In accordance with section 51.26(b) of title 10 of the *Code of Federal Regulations*, the scoping process for an EIS may include a public scoping meeting to help identify significant issues related to a proposed activity and to determine the scope of issues to be addressed in an EIS.

The NRC is announcing that it will hold a public scoping meeting as an online webinar, for the North Anna subsequent license renewal supplement to the NRC's NUREG–1437, "Generic Environmental Impact Statement for License Renewal of Nuclear Plants" (GEIS). The webinar will offer a telephone line for members of the public to provide comments. A court reporter will record and transcribe all comments received during the webinar. To be considered, comments must be provided either at the transcribed public meeting or in writing, as discussed in the **ADDRESSES** section of this document. The date and time for the public scoping webinar are as follows:

| Meeting | Date | Time | Location |
|------------------------------|-----------|---------------------------------|--|
| Public Scoping Webinar | 11/4/2020 | 1:00 p.m. to 3:00 p.m. (EST) .. | Webinar Information: https://usnrc.webex.com . Event number: 199 753 7173. Telephone Bridge Line: 1–800–369–2157. Participant Passcode: 5257816#. |

The public scoping meeting will include: (1) An overview by the NRC staff of the environmental and safety review processes, the proposed scope of the supplement to the GEIS, and the proposed review schedule; and (2) the opportunity for interested government agencies, organizations, and individuals to submit comments or suggestions on environmental issues or the proposed scope of the North Anna subsequent license renewal supplement to the GEIS.

Persons interested in attending this online webinar should monitor the NRC's Public Meeting Schedule at <https://www.nrc.gov/pmns/mtg> for additional information, agendas for the meeting, and access information for the webinar. Participants should register in advance of the meeting by visiting the

website <https://usnrc.webex.com> and using the event number provided in this notice. A confirmation email will be generated providing additional details and a link to the webinar. Please contact Tam Tran no later than November 2, 2020, if accommodations or special equipment is needed to attend or to provide comments, so that the NRC staff can determine whether the request can be accommodated.

Participation in the scoping process for the North Anna subsequent license renewal supplement to the GEIS does not entitle participants to become parties to the proceeding to which the supplement to the GEIS relates.
