

literacy in STEM education. In the Federal Strategy for STEM Education, computational literacy includes digital literacy, cybersafety, cyberethics, cybersecurity, data science, data security, intellectual property (IP), computational thinking, artificial intelligence, quantum information science, and digital platforms for teaching and learning. Considering this definition, please answer the questions below:

20. What are the benefits when integrating computational literacy within a STEM curriculum and/or with related standards, guidance, or resources? Please describe any challenges when integrating aspects of computational literacy into your instructional delivery.

21. What components, key concepts, or topics should be included to integrate computational literacy into STEM education at all levels? Please explain what they are and why they merit special attention.

22. What are existing programs, content, curriculum, or education and training opportunities that inform successful examples of building computational literacy in STEM education? Identify both Federal and non-federally sponsored research and programs.

23. What technologies and resources do you currently use (e.g., apps, learning management systems, collaborative tools, STEM websites, websites linked to curriculum)? Are there others you would like to use, that you do not have access to both for in-person and remote teaching and learning?

Community Use and Implementation of the Federal Stem Education Strategic Plan

The Federal Government seeks information on community utilization of the Federal STEM Education Strategic Plan.

24. Please describe how your organization has used the Federal STEM Education Strategic Plan. How does your work align with the goals and pathways identified in the Strategy (provided above)? What changes have you made to your program or activity in response to the Federal Strategy?

Thank you for taking the time to respond to this Request for Information. We appreciate your input.

Dated: October 19, 2020.

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.

BILLING CODE 7555-01-P

POSTAL REGULATORY COMMISSION

[Docket Nos. MC2021-17 and CP2021-18; MC2021-18 and CP2021-19]

New Postal Products

AGENCY: Postal Regulatory Commission.

ACTION: Notice.

SUMMARY: The Commission is noticing a recent Postal Service filing for the Commission's consideration concerning negotiated service agreements. This notice informs the public of the filing, invites public comment, and takes other administrative steps.

DATES: *Comments are due:* October 26, 2020.

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at <http://www.prc.gov>. Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202-789-6820.

SUPPLEMENTARY INFORMATION:

Table of Contents

- I. Introduction
- II. Docketed Proceeding(s)

I. Introduction

The Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to negotiated service agreement(s). The request(s) may propose the addition or removal of a negotiated service agreement from the market dominant or the competitive product list, or the modification of an existing product currently appearing on the market dominant or the competitive product list.

Section II identifies the docket number(s) associated with each Postal Service request, the title of each Postal Service request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 (Public Representative). Section II also establishes comment deadline(s) pertaining to each request.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<http://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance

with the requirements of 39 CFR 3011.301.¹

The Commission invites comments on whether the Postal Service's request(s) in the captioned docket(s) are consistent with the policies of title 39. For request(s) that the Postal Service states concern market dominant product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3622, 39 U.S.C. 3642, 39 CFR part 3030, and 39 CFR part 3040, subpart B. For request(s) that the Postal Service states concern competitive product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3035, and 39 CFR part 3040, subpart B. Comment deadline(s) for each request appear in section II.

II. Docketed Proceeding(s)

1. *Docket No(s):* MC2021-17 and CP2021-18; *Filing Title:* USPS Request to Add Priority Mail Contract 675 to Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date:* October 16, 2020; *Filing Authority:* 39 U.S.C. 3642, 39 CFR 3040.130 through 3040.135, and 39 CFR 3035.105; *Public Representative:* Curtis E. Kidd; *Comments Due:* October 26, 2020.

2. *Docket No(s):* MC2021-18 and CP2021-19; *Filing Title:* USPS Request to Add Priority Mail Contract 676 to Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date:* October 16, 2020; *Filing Authority:* 39 U.S.C. 3642, 39 CFR 3040.130 through 3040.135, and 39 CFR 3035.105; *Public Representative:* Curtis E. Kidd; *Comments Due:* October 26, 2020.

This Notice will be published in the **Federal Register**.

Erica A. Barker,
Secretary.

BILLING CODE 7710-FW-P

SECURITIES AND EXCHANGE COMMISSION

Sunshine Act Meetings

TIME AND DATE: 12:30 p.m. on Tuesday, October 20, 2020.

PLACE: The meeting will be held via remote means and/or at the Commission's headquarters, 100 F Street NE, Washington, DC 20549.

¹ See Docket No. RM2018-3, Order Adopting Final Rules Relating to Non-Public Information, June 27, 2018, Attachment A at 19-22 (Order No. 4679).

STATUS: This meeting will be closed to the public.

MATTERS TO BE CONSIDERED:

Commissioners, Counsel to the Commissioners, the Secretary to the Commission, and recording secretaries will attend the closed meeting. Certain staff members who have an interest in the matters also may be present.

