

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: October 23, 2020.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

Appendix I**Scope of the Investigation**

The merchandise covered by this investigation is certain seamed (welded or brazed), non-refillable steel cylinders meeting the requirements of, or produced to meet the requirements of, U.S. Department of Transportation (USDOT) Specification 39, TransportCanada Specification 39M, or United Nations pressure receptacle standard ISO 11118 and otherwise meeting the description provided below (non-refillable steel cylinders). The subject non-refillable steel cylinders are portable and range from 300-cubic inch (4.9 liter) water capacity to 1,526-cubic inch (25 liter) water capacity. Subject non-refillable steel cylinders may be imported with or without a valve and/or pressure release device and unfilled at the time of importation. Non-refillable steel cylinders filled with pressurized air otherwise meeting the physical description above are covered by this investigation.

Specifically excluded are seamless non-refillable steel cylinders.

The merchandise subject to this investigation is properly classified under statistical reporting numbers 7311.00.0060 and 7311.00.0090 of the Harmonized Tariff Schedule of the United States (HTSUS). The merchandise may also enter under HTSUS statistical reporting numbers 7310.29.0025 and 7310.29.0050. Although the HTSUS statistical reporting numbers are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Scientific Advisory Subcommittee to the General Advisory Committee and General Advisory Committee to the U.S. Section to the Inter-American Tropical Tuna Commission; Meeting Announcements

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: NMFS announces a combined public meeting of the Scientific Advisory Subcommittee (SAS) to the General Advisory Committee (GAC), and the GAC to the U.S. Section to the Inter-American Tropical Tuna Commission (IATTC). This meeting will be held virtually on November 10, 2020, via webinar. The meeting topics are described under the **SUPPLEMENTARY INFORMATION** section of this notice.

DATES: The virtual meeting of the SAS and GAC will be held on November 10, 2020, from 8:30 a.m. to 1 p.m. PST (or until business is concluded).

ADDRESSES: Please notify William Stahnke (see **FOR FURTHER INFORMATION CONTACT**) if you plan to attend the webinar. Instructions will be emailed to meeting participants before the meeting occurs.

FOR FURTHER INFORMATION CONTACT: William Stahnke, West Coast Region, NMFS, at william.stahnke@noaa.gov, or at (562) 980-4088.

SUPPLEMENTARY INFORMATION: On June 18, 2020, NMFS hosted a combined virtual SAS and GAC meeting (85 FR 36562; June 17, 2020), in which NMFS indicated that it would host a second virtual SAS and GAC meeting on a date to be determined later in the year based on scheduling for relevant IATTC meetings. The IATTC Scientific Advisory Committee (SAC) meeting was held on October 26-28, 2020, and the IATTC annual meeting is expected to be held from November 30 to December 4, 2020. As such, NMFS is hosting a second virtual SAS and GAC meeting where priority items such as final stock assessments, tropical tuna management measures, Pacific bluefin tuna measures, observer issues, and other administrative topics will be discussed in light of information presented at the SAC meeting, in advance of the IATTC annual meeting.

In accordance with the Tuna Conventions Act (16 U.S.C. 951 *et seq.*), the U.S. Department of Commerce, in consultation with the Department of State (the State Department), appoints a GAC to the U.S. Section to the IATTC, and a SAS that advises the GAC. The U.S. Section consists of the four U.S. Commissioners to the IATTC and representatives of the State Department, NOAA, Department of Commerce, other U.S. Government agencies, and stakeholders. The GAC advises the U.S. Section with respect to U.S. participation in the work of the IATTC, focusing on the development of U.S. policies, positions, and negotiating tactics. The purpose of the SAS is to advise the GAC on scientific matters. NMFS West Coast Region staff provide administrative support for the SAS and GAC. The meetings of the SAS and GAC are open to the public, unless in executive session. The time and manner of public comment will be at the discretion of the Chairs for the SAS and GAC.

Currently, the 95th meeting of the IATTC and IATTC working group meetings are scheduled to be held, in a virtual format, from November 30 to December 4, 2020. For more information and updates on these meetings, please visit the IATTC's website: <https://www.iattc.org/MeetingsENG.htm>.

SAS and GAC Meeting Topics

As was the case at the prior combined SAS and GAC meeting (85 FR 36562; June 17, 2020), this SAS and GAC meeting will also have a streamlined agenda.

