**SUPPLEMENTARY INFORMATION:** The EVOS PAC was created pursuant to Paragraph V.A.4 of the Memorandum of Agreement and Consent Decree entered into by the United States of America and the State of Alaska on August 27, 1991, and approved by the United States District Court for the District of Alaska

in settlement of *United States of America v. State of Alaska*, Civil Action No. A91-081 CV.

The EVOS PAC meeting agenda includes:

- Discussion of the EVOS Trustee Council's Draft Resolutions 20-A, 20-B, 20-C, and 20-D
- Public Comments

The public comment period for the Draft Resolutions 20-A through 20-D is open from October 16, 2020, until December 16, 2020. If you would like to provide comments on the Draft Resolutions, please go to: <https://evostc.state.ak.us/publications/trustee-council-2020-draft-resolutions-for-public-comment/>.

All comments received by the EVOS Trustee Council will be provided to the EVOS PAC members and discussed at the meeting.

Interested persons may choose to make oral comments at the meeting during the designated time. Depending on the number of people wishing to comment and the time available, the amount of time for oral comments may be limited. Interested parties should contact the Designated Federal Officer (see **FOR FURTHER INFORMATION CONTACT**) for advance placement on the public speaker list for this meeting.

The final agenda and materials for the meeting will be posted on the EVOS Trustee Council website at [www.evostc.state.ak.us](http://www.evostc.state.ak.us). All EVOS PAC meetings are open to the public.

#### Public Disclosure of Comments

Before including your address, phone number, email address, or other personal identifying information in your comments, please be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

### Agency Information Collection Activities; DOI Programmatic Clearance for Customer Satisfaction Surveys

**AGENCY:** Office of the Secretary, Interior.

**ACTION:** Notice of information collection; request for comment.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, we, the Office of the Secretary are proposing to renew an information collection.

**DATES:** Interested persons are invited to submit comments on or before January 19, 2021.

**ADDRESSES:** Send your comments on this information collection request (ICR) by mail to Jeffrey Parrillo, 1849 C Street NW, Washington, DC 20240; or by email to [DOI-PRA@ios.doi.gov](mailto:DOI-PRA@ios.doi.gov). Please reference OMB Control Number 1040-0001 in the subject line of your comments.

**FOR FURTHER INFORMATION CONTACT:** To request additional information about this ICR, contact Jeffrey Parrillo, 1849 C Street NW, Washington, DC 20240; 202-208-7072; or by email to [DOI-PRA@ios.doi.gov](mailto:DOI-PRA@ios.doi.gov). Individuals who are hearing or speech impaired may call the Federal Relay Service at 1-800-877-8339 for TTY assistance.

**SUPPLEMENTARY INFORMATION:** In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Abstract:** The Government Performance and Results Act of 1993 (GPRA) (Pub. L. 103-62) requires agencies to “improve Federal program effectiveness and public accountability by promoting a new focus on results, service quality, and customer satisfaction.” To fulfill this responsibility, DOI bureaus and offices must collect data from their respective user groups to better understand the needs and desires of the public and to respond accordingly. Executive Order 12862 “Setting Customer Service Standards” also requires all executive departments to “survey customers to determine . . . their level of satisfaction with existing services.” We use customer satisfaction surveys to help us fulfill our responsibilities to provide excellence in government by proactively consulting with those we serve. This programmatic clearance provides an expedited approval process for DOI bureaus and offices to conduct customer research through external surveys such as questionnaires and comment cards.

The proposed renewal covers all of the organizational units and bureaus in

DOI. Information obtained from customers by bureaus and offices will be provided voluntarily. No one survey will cover all the topic areas; rather, these topic areas serve as a guide within which the bureaus and offices will develop questions. Questions may be asked in languages other than English (*e.g.*, Spanish) where appropriate. Topic areas include:

(1) Delivery, quality and value of products, information, and services. Respondents may be asked for feedback regarding the following attributes of the information, service, and products provided:

- (a) Timeliness.
- (b) Consistency.
- (c) Accuracy.
- (d) Ease of Use and Usefulness.
- (e) Ease of Information Access.
- (f) Helpfulness.
- (g) Quality.
- (h) Value for fee paid for information/product/service.

(2) Management practices. This area covers questions relating to how well customers are satisfied with DOI management practices and processes, what improvements they might make to specific processes, and whether or not they feel specific issues were addressed and reconciled in a timely, courteous, and responsive manner.

(3) Mission management. We will ask customers to provide satisfaction data related to DOI’s ability to protect, conserve, provide access to, provide scientific data about, and preserve natural, cultural, and recreational resources that we manage, and how well we are carrying out our trust responsibilities to American Indians.

(4) Rules, regulations, policies. This area focuses on obtaining feedback from customers regarding fairness, adequacy, and consistency in enforcing rules, regulations, and policies for which DOI is responsible. It will also help us understand public awareness of rules and regulations and whether or not they are explained in a clear and understandable manner.

