How do I submit comments?

Please submit your comments, including the attachments, following the instructions provided under the above heading entitled **ADDRESSES**. Be advised that it may take a few hours or even days for your comment to be reflected on the docket. In addition, your comments must be written in English. We encourage you to provide concise comments and you may attach additional documents as necessary. There is no limit on the length of the attachments.

Where do I go to read public comments, and find supporting information?

Go to the docket online at <http://www.regulations.gov>, keyword search MARAD-2020-0152 or visit the Docket Management Facility (see **ADDRESSES** for hours of operation). We recommend that you periodically check the Docket for new submissions and supporting material.

Will my comments be made available to the public?

Yes. Be aware that your entire comment, including your personal identifying information, will be made publicly available.

May I submit comments confidentially?

If you wish to submit comments under a claim of confidentiality, you should submit three copies of your complete submission, including the information you claim to be confidential business information, to the Department of Transportation, Maritime Administration, Office of Legislation and Regulations, MAR-225, W24-220, 1200 New Jersey Avenue SE, Washington, DC 20590. Include a cover letter setting forth with specificity the basis for any such claim and, if possible, a summary of your submission that can be made available to the public.

Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process.

DOT posts these comments, without edit, to www.regulations.gov, as described in the system of records notice, DOT/ALL-14 FDMS, accessible through www.dot.gov/privacy. To facilitate comment tracking and response, we encourage commenters to provide their name, or the name of their organization; however, submission of names is completely optional. Whether or not commenters identify themselves, all timely comments will be fully considered. If you wish to provide comments containing proprietary or confidential information, please contact the agency for alternate submission instructions.

BILLING CODE 4910-81-P

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA-2018-0025 (Notice No. 2020-09)]

Hazardous Materials: Information Collection Activities

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), Department of Transportation (DOT).

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, PHMSA invites comments on an Office of Management and Budget (OMB) control number pertaining to hazardous materials transportation. This notice follows the publication of a PHMSA final rule titled "Hazardous Materials: Liquefied Natural Gas by Rail" [HM-264, 85 FR 44994] authorizing the transportation of liquefied natural gas by rail. Following publication of this notice, PHMSA intends to request a renewal with change of currently approved OMB control number 2137-0612, "Hazardous Materials Security Plans."

DATES: Interested persons are invited to submit comments on or before December 16, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this

notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

We invite comments on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the Department's estimate of the burden of the proposed information collection; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Steven Andrews or Shelby Geller, Standards and Rulemaking Division, (202) 366-8553, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590-0001.

SUPPLEMENTARY INFORMATION: On July 24, 2020, PHMSA, in coordination with the Federal Railroad Administration (FRA), published a final rule titled "Hazardous Materials: Liquefied Natural Gas by Rail" [HM-264, 85 FR 44994], to allow for the bulk transport of "Methane, refrigerated liquid," commonly known as liquefied natural gas (LNG), in rail tank cars. In this final rule, PHMSA amended the Hazardous Materials Regulations (HMR; 49 Code of Federal Regulations (CFR) parts 171-180) to require any rail carrier transporting a tank car quantity of UN1972 (Methane, refrigerated liquid (cryogenic liquid) or Natural gas, refrigerated liquid (cryogenic liquid)) to comply with the additional safety and security planning requirements for transportation by rail. PHMSA currently accounts for the burden associated with safety and security planning requirements in Office of Management and Budget (OMB) Control Number 2137-0612, "Hazardous Materials Security Plans."

OMB regulations require PHMSA to provide interested members of the public and affected agencies an opportunity to comment on information collection and recordkeeping requests. 5 CFR 1320.8d. Under the Paperwork Reduction Act of 1995 (Pub. L. 96-511), no person is required to respond to an information collection unless it has been approved by OMB and displays a valid OMB control number. As the HM-264 final rule contains revisions that

were not proposed in the notice of proposed rulemaking (NPRM) [October 24, 2019; 84 FR 56964], PHMSA published a 60-day notice [85 FR 46220] and is subsequently publishing this 30-day notice to provide an opportunity for public comment on the estimated increase in burden. The estimated

increase in burden hours is reflected in “Section VI.G. Paperwork Reduction Act” of the preamble to the final rule, with a minor adjustment due to a rounding error.

As mentioned, on July 31, 2020, PHMSA published a 60-day notice to request comments on the revision to

OMB Control Number 2137–0612. PHMSA received four sets of comments to the 60-day notice. None of these comments were specifically related to the change in the information collection burden. Therefore, PHMSA is revising OMB Control Number 2137–0612 as follows:

	Increase in total number of railroads	Increase in total number of routes	Burden hours per route	Increase in total burden hours	Salary cost per hour	Increase in total salary cost
Class I Railroads	0	2	80	160	\$60.83	\$9,733

Issued in Washington, DC on November 9, 2020, under authority delegated in 49 CFR 1.97.

William A. Quade,

Deputy Associate Administrator of Hazardous Materials Safety, Pipeline and Hazardous Materials Safety Administration.

SUPPLEMENTARY INFORMATION:

I. Statutory and Regulatory Provisions

The legislative framework generally referred to as the Bank Secrecy Act (BSA) consists of the Currency and Financial Transactions Reporting Act of 1970, as amended by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA PATRIOT Act) (Pub. L. 107–56) and other legislation. The BSA is codified at 12 U.S.C. 1829b, 12 U.S.C. 1951–1959, 31 U.S.C. 5311–5314 and 5316–5332, and notes thereto, with implementing regulations at 31 CFR Chapter X.

The BSA authorizes the Secretary of the Treasury, *inter alia*, to require financial institutions to keep records and file reports that are determined to have a high degree of usefulness in criminal, tax, and regulatory matters, or in the conduct of intelligence or counter-intelligence activities to protect against international terrorism, and to implement anti-money laundering