The meeting agenda will include, but is not limited to, the following topics:

- (1) Outcomes of the final 2020 stock assessments and stock status updates for tuna, tuna-like species, and other species caught in association with those fisheries in the eastern Pacific Ocean;
- (2) Evaluation of the IATTC Staff's Recommendations to the Commission for 2020;
- (3) Discussion of tropical tuna management measure, Pacific Bluefin tuna measures, observer issues, and administrative topics;
- (4) Recommendations and evaluations by the SAS and GAC; and
- (5) Other issues as they arise.

Special Accommodations

Requests for sign language interpretation or other auxiliary aids should be directed to William Stahnke (see **FOR FURTHER INFORMATION CONTACT**). (Authority: 16 U.S.C. 951 *et seq.*)

Dated: October 26, 2020.

Jennifer M. Wallace,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Federal Consistency Appeal by Electric Boat Corporation of New York State Department of State Objection

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice of extension of time to issue a decision.

SUMMARY: This announcement provides notice that the deadline for issuing a decision has been extended by 15 days in the administrative appeal filed with the Department of Commerce by Electric Boat Corporation requesting that the Secretary of Commerce (Secretary) override an objection by the New York State Department of State to a consistency certification for a proposed project to dispose of dredged material in the Eastern Long Island Sound Dredged Material Disposal Site.

DATES: The new deadline for issuing a decision on Electric Boat Corporation's federal consistency appeal of New York State Department of State's objection is November 16, 2020.

ADDRESSES: NOAA has provided access to publicly available materials and related documents comprising the appeal record on the following website: <https://www.regulations.gov/docket?D=NOAA-HQ-2020-0021>.

FOR FURTHER INFORMATION CONTACT: For questions about this Notice, contact Lauren Bregman, NOAA Office of the General Counsel, Oceans and Coasts Section, 1305 East-West Highway, Room 6111, Silver Spring, MD 20910, (301) 713-7389, lauren.bregman@noaa.gov.

SUPPLEMENTARY INFORMATION: On January 24, 2020, the NOAA Administrator, pursuant to authority delegated by the Secretary to decide Coastal Zone Management Act of 1972 (CZMA) federal consistency appeals, received a "Notice of Appeal" filed by Electric Boat Corporation (EBC or "Appellant") under the CZMA, 16 U.S.C. 1451 *et seq.*, and implementing regulations found at 15 CFR part 930, subpart H. The Notice of Appeal is taken from an objection by the New York State Department of State to Appellant's consistency certification for

a proposed U.S. Army Corps of Engineers permit to dispose of dredged material in the Eastern Long Island Sound Dredged Material Disposal Site.

Under the CZMA, the NOAA Administrator may override New York State Department of State's objection on grounds that the project is consistent with the objectives or purposes of the CZMA, or is necessary in the interest of national security. To make the determination that the proposed activity is "consistent with the objectives or purposes of the CZMA," the Department of Commerce must find that: (1) The proposed activity furthers the national interest as articulated in sections 302 or 303 of the CZMA, in a significant or substantial manner; (2) the national interest furthered by the proposed activity outweighs the activity's adverse coastal effects, when those effects are considered separately or cumulatively; and (3) no reasonable alternative is available that would permit the proposed activity to be conducted in a manner consistent with the enforceable policies of the applicable coastal management program. 15 CFR 930.121. To make the determination that the proposed activity is "necessary in the interest of national security," the NOAA Administrator must find that a national defense or other national security interest would be significantly impaired if the proposed activity is not permitted to go forward as proposed. 15 CFR 930.122.

On September 1, 2020, NOAA published a **Federal Register** Notice announcing closure of the appeal decision record. 85 FR 54355. Under the CZMA, a final decision on the appeal must be issued no later than 60 days after publication of the notice announcing closure of the decision record. 16 U.S.C. 1465(b)(3). This deadline may be extended, though, by publishing (within the 60-day period) a subsequent notice explaining why a decision cannot be issued within that time frame. 16 U.S.C. 1465(c)(1). In that event, a final decision must be issued no later than 15 days after the date of publication of the subsequent notice. 16 U.S.C. 1465(c)(2).

This announcement provides notice that the deadline for issuing a decision on this appeal has been extended by 15 days. The additional time is needed to complete a review of the record and reach a decision. A decision on the federal consistency appeal will be issued no later than November 16, 2020.

(Authority Citation: 16 U.S.C. 1465(c); 15 CFR 930.130(b).)

Adam Dilts,

Chief, Oceans and Coasts Section, NOAA Office of General Counsel.
