Notice of Intent To Repatriate Cultural Items: Minnesota Historical Society, St. Paul, MN; Correction

AGENCY: National Park Service, Interior.

ACTION: Notice; correction.

SUMMARY: The Minnesota Historical Society has corrected a Notice of Intent

to Repatriate published in the **Federal Register** on November 14, 2018. This notice corrects the identity and affiliation of one cultural item. Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to claim this cultural item should submit a written request to the Minnesota Historical Society. If no additional claimants come forward, transfer of control of the cultural item to the lineal descendants, Indian Tribes, or Native Hawaiian organizations stated in this notice may proceed.

DATES: Representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to claim this cultural item should submit a written request with information in support of the claim to the Minnesota Historical Society at the address in this notice by November 27, 2020.

ADDRESSES: Ben Gessner, Minnesota Historical Society, 345 W Kellogg Blvd., St. Paul, MN 55102, telephone (651) 259-3281, email benjamin.gessner@mnhs.org.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3005, of the intent to repatriate a cultural item under the control of the Minnesota Historical Society, St. Paul, MN, that meets the definition of unassociated funerary object and object of cultural patrimony under 25 U.S.C. 3001.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American cultural items. The National Park Service is not responsible for the determinations in this notice.

This notice corrects the identity and affiliation of one cultural item, a Jefferson Peace Medal, that was published in a Notice of Intent to Repatriate in the **Federal Register** (83 FR 56871-56872, November 14, 2018). Transfer of control of the item in this correction notice has not occurred.

The Minnesota Historical Society's NAGPRA Committee and leadership examined additional geographic, historical, anthropological and archeological information provided by the Prairie Island Indian Community in the State of Minnesota (Mdewakanton Dakota), including a report provided by the Prairie Island Tribal Historic Preservation Officer and Dr. Ron Schirmer, Professor of Anthropology at

Minnesota State University, Mankato, and have determined that in his role as a village headman, Tatankamani would have accepted a Jefferson Peace Medal on behalf of his entire community. Therefore, the Peace Medal cannot be owned by an individual. Further, Minnesota Historical Society's NAGPRA Committee and leadership have determined that the Peace Medal has ongoing historical, traditional, and cultural importance central to the Prairie Island Indian Community in the State of Minnesota. Mdewakanton Dakota people have lived on the shores of Lake Pepin and on Prairie Island since at least A.D. 1680, and the historical record unequivocally establishes the continuous presence of the Red Wing band of Mdewakanton Dakota people in the area from the 1600s to the current time. Consequently, Minnesota Historical Society's NAGPRA Committee and leadership have determined that the Peace Medal is both an unassociated funerary object and an object of cultural patrimony.

The Prairie Island Indian Community has requested the repatriation of this unassociated funerary object and object of cultural patrimony. Their request is supported by the Santee Sioux Nation, Nebraska, as well as a lineal descendant of Tatankamani, Sheila Ann Red Wing.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of the information collection requirements and minimize the public's reporting burden. It also helps the public understand BOEM's information collection requirements and provide the requested data in the desired format.

Abstract: In 2017, BOEM published a final rule that created part 583 in Title 30 of the Code of Federal Regulations to address the use of Outer Continental Shelf (OCS) sand, gravel and shell resources for shore protection, beach restoration, or coastal wetlands restoration projects by Federal, State or local government agencies, or for use in construction projects authorized by, or funded in whole or in part, by the Federal Government.

The OCS Lands Act, 43 U.S.C. 1331 *et seq.* as amended, authorizes the Secretary of the Interior to prescribe rules and regulations to administer leasing of mineral resources on the OCS other than oil, gas and sulphur. Section 1337(k)(1) authorizes the Secretary ". . . to grant to the qualified persons offering the highest cash bonuses on a basis of competitive bidding leases of any mineral other than oil, gas, and sulphur in any area of the [O]uter Continental Shelf not then under lease for such mineral upon such royalty, rental, and other terms and conditions as the Secretary may prescribe at the time of offering the area for lease." An amendment to the OCS Lands Act adding a paragraph (2) to section 8(k) authorizes the Secretary to negotiate agreements (in lieu of the previously required competitive bidding process) for the use of OCS sand, gravel, and shell resources for certain specified types of public uses. The specified uses will support construction of governmental projects for beach nourishment, shore protection, and wetlands enhancement, or any such project authorized by the Federal Government.

Under the authority delegated by the Secretary of the Interior, BOEM is authorized, pursuant to section 1337(k)(2) of the OCS Lands Act, to convey rights to OCS sand, gravel, and shell resources by negotiated noncompetitive agreement for use in shore protection and beach and coastal restoration, or for use in construction projects funded in whole or part by, or authorized by, the Federal Government.
