

this section may not enter into any Derivative transactions under this subpart until it receives approval from the applicable Regional Director. At a Regional Director's discretion, a Federal credit union may reapply if its initial application is denied.

(2) A Federal credit union that receives a denial of its application may appeal such decision in accordance with part 746 of the NCUA's regulations.

(d) *Change in condition.* A Federal credit union must immediately cease entering into any new Derivatives and contact the applicable Regional Director, if the Federal credit union experiences a change in condition such that it no longer meets the requirements of paragraph (a) of this section or renders its approved application inaccurate. The applicable Regional Director may take all necessary actions, including, but not limited to, revoking a Federal credit union's authority to engage in Derivatives and/or requiring divestiture of current Derivatives.

§ 703.109 Regulatory violation or unsafe and unsound condition.

(a) Upon determination by the applicable Regional Director, and written notice by the same, a Federal credit union that: No longer meets the requirements of this subpart; if applicable, fails to comply with its approved application; or is operating in an unsafe or unsound condition must immediately stop entering into any new Derivative transactions until the Federal credit union is notified by the applicable Regional Director that it is permitted to resume engaging in transactions under this subpart.

(b) If the applicable Regional Director renders an unsafe or unsound condition in their determination, he or she will provide the Federal credit union as part of the written notice the reason(s) for such determination.

(c) During this period, however, the Federal credit union may terminate existing Derivative transactions. A Regional Director may permit a Federal credit union to enter into offsetting transactions if he or she determines such transactions are part of a corrective action strategy; and

(d) A Federal credit union that receives written notice under this section may appeal such determination in accordance with part 746 of the NCUA's regulations.

PART 741—REQUIREMENTS FOR INSURANCE

■ 7. The authority citation for part 741 continues to read as follows:

Authority: 12 U.S.C. 1757, 1766(a), 1781–1790, and 1790d; 31 U.S.C. 3717.

■ 8. Amend § 741.219 by revising paragraph (b) to read as follows:

§ 741.219 Investment requirements.

* * * * *

(b) Any credit union which is insured pursuant to title II of the Act must notify the applicable NCUA Regional Director in writing within five business days after entering into its first Derivatives transaction. Such transactions do not include those included in § 703.14 of this chapter.

PART 746—APPEALS PROCEDURES

■ 9. The authority citation for part 746 continues to read as follows:

Authority: 12 U.S.C. 1766, 1787, and 1789.

■ 10. Amend § 746.201 by revising paragraph (c) to read as follows:

§ 746.201 Authority, purpose, and scope.

* * * * *

(c) *Scope.* This subpart covers the appeal of initial agency determinations by a program office which the petitioner has a right to appeal to the NCUA Board under the following regulations:

§§ 701.14(e), 701.21(h)(3), 701.22(c), 701.23(h)(3), 701.32(b)(5), and 701.34(a)(4), appendix A to part 701 of this chapter, Chapters 1 through 4, §§ 703.20(d), 703.108(b), 705.10(a), 708a.108(d), 708a.304(h), 708a.308(d), 709.7, 741.11(d), and 745.201(c), subpart J to part 747 of this chapter, and § 750.6(b).

BILLING CODE 7535–01–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA–2020–0915; Project Identifier AD–2020–00661–Q]

RIN 2120–AA64

Airworthiness Directives; Rockwell Collins, Inc., Global Positioning Systems

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: The FAA proposes to adopt a new airworthiness directive (AD) for certain Rockwell Collins, Inc. (Rockwell Collins), GPS–4000S Global Positioning

Systems (GPS) installed on airplanes. This proposed AD was prompted by an un-announced GPS position error, which could cause a misleading localizer performance with vertical guidance (LPV) glidepath, resulting in controlled flight into terrain (CFIT). This proposed AD would require upgrading the GPS–4000S. The FAA is proposing this AD to address the unsafe condition on these products.

DATES: The FAA must receive comments on this proposed AD by December 14, 2020.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- *Federal eRulemaking Portal:* Go to <https://www.regulations.gov>. Follow the instructions for submitting comments.

- *Fax:* 202–493–2251.

- *Mail:* U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590.

- *Hand Delivery:* Deliver to Mail address above between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

For service information identified in this NPRM, contact Rockwell Collins, Inc., 400 Collins Road NE, Cedar Rapids, IA 52498; phone: 319–295–5000; email: customersupport@rockwellcollins.com; internet: <https://www.rockwellcollins.com/>. You may view this service information at the FAA, Airworthiness Products Section, Operational Safety Branch, 901 Locust, Kansas City, MO 64106. For information on the availability of this material at the FAA, call 816–329–4148. It is also available on the internet at <https://www.regulations.gov> by searching for and locating Docket No. FAA–2020–0915.

