

effect on federally recognized Tribes or Alaska Native corporations.

Paperwork Reduction Act

This rule does not contain information collection requirements, and a submission to the Office of Management and Budget under the Paperwork Reduction Act is not required. The NPS may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

National Environmental Policy Act

This rule does not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969 (NEPA) is not required because the rule is covered by a categorical exclusion. The NPS has determined the rule is categorically excluded under 43 CFR 46.210(i) which applies to “policies, directives, regulations, and guidelines; That are of an administrative, financial, legal, technical, or procedural nature; or whose environmental effects are too broad, speculative, or conjectural to lend themselves to meaningful analysis and will later be subject to the NEPA process, either collectively or case-by-case.” This rule is legal in nature. The *Sturgeon* decision has governed how the NPS administers lands and waters in Alaska since it was issued in March 2019. This rule will have no legal effect beyond what was announced by the Court. It will revise NPS regulations to be consistent with the decision and make no additional changes. The NPS has determined that the rule does not involve any of the extraordinary circumstances listed in 43 CFR 46.215 that would require further analysis under NEPA.

Effects on the Energy Supply (Executive Order 13211)

This rule is not a significant energy action under the definition in Executive Order 13211. A Statement of Energy Effects in not required.

List of Subjects

36 CFR Part 1

National parks, Penalties, Reporting and recordkeeping requirements, Signs and symbols.

36 CFR Part 13

Alaska, National Parks, Reporting and recordkeeping requirements.

For the reasons set forth in the preamble, the National Park Service amends 36 CFR parts 1 and 13 as set forth below:

PART 1—GENERAL PROVISIONS

■ 1. The authority citation for part 1 continues to read as follows:

Authority: 54 U.S.C. 100101, 100751, 320102.

■ 2. Amend § 1.2 by revising paragraph (a)(3) and adding paragraph (f) to read as follows:

§ 1.2 Applicability and scope.

(a) * * *

(3) Waters subject to the jurisdiction of the United States located within the boundaries of the National Park System, including navigable waters and areas within their ordinary reach (up to the mean high water line in places subject to the ebb and flow of the tide and up to the ordinary high water mark in other places) and, except in Alaska, without regard to the ownership of submerged lands, tidelands, or lowlands;

* * * * *

(f) In Alaska, unless otherwise provided, only the public lands (federally owned lands) within Park area boundaries are deemed a part of that Park area, and non-public lands (including state, Native, and other non-federally owned lands, including submerged lands and the waters flowing over them) shall not be regulated as part of the National Park System.

PART 13—NATIONAL PARK SYSTEM UNITS IN ALASKA

■ 3. The authority citation for part 13 is revised to read as follows:

Authority: 16 U.S.C. 3101 *et seq.*; 54 U.S.C. 100101, 100751, 320102; Sec. 13.1204 also issued under Pub. L. 104-333, Sec. 1035, 110 Stat. 4240, November 12, 1996.

■ 4. In § 13.1, add a definition of “Federally owned lands” in alphabetical order and revise the definition of “Park areas” to read as follows:

§ 13.1 Definitions.

* * * * *

Federally owned lands means lands, waters, and interests therein the title to which is in the United States, and does not include those land interests tentatively approved to the State of Alaska; or conveyed by an interim conveyance to a Native corporation.

* * * * *

Park areas means federally owned lands administered by the National Park Service in Alaska.

* * * * *

■ 5. Amend § 13.2 by revising paragraph (a) and removing paragraph (f) to read as follows:

§ 13.2 Applicability and Scope.

(a) The regulations contained in part 13 are prescribed for the proper use and management of park areas in Alaska and supersede any inconsistent provisions of the general regulations of this chapter, which apply only on federally owned lands within the boundaries of any park area in Alaska.

* * * * *

■ 6. Amend § 13.430 by revising paragraph (a)(1) as follows:

§ 13.430 Determination of resident zones.

(a) * * *

(1) The area within a national park or monument and any lands surrounded by a national park or monument that are not federally owned; and

* * * * *

George Wallace,

Assistant Secretary for Fish and Wildlife and Parks.

[FR Doc. 2020-24899 Filed 11-13-20; 8:45 am]

BILLING CODE 4312-52-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R07-OAR-2020-0439; FRL-10016-37-Region 7]

Air Plan Approval; Missouri; Removal of Control of Emission From Solvent Cleanup Operations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking final action to approve a revision to the State Implementation Plan (SIP) submitted by the State of Missouri on January 15, 2019, and supplemented by letter on July 11, 2019. In the proposal, EPA proposed removal of a rule related to the control of emissions from solvent cleanup operations in the St. Louis, Missouri area from its SIP. This removal does not have an adverse effect on air quality. The EPA’s approval of this rule revision is in accordance with the requirements of the Clean Air Act (CAA).

DATES: This final rule is effective on December 16, 2020.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA-R07-OAR-2020-0439. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly

available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available through <https://www.regulations.gov> or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional information.

FOR FURTHER INFORMATION CONTACT: David Peter, Environmental Protection Agency, Region 7 Office, Air Permitting and Standards Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219; telephone number: (913) 551-7397; email address: peter.david@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document “we,” “us,” and “our” refer to the EPA.

Table of Contents

- I. What is being addressed in this document?
- II. Have the requirements for approval of a SIP revision been met?
- III. What action is the EPA taking?
- IV. Incorporation by reference
- V. Statutory and executive order reviews

I. What is being addressed in this document?

The EPA is approving the removal of 10 Code of State Regulation (CSR) 10–5.455, *Control of Emission from Solvent Cleanup Operations*, from the Missouri SIP.

