of these issues, see the Issues and Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we find that there is a subsidy, *i.e.*, a financial contribution from a government or public entity that gives rise to a benefit to the recipient, and the subsidy is specific.⁵ For a full description of the methodology underlying our conclusions, see the Issues and Decision Memorandum.

Final Results of Administrative Review

In accordance with section 751(a)(1)(A) of the Act and 19 CFR 351.221(b)(5), we determine the total estimated net countervailable subsidy rates for the period September 25, 2017 through December 31, 2018 to be as follows:

⁵ See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

⁶ As discussed in the Issues and Decision Memorandum, Commerce has determined that this