Examining the AD Docket

You may examine the AD docket on the internet at <https://www.regulations.gov> by searching for and locating Docket No. FAA–2020–0915; or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this NPRM, any comments received, and other information. The street address for Docket Operations is listed in the **ADDRESSES** section. Comments will be available in the AD docket shortly after receipt.

FOR FURTHER INFORMATION CONTACT: Paul Rau, Aerospace Engineer, Wichita ACO Branch, FAA, 1801 Airport Road, Wichita, Kansas 67209; phone: 316–

946-4149; fax: 316-946-4107; email: paul.rau@faa.gov or Wichita-COS@faa.gov.

SUPPLEMENTARY INFORMATION:

Comments Invited

The FAA invites you to send any written relevant data, views, or arguments about this proposal. Send your comments to an address listed under the **ADDRESSES** section. Include "Docket No. FAA-2020-0915; Project Identifier AD-2020-00661-Q" at the beginning of your comments. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. The FAA will consider all comments received by the closing date and may amend this proposal because of those comments.

Except for Confidential Business Information (CBI) as described in the following paragraph, and other information as described in 14 CFR 11.35, the FAA will post all comments received, without change, to <https://www.regulations.gov>, including any personal information you provide. The agency will also post a report summarizing each substantive verbal contact we receive about this NPRM.

Confidential Business Information

CBI is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this NPRM contain commercial or financial information that is customarily treated as private, that you actually treat as

private, and that is relevant or responsive to this NPRM, it is important that you clearly designate the submitted comments as CBI. Please mark each page of your submission containing CBI as "PROPIN." The FAA will treat such marked submissions as confidential under the FOIA, and they will not be placed in the public docket of this NPRM. Submissions containing CBI should be sent to Paul Rau, Aerospace Engineer, Wichita ACO Branch, FAA, 1801 Airport Road, Wichita, Kansas 67209; phone: 316-946-4149; fax: 316-946-4107; email: paul.rau@faa.gov or Wichita-COS@faa.gov. Any commentary that the FAA receives which is not specifically designated as CBI will be placed in the public docket for this rulemaking.

Discussion

The FAA was notified of a software error in the Rockwell Collins GPS-4000S GPS, part number (P/N) 822-2189-100, installed on airplanes. The software error can result in an unannounced inaccurate GPS position in the region within approximately 1,000 miles (+/- 20 degrees) of 180 degrees west longitude. The software improperly applies the wide area augmentation system ionospheric delay corrections to the GPS signal from satellites located across the 180th meridian. Due to this anomaly, the position accuracy may be diminished such that the GPS-4000S P/N 822-2189-100 will not support LPV approaches in the affected region. This condition, if not addressed, could result in a misleading glidepath on an affected LPV approach resulting in CFIT.

Related Service Information

The FAA reviewed Rockwell Collins Service Information Letter (SIL) GPS-4X00()-19-3, Revision No. 2, dated March 25, 2020. The service letter describes the unsafe condition and provides operating limitations for approaches to airports in the affected region until the software is upgraded.

The FAA also reviewed Rockwell Collins Service Bulletin GPS-4X00()-34-510, Revision No. 1, dated March 6, 2020. The service bulletin specifies procedures for upgrading the GPS-4000S software, which removes P/N 822-2189-100 and installs P/N 822-2189-101.

FAA's Determination

The FAA is issuing this AD because it evaluated all the relevant information and determined the unsafe condition described previously is likely to exist or develop in other products of the same type design.

AD Requirements

This proposed AD would require removing P/N 822-2189-100 GPS-4000S Global Positioning System(s) from the airplane and installing P/N 822-2189-101 GPS-4000S Global Positioning System(s).

Costs of Compliance

The FAA estimates that this proposed AD would affect 3,500 airplanes of U.S. registry. The FAA estimates that 2,000 airplanes have two GPS-4000S units installed and 1,500 airplanes have one GPS-4000S unit installed.

The FAA estimates the following costs to comply with this proposed AD:

ESTIMATED COSTS

Action	Labor cost	Parts cost	Cost per product	Cost on U.S. operators
Replace GPS-4000S (airplanes with 2 units installed).	7 work-hours × \$85 per hour = \$595	\$4,540.00	\$5,135	\$10,270,000
Replace GPS-4000S (airplanes with single unit installed).	3.50 work-hours × \$85 per hour = \$297.50 ...	2,270	2,567.50	3,851,250

According to the manufacturer, some of the costs of this proposed AD may be covered under warranty, thereby reducing the cost impact on affected individuals. The FAA does not control warranty coverage for affected individuals. As a result, the FAA has included all costs in this cost estimate.

