

historical, traditional, or cultural importance central to the Native American group or culture itself, rather than property owned by an individual.

In the **Federal Register** (83 FR 56872, November 14, 2018), column 1, paragraph 1, sentence 2 is corrected by substituting the following sentence:

Pursuant to 43 CFR 10.14(b), Josie Redwing, Melody Redwing, and Sheila Ann Red Wing are direct lineal descendants of Tatankamani, based on genealogical evidence on file with the Minnesota Historical Society.

In the **Federal Register** (83 FR 56872, November 14, 2018), column 1, paragraph 1, is corrected by adding the following sentence to the end of the paragraph:

Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the unassociated funerary object and object of cultural patrimony and the Prairie Island Indian Community in the State of Minnesota.

Additional Requestors and Disposition

Representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to claim this cultural item should submit a written request with information in support of the claim to Ben Gessner, Minnesota Historical Society, 345 W Kellogg Blvd., St. Paul, MN 55102, telephone (651) 259-3281, email benjamin.gessner@mnhs.org, by November 27, 2020. After that date, if no additional claimants have come forward, transfer of control of the unassociated funerary object and object of cultural patrimony to the Prairie Island Indian Community in the State of Minnesota may proceed.

The Minnesota Historical Society is responsible for notifying Josie Redwing; Melody Redwing; Sheila Ann Red Wing; the Crow Creek Sioux Tribe of the Crow Creek Reservation, South Dakota; Flandreau Santee Sioux Tribe of South Dakota; Lower Sioux Indian Community in the State of Minnesota; Oglala Sioux Tribe (previously listed as Oglala Sioux Tribe of the Pine Ridge Reservation, South Dakota); Prairie Island Indian Community in the State of Minnesota; Santee Sioux Nation, Nebraska; Shakopee Mdewakanton Sioux Community of Minnesota; Sisseton-Wahpeton Oyate of the Lake Traverse Reservation, South Dakota; and the Upper Sioux Community, Minnesota, that this notice has been published.

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[OMB Control Number 1010-0191; Docket ID: BOEM-2017-0016]

Agency Information Collection Activities; Negotiated Noncompetitive Agreement for the Use of Sand, Gravel and Shell Resources on the Outer Continental Shelf

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) is proposing to renew an information collection request.

DATES: Interested persons are invited to submit comments on or before November 27, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent to the Office of Management and Budget's Desk Officer for the Department of the Interior within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. Please provide a copy of your comments to the BOEM Information Collection Clearance Officer, Anna Atkinson, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia, 20166; or by email to anna.atkinson@boem.gov. Please reference Office of Management and Budget (OMB) Control Number 1010-0191 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this Information Collection Request (ICR), contact Anna Atkinson by email, or by telephone at 703-787-1025. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of the information collection requirements and minimize the public's reporting burden. It also helps the public understand BOEM's information collection requirements and provide the requested data in the desired format.

Abstract: In 2017, BOEM published a final rule that created part 583 in Title 30 of the Code of Federal Regulations to address the use of Outer Continental Shelf (OCS) sand, gravel and shell resources for shore protection, beach restoration, or coastal wetlands restoration projects by Federal, State or local government agencies, or for use in construction projects authorized by, or funded in whole or in part, by the Federal Government.

The OCS Lands Act, 43 U.S.C. 1331 *et seq.* as amended, authorizes the Secretary of the Interior to prescribe rules and regulations to administer leasing of mineral resources on the OCS other than oil, gas and sulphur. Section 1337(k)(1) authorizes the Secretary ". . . to grant to the qualified persons offering the highest cash bonuses on a basis of competitive bidding leases of any mineral other than oil, gas, and sulphur in any area of the [O]uter Continental Shelf not then under lease for such mineral upon such royalty, rental, and other terms and conditions as the Secretary may prescribe at the time of offering the area for lease." An amendment to the OCS Lands Act adding a paragraph (2) to section 8(k) authorizes the Secretary to negotiate agreements (in lieu of the previously required competitive bidding process) for the use of OCS sand, gravel, and shell resources for certain specified types of public uses. The specified uses will support construction of governmental projects for beach nourishment, shore protection, and wetlands enhancement, or any such project authorized by the Federal Government.

