SUPPLEMENTARY INFORMATION: On

December 16, 2016, in Order No. 3956, DOE/FE authorized Southern LNG to export domestically produced LNG in a volume equivalent to 130 billion cubic feet per year of natural gas, pursuant to NGA section 3(a), 15 U.S.C. 717b(a).¹ Southern LNG is authorized to export this LNG by vessel from the Elba Island LNG Terminal, located in Chatham County, Georgia, to any country with which the United States has not entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (non-FTA countries) for a 20-year term. In the Application,² Southern LNG asks DOE to extend its current export term to a term ending on December 31, 2050, as provided in the Policy Statement.³

¹ *Southern LNG Co., L.L.C.*, DOE/FE Order No. 3956, FE Docket No. 12-100-LNG, Opinion and Order Granting Long-Term, Multi-Contract Authorization to Export Liquefied Natural Gas by Vessel from the Elba Island Terminal in Chatham County, Georgia to Non-Free Trade Agreement Nations (Dec. 16, 2016).

² Southern LNG Co., L.L.C., Application to Amend Export Term for Existing Long-Term Authorizations Through December 31, 2050, FE Docket Nos. 12-54-LNG and 12-100-LNG (Nov. 4, 2020). Southern LNG's request regarding its FTA authorization is not subject to this Notice. See 15 U.S.C. 717b(c).

Additional details can be found in the Application, posted on the DOE/FE website at: <https://www.energy.gov/sites/prod/files/2020/11/f80/Southern%20LNG%20Company%2C%20L.L.C.%202050.pdf>.

DOE/FE Evaluation

In the Policy Statement, DOE adopted a term through December 31, 2050 (inclusive of any make-up period), as the standard export term for long-term non-FTA authorizations.⁴ As the basis for its decision, DOE considered its obligations under NGA section 3(a), the public comments supporting and opposing the proposed Policy Statement, and a wide range of information bearing on the public interest.⁵ DOE explained that, upon receipt of an application under the Policy Statement, it would conduct a public interest analysis of the application under NGA section 3(a). DOE further stated that “the public interest analysis will be limited to the application for the term extension—meaning an intervenor or protestor may challenge the requested extension but not the existing non-FTA order.”⁶

Accordingly, in reviewing Southern LNG's Application, DOE/FE will consider any issues required by law or policy under NGA section 3(a), as informed by the Policy Statement. To the extent appropriate, DOE will consider the study entitled, *Macroeconomic Outcomes of Market Determined Levels of U.S. LNG Exports* (2018 LNG Export Study),⁷ DOE's response to public comments received on that Study,⁸ and the following environmental documents:

Parties that may oppose the Application should address these issues and documents in their comments and/or protests, as well as other issues deemed relevant to the Application.

The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 *et seq.*, requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its environmental responsibilities.

Public Comment Procedures

In response to this Notice, any person may file a protest, comments, or a motion to intervene or notice of intervention, as applicable, addressing the Application. Interested parties will be provided 15 days from the date of publication of this Notice in which to submit comments, protests, motions to intervene, or notices of intervention. The public previously was given an opportunity to intervene in, protest, and comment on Southern LNG's long-term non-FTA application. Therefore, DOE will not consider comments or protests that do not bear directly on the requested term extension.

Any person wishing to become a party to the proceeding must file a motion to intervene or notice of intervention. The filing of comments or a protest with respect to the Application will not serve to make the commenter or protestant a party to the proceeding, although protests and comments received from persons who are not parties will be considered in determining the appropriate action to be taken on the Application. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by the regulations in 10 CFR part 590.