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA's authority to issue rules on aviation safety. Subtitle I,

section 106, describes the authority of the FAA Administrator. Subtitle VII: Aviation Programs, describes in more detail the scope of the Agency's authority.

The FAA is issuing this rulemaking under the authority described in Subtitle VII, Part A, Subpart III, Section 44701: General requirements. Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and

procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

The FAA determined that this proposed AD would not have federalism implications under Executive Order 13132. This proposed AD would not

have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify this proposed regulation:

- (1) Is not a "significant regulatory action" under Executive Order 12866,
- (2) Will not affect intrastate aviation in Alaska, and
- (3) Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

The Proposed Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA proposes to amend 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

- 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

- 2. The FAA amends § 39.13 by adding the following new airworthiness directive:

Rockwell Collins, Inc.: Docket No. FAA–2020–0915; Project Identifier AD–2020–00661–Q.

(a) Comments Due Date

The FAA must receive comments by December 14, 2020.

(b) Affected ADs

None.

(c) Applicability

This airworthiness directive (AD) applies to Rockwell Collins, Inc. GPS–4000S Global Positioning System (GPS) part number (P/N) 822–2189–100 installed on airplanes, certificated in any category.

(d) Subject

Joint Aircraft System Component (JASC)/ Air Transport Association (ATA) of America Code 3400, NAVIGATION SYSTEM.

(e) Unsafe Condition

This AD was prompted by an unannounced GPS vertical error that could result in a hazardous misleading localizer performance vertical (LPV) glidepath. The FAA is issuing this AD to prevent a misleading GPS position on an LPV approach. The unsafe condition, if not addressed, result in a misleading GPS

position on an LPV approach resulting in controlled flight into terrain.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Actions

(1) Within 24 months after the effective date of this AD, replace GPS–4000S GPS P/N 822–2189–100 with P/N 822–2189–101.

(2) As of the effective date of this AD, do not install GPS–4000S GPS P/N 822–2189–100 on any airplane.

(h) Alternative Methods of Compliance (AMOCs)

(1) The Manager, Wichita ACO Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the certification office, send it to the attention of the person identified in paragraph (i)(1) of this AD.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(i) Related Information

(1) For more information about this AD, contact Paul Rau, Aerospace Engineer, Wichita ACO Branch, FAA, 1801 Airport Road, Wichita, Kansas 67209; phone: 316–946–4149; fax: 316–946–4107; email: paul.rau@faa.gov or Wichita-COS@faa.gov.

(2) For service information identified in this proposed AD, contact Rockwell Collins, Inc., Collins Aviation Services, 400 Collins Road NE, M/S 164–100, Cedar Rapids, IA 52498–0001; telephone: 888–265–5467 (U.S.) or 319–265–5467; fax: 319–295–4941 (outside U.S.); email: techmanuals@rockwellcollins.com; internet: <https://portal.rockwellcollins.com/web/publications-and-training>. You may view this referenced service information at the FAA, Airworthiness Products Section, Operational Safety Branch, 901 Locust, Kansas City, MO 64106. For information on the availability of this material at the FAA, call 816–329–4148.

Issued on October 21, 2020.

Lance T. Gant,

Director, Compliance & Airworthiness Division, Aircraft Certification Service.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA–2020–0973; Project Identifier MCAI–2020–01113–T]

RIN 2120–AA64

Airworthiness Directives; ATR—GIE Avions de Transport Régional Airplanes Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: The FAA proposes to supersede Airworthiness Directive (AD) 2000–23–04 R1 and AD 2018–20–14, which apply to certain ATR—GIE Avions de Transport Régional Model ATR42–500 airplanes. AD 2000–23–04 R1 and AD 2018–20–14 require revising the maintenance or inspection program, as applicable, to incorporate new and/or more restrictive maintenance requirements and airworthiness limitations. Since the FAA issued AD 2000–23–04 R1 and AD 2018–20–14, the FAA has determined that new or more restrictive airworthiness limitations are necessary. This proposed AD would require revising the existing maintenance or inspection program, as applicable, to incorporate new or more restrictive airworthiness limitations, as specified in a European Union Aviation Safety Agency (EASA) AD, which will be incorporated by reference. The FAA is proposing this AD to address the unsafe condition on these products.

DATES: The FAA must receive comments on this proposed AD by December 14, 2020.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- *Federal eRulemaking Portal:* Go to <https://www.regulations.gov>. Follow the instructions for submitting comments.
- *Fax:* 202–493–2251.
- *Mail:* U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590.
- *Hand Delivery:* Deliver to Mail address above between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

For EASA AD 2020–0136 that will be incorporated by reference (IBR) in this AD, contact the EASA, Konrad-Adenauer-Ufer 3, 50668 Cologne, Germany; telephone +49 221 8999 000;