Under the authority delegated by the Secretary of the Interior, BOEM is authorized, pursuant to section 1337(k)(2) of the OCS Lands Act, to convey rights to OCS sand, gravel, and shell resources by negotiated noncompetitive agreement for use in shore protection and beach and coastal restoration, or for use in construction projects funded in whole or part by, or authorized by, the Federal Government.

Title of Collection: 30 CFR 583, Negotiated Noncompetitive Agreement for Use of Sand, Gravel and Shell Resources on the Outer Continental Shelf.

Form Number: None.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Potential respondents include Federal, State, or local governments.

Total Estimated Number of Annual Responses: 45 responses.

Total Estimated Number of Annual Burden Hours: 299 hours.

Respondent's Obligation: Required to retain or obtain a benefit.

Frequency of Collection: On occasion.

Total Estimated Annual Non-hour Burden Cost: No non-hour paperwork cost burden.

Estimated Reporting and Recordkeeping Hour Burden: We estimate that the annual reporting burden for this collection is 299 hours, which would be an increase of 56 annual burden hours from the OMB-approved burden hours. This increase is due to changes in estimated hour burdens and number of responses related to 30 CFR 583, subpart C, since the publication of the regulations in 2017. The hour burden estimates would be revised to more accurately estimate the number of state and local governments requesting negotiated noncompetitive agreements from BOEM. In addition, BOEM has reviewed the hour burdens for requested information under this subpart, and the increase would better reflect the hours it takes for respondents to collect and submit the information.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this proposed information collection request was published on July 14, 2020 (85 FR 42428). BOEM received one comment from a private citizen during the 60-day comment period. This citizen suggested publishing information on the web about how sand resources are used and by whom. BOEM posts information on the Marine Mineral Program at boem.gov/marine-minerals. This site provides information on the National Offshore Sand Inventory, requests and active leases, state marine mineral projects, research and studies, and other related information.

BOEM is again soliciting comments on the proposed ICR that is described above. BOEM is especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of BOEM; (2) what can BOEM do to ensure this information will be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might BOEM enhance the quality, utility, and clarity of the information to be collected; and (5) how might BOEM minimize the burden of this collection on the respondents, including minimizing the burden through the use of information technology?

Comments that you submit in response to this notice are a matter of public record. BOEM will include or summarize each comment in its request to the Office of Management and Budget (OMB) for approval of this ICR. You

should be aware that your entire comment—including your address, phone number, email address, or other personally identifying information—may be made publicly available at any time. In order for BOEM to withhold from disclosure your personally identifiable information, you must identify any information contained in the submittal of your comments that, if released, would clearly constitute an unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequences of the disclosure of your information, such as embarrassment, injury, or other harm. While you can ask BOEM in your comment to withhold your personally identifiable information from public review, BOEM cannot guarantee that it will be able to do so.

BOEM protects proprietary information in accordance with the Freedom of Information Act (FOIA, 5 U.S.C. 552), and the Department of the Interior's FOIA implementing regulations (43 CFR part 2).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Chief, Office of Policy, Regulation, and Analysis.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1226]

Certain Artificial Eyelash Extension Systems, Products, and Components Thereof; Institution of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on September 10, 2020, under section 337 of the Tariff Act of 1930, as amended, on behalf of Lashify, Inc. of Glendale, California. The complaint alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain artificial eyelash extension systems, products, and components thereof by reason of infringement of

certain claims of U.S. Patent No. 10,660,388 (“the ‘388 patent”); U.S. Patent No. 10,721,984 (“the ‘984 patent”); U.S. Design Patent No. D877,416 (“the ‘D416 patent”); and U.S. Patent No. D867,664 (“the ‘D664 patent”). The complaint further alleges that an industry in the United States exists as required by the applicable Federal Statute.

The complainant requests that the Commission institute an investigation and, after the investigation, issue a general exclusion order, or in the alternative a limited exclusion order, and cease and desist orders.

ADDRESSES: The complaint, except for any confidential information contained therein, may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.