The General Counsel of the Commission, or his designee, has certified that, in his opinion, one or more of the exemptions set forth in 5 U.S.C. 552b(c)(3), (5), (6), (7), (8), 9(B) and (10) and 17 CFR 200.402(a)(3), (a)(5), (a)(6), (a)(7), (a)(8), (a)(9)(ii) and (a)(10), permit consideration of the scheduled matters at the closed meeting.

The subject matter of the closed meeting will be other matter relating to enforcement proceeding.

At times, changes in Commission priorities require alterations in the scheduling of meeting items.

CONTACT PERSON FOR MORE INFORMATION:

For further information; please contact Vanessa A. Countryman from the Office of the Secretary at (202) 551-5400.

Dated: October 20, 2020.

Vanessa A. Countryman,
Secretary.

**SECURITIES AND EXCHANGE
COMMISSION**

[Release No. 34-90213; File No. SR-CBOE-2020-094]

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Enhance Its Drill-Through Protections and Make Other Clarifying Changes

October 16, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 5, 2020, Cboe Exchange, Inc. (“Exchange” or “Cboe Options”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) proposes to enhance its drill-through protections and make other clarifying changes. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to enhance its drill-through protections for simple and complex orders and make other clarifying changes. Currently, pursuant to Rule 5.34(a)(4) and (b)(6), the System will execute a marketable buy (sell) order or complex order,³ respectively, up to a buffer amount above (below) the limit of the Opening Collar or the national best offer (“NBO”) (national best bid (“NBB”)), as applicable, or the synthetic national best offer (“SNBO”) or synthetic national best bid (“SNBB”), respectively (the “drill-through price”). The System enters any order (or unexecuted portion), simple⁴ or complex, into the book or the complex order book (“COB”), respectively, at the drill-through price for a specified period

³ The System may also initiate a complex order auction (“COA”) at the drill-through price for a complex order that would otherwise initiate a COA.

⁴ Market orders or limit orders (or unexecuted portions) with times-in-force of immediate-or-cancel (“IOC”) or fill-or-kill (“FOK”) are cancelled rather than be entered into the book. Limit orders with times-in-force of day, good-til-cancelled (“GTC”), or good-til-day (“GTD”) may enter the book.

of time (determined by the Exchange).⁵ At the end of the time period, the System cancels any portion of the order not executed during that time period.

The Exchange proposes to permit orders to rest in the book or COB, as applicable, for multiple time periods and at more aggressive displayed prices during each time period.⁶ Specifically, for a limit order (or unexecuted portion) with a Time-in-Force of Day, GTC, or GTD, or a complex order, the System enters the order in the Book or COB with a displayed⁷ price equal to the drill-through price (as discussed below, if an order’s limit price is less aggressive than the drill-through price, the order will rest in the Book or COB, as applicable, at its limit price and subject to the User’s instructions, and the drill-through mechanism as proposed to be amended would no longer apply to the order).⁸ The order (or unexecuted portion) will rest in the book or COB, as applicable, until the earliest to occur of the order’s full execution and the end of the duration of the number of time periods.⁹ Following the end of each period prior to the final period, the System adds (if a buy order) or subtracts (if a sell order) one buffer amount to the drill-through price displayed during the immediately preceding period (each new price becomes the “drill-through

⁵ The current time period is two seconds, and the current default amounts are available in the technical specifications available at https://cdn.cboe.com/resources/membership/US_Options_BOE_Specification.pdf. Upon implementation of the proposed rule change, the Exchange will likely reduce the length of the time period and maintain the same buffer amounts.

⁶ The Exchange will announce to Trading Permit Holders the buffer amount, the number of time periods, and the length of the time periods in accordance with Rule 1.5. The Exchange notes that each time period will be the same length (as designated by the Exchange), and the buffer amount applied for each time period will be the same.

⁷ Currently, the drill-through price is the price of orders and complex orders in the book or COB, respectively. The proposed rule change clarifies that the drill-through price is displayed, which is consistent with current functionality.

⁸ See proposed Rule 5.34(a)(4)(C) and (b)(6)(B).

⁹ The Exchange will determine on a class-by-class basis the number of time periods, which may not exceed five, and the length of the time period, which may not exceed three seconds. See proposed Rule 5.34(a)(4)(C)(i) and (b)(6)(B)(i). While the current rule does not permit the Exchange to determine different time periods for different classes, the proposed rule change adds class flexibility so that the Exchange may determine different time periods for different classes, which may exhibit different trading characteristics and have different market models. This is consistent with flexibility the current Rules provide the Exchange with respect to other portions of the drill-through protection, such as the buffer amount for simple orders (the proposed rule change also adds this flexibility for determining the buffer amount for complex orders). See Rule 5.34(a)(4)(C) [sic] and (b)(6)(A) [sic].
