Abstract: This notice pertains to the collection of information that enables the BLM to administer its program for wild horses and burros in compliance with the Wild Free-Roaming Horses and Burros Act (16 U.S.C. 1331–1340). In addition to seeking renewal of control number 1004–0042, the BLM requests revision of an existing information-collection activity and form and requests the addition of an information-collection form that has been in use without a control number.

OMB has approved form 4710–10 and its information-collection activity previously with the title, “Application for Adoption of Wild Horse(s) or Burro(s).” The BLM proposes that the information-collection activity and form be revised to enable both adoptions and purchases of wild horses or burros, as authorized by 43 U.S.C. 1333(d) and (e). The revised form that includes sales is titled, “Application for Adoption & Sale of Wild Horse(s) and Burro(s)”.

The form that has been in use without a control number is Form 4710–24, “BLM Facility Requirement Form” for use by individuals and non-governmental organizations that participate along with the BLM in joint training programs to increase the

number of trained animals available for adoption or purchase.