(5) Interactions with DOI Personnel and Contractors. Questions will range from timeliness and quality of interactions to skill level of staff providing the assistance, as well as their courtesy and responsiveness during the interaction.

(6) General demographics. Some general demographics may be gathered to augment satisfaction questions so that we can better understand the customer and improve how we serve that customer. We may ask customers how many times they have used a service, visited a facility within a specific

timeframe, their ethnic group, or their race.

All requests to collect information under the auspices of this proposed renewal will be carefully evaluated to ensure consistency with the intent, requirements, and boundaries of this programmatic clearance. Interior’s Office of Policy Analysis will conduct an administrative and technical review of each specific request in order to ensure statistical validity and soundness. All information collections are required to be designed and deployed based upon acceptable survey research, statistical practices and sampling methodologies, and procedures that account for and minimize non-response bias, in order to obtain consistent, valid data and statistics that are representative of the target populations.

**Title of Collection:** DOI Programmatic Clearance for Customer Satisfaction Surveys.

**OMB Control Number:** 1040-0001.

**Form Number:** DI-4010.

**Type of Review:** Extension of a currently approved collection.

**Respondents/Affected Public:** DOI customers. We define customers as anyone who uses DOI resources, products, or services. This includes internal customers (anyone within DOI) as well as external customers (*e.g.*, the American public, representatives of the private sector, academia, other government agencies). Depending upon their role in specific situations and interactions, citizens and DOI stakeholders and partners may also be considered customers. We define stakeholders to mean groups or individuals who have an expressed interest in and who seek to influence the present and future state of DOI’s resources, products, and services. Partners are those groups, individuals, and agencies who are formally engaged in helping DOI accomplish its mission.

**Total Estimated Number of Annual Respondents:** 70,000. We estimate approximately 45,000 respondents will submit DOI customer satisfaction surveys and 25,000 will submit comment cards.

**Total Estimated Number of Annual Responses:** 70,000.

**Estimated Completion Time per Response:** 15 minutes for a customer satisfaction survey; 3 minutes for comment cards.

**Total Estimated Number of Annual Burden Hours:** 12,500 (11,250 for customer satisfaction surveys and 1,250 for comment cards).

**Respondent’s Obligation:** Voluntary.

**Frequency of Collection:** On occasion.

*Total Estimated Annual Nonhour Burden Cost:* None.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

#### Notice of Availability of the Final Colorado Sage Grouse Supplemental Environmental Impact Statement

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of availability.

**SUMMARY:** In accordance with the National Environmental Policy Act of 1969, as amended, the Bureau of Land Management (BLM) Colorado State Office has prepared a final Supplemental Environmental Impact Statement (EIS) for the management of Greater Sage-Grouse habitat, and by this notice is announcing its availability.

**DATES:** The BLM will not issue a final decision on the proposal for a minimum of 30 days after the date that the Environmental Protection Agency (EPA) publishes its Notice of Availability (NOA) in the **Federal Register**. The EPA usually publishes its NOAs on Fridays.

**ADDRESSES:** Copies of the final Supplemental EIS are available for public inspection at the Colorado Bureau of Land Management State Office, 2850 Youngfield Street, Lakewood, Colorado 80215. Interested persons may also review the final Supplemental EIS on the internet at: <https://go.usa.gov/xGMzS>.

**FOR FURTHER INFORMATION CONTACT:**

Leah Waldner, Colorado Sage-Grouse Coordinator, at 970-244-3045; Colorado Grand Junction Field Office, 2815 H Rd, Grand Junction, CO 81506; [lwaldner@blm.gov](mailto:lwaldner@blm.gov). Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact Leah Waldner during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a

message or question. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The BLM has prepared this final Supplemental EIS to review its previous NEPA analysis and clarify and augment it where necessary. This final Supplemental EIS addressed four specific issues: The range of alternatives, the need to take a hard look at environmental impacts, cumulative effects analysis, and the BLM's approach to compensatory mitigation. The final Supplemental EIS will help the BLM determine whether its 2015 and 2019 land use planning and NEPA processes have sufficiently addressed Greater Sage-Grouse habitat conservation or whether the BLM should initiate a new land use planning process to consider additional alternatives or new information.

Comments on the draft Supplemental EIS (85 FR 10185) received from the public and internal BLM review were considered and incorporated as appropriate into the final Supplemental EIS. To address public comments raised during this supplemental analysis, the BLM convened a team of biologists and land use planners to evaluate scientific literature provided to the agency. Upon review, the BLM found that the most up-to-date Greater Sage-Grouse science and other information has incrementally increased, and built upon, the knowledgebase of Greater Sage-Grouse management evaluated by the BLM most recently in its 2019 land use plan amendments, but does not change the scope or direction of the BLM's management; however, new science does suggest adaptations to management may be warranted at site-specific scales.

After reviewing public comments and completing the new science evaluation, the BLM determined that the most recent scientific information relating to Greater Sage-Grouse is consistent with the BLM's environmental analysis in supporting its 2019 Greater Sage-Grouse land use plan amendments.
