Offshore Wind Integration in RTOs/ISOs Supplemental Notice of Technical Conference

As first announced in the Notice of Technical Conference issued in this proceeding on June 17, 2020, the Federal Energy Regulatory Commission (Commission) will convene a staff-led technical conference in the above referenced proceeding on Tuesday, October 27, 2020, from 9:00 a.m. to 4:30 p.m. (ET).¹ The conference will be held virtually and will be webcast. Commissioners may attend and participate. This conference will consider whether and how existing regional transmission organization (RTO) and independent system operator (ISO) interconnection, merchant transmission and transmission planning frameworks can accommodate anticipated growth in offshore wind generation in an efficient or cost-effective manner that safeguards open access transmission principles. The conference also will provide an opportunity for participants to discuss possible changes or improvements to the current regulatory frameworks that may accommodate such growth. Attached to this Supplemental Notice is an agenda for the technical conference, which includes the final conference program and speakers.

We note that discussions at the conference may involve issues raised in proceedings that are currently pending before the Commission. These proceedings include, but are not limited to:

National Fuel Gas Supply Corporation and Empire Pipeline, Inc.; Notice of Request for Extension of Time

Take notice that on October 16, 2020, National Fuel Gas Supply Corporation (National Fuel) and Empire Pipeline, Inc. (Empire) (collectively, Applicants) requested that the Federal Energy Regulatory Commission (Commission) grant an extension of time, until December 1, 2024, to complete construction of the Northern Access 2016 Project (Project) and make the Project available for service, as authorized in the February 3, 2017 Order Granting Abandonment and Issuing Certificates (Certificate Order).¹

The Project consists of approximately 99 miles of new pipeline, primarily 24-inches in diameter, to be constructed in McKean County, Pennsylvania, and Allegany, Cattaraugus, Erie, and Niagara Counties, New York; a new compressor station along Empire's system in Niagara County, New York; and additional compression at National Fuel's existing Porterville Compressor Station in Erie County, New York, as well as new pipeline interconnects and various auxiliary and appurtenant facilities. The Certificate Order required Applicants to complete construction of the Project facilities and make them available for service by February 3, 2019.² In January 2019, the Commission granted Applicants' request for a three-year extension, until February 3, 2022, to complete construction and place the Project facilities into service.³ Due to ongoing legal and regulatory delays, Applicants now request an additional two-year extension of time, until December 1, 2024, to complete construction of the Project and place it into service.

This notice establishes a 15-calendar day intervention and comment period deadline. Any person wishing to comment on the extension motion may do so. No reply comments or answers will be considered. If you wish to obtain legal status by becoming a party to the