As explained in detail in EPA’s proposed rule, Missouri has demonstrated that removal of 10 CSR 10–5.455 will not interfere with attainment of the NAAQS, reasonable further progress¹ or any other applicable requirement of the CAA because the only three sources subject to the rule are no longer subject and the removal of the rule from the SIP will not cause VOC emissions to increase. (85 FR 56193, September 11, 2020). The EPA solicited but did not receive any comments on this proposed rule. Therefore, the EPA is finalizing its proposal to remove 10 CSR 10–5.455 from the SIP.

¹ RFP is not applicable to the St. Louis Area because for marginal ozone nonattainment areas, such as the St. Louis Area, the specific requirements of section 182(a) apply in lieu of the attainment planning requirements that would otherwise apply under section 172(c), including the attainment demonstration and reasonably available control measures (RACM) under section 172(c)(1), reasonable further progress (RFP) under section 172(c)(2), and contingency measures under section 172(c)(9).

II. Have the requirements for approval of a SIP revision been met?

The State submission has met the public notice requirements for SIP submissions in accordance with 40 CFR 51.102. The submission also satisfied the completeness criteria of 40 CFR part 51, appendix V. The State provided public notice on this SIP revision from May 15, 2018, to August 2, 2018, and received twelve comments from the EPA that related to Missouri’s lack of an adequate demonstration that the rule could be removed from the SIP in accordance with section 110(l) of the CAA, whether the rule applied to new sources and other implications related to rescinding the rule. Missouri’s July 11, 2019 letter and December 3, 2018 response to comments on the state rescission rulemaking addressed the EPA’s comments. In addition, the revision meets the substantive SIP requirements of the CAA, including section 110 and implementing regulations.

III. What action is the EPA Taking?

The EPA is taking final action to approve Missouri’s request to remove 10 CSR 10–5.455 from the SIP.

IV. Incorporation by Reference

In this document, the EPA is amending regulatory text that includes incorporation by reference. As described in the amendments to 40 CFR part 52 set forth below, the EPA is removing provisions of the EPA-Approved Missouri Regulation from the Missouri State Implementation Plan, which is incorporated by reference in accordance with the requirements of 1 CFR part 51.

V. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory

action because SIP approvals are exempted under Executive Order 12866.

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
 - Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
 - Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
 - Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
 - Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
 - Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
 - Is not subject to requirements of the National Technology Transfer and Advancement Act (NTTA) because this rulemaking does not involve technical standards; and
 - Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).
- The SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).
- The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**.

This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by March 24, 2020. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2)).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Reporting and recordkeeping requirements, Volatile organic compounds.

Dated: October 30, 2020.

James Gulliford,

Regional Administrator, Region 7.

For the reasons stated in the preamble, the EPA amends 40 CFR part 52 as set forth below:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

- 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart—AA Missouri

§ 52.1320 [Amended]

- 2. In § 52.1320, the table in paragraph (c) is amended by removing the entry “10–5.455” under the heading “Chapter 5—Air Quality Standards and Air Pollution Control Regulations for the St. Louis Metropolitan Area”.

RIN 2060–AU95

Findings of Failure To Submit State Implementation Plan Revisions in Response to the 2016 Oil and Natural Gas Industry Control Techniques Guidelines for the 2008 Ozone National Ambient Air Quality Standards (NAAQS) and for States in the Ozone Transport Region

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final action.

SUMMARY: The Environmental Protection Agency (EPA) is taking final action to find that five states failed to submit State Implementation Plan (SIP) revisions required by the Clean Air Act (CAA) in a timely manner to address reasonably available control technology (RACT) requirements associated with the 2016 Oil and Natural Gas Industry Control Techniques Guidelines (CTG) for reducing volatile organic compounds (VOC) in certain nonattainment areas for the 2008 ozone National Ambient Air Quality Standards (NAAQS) and in states in the ozone transport region (OTR). The states that failed to submit the required SIP revisions to address the CTG-related RACT requirements are California, Connecticut, New York, Pennsylvania, and Texas. This action triggers certain CAA deadlines for the EPA to impose sanctions if a state does not submit a complete SIP addressing the outstanding requirements and for the EPA to promulgate a Federal Implementation Plan (FIP) if the EPA does not approve the state’s SIP revision.

DATES: This action is effective on December 16, 2020.

FOR FURTHER INFORMATION CONTACT: General questions concerning this document should be addressed to C. W. Stackhouse, Office of Air Quality Planning and Standards, Air Quality Policy Division, Mail Code: C539–01, 109 T.W. Alexander Drive, Research Triangle Park, NC 27709; by telephone (919) 541–5208; or by email at stackhouse.butch@epa.gov.

B. Notice and Comment Under the Administrative Procedure Act (APA)

Section 553 of the APA, 5 U.S.C. 553(b)(3)(B), provides that, when an agency for good cause finds that notice and public procedures are impracticable, unnecessary or contrary to the public interest, the agency may issue a rule without providing notice and an opportunity for public comment. The EPA has determined that there is good cause for making this final agency action without prior proposal and opportunity for comment because no significant EPA judgment is involved in making findings of failure to submit SIPs, or elements of SIPs, required by the CAA, where states have made no submissions to meet the requirement. Thus, notice and public procedures are unnecessary to take this action. The EPA finds that this constitutes good cause under 5 U.S.C. 553(b)(3)(B).

C. How can I get copies of this document and other related information?

The EPA has established a docket for this action under Docket ID No. EPA–
